Many are looking forward with pleasure to the big entertainment on Easter Monday night in aid of that fine institution, the Charlottetown Hospital, which so well merits hearty support. The program, which has no doubt been read by every lover of good music, is replete with songs, music dancing, etc. In fact every musical art of any worth will be ably displayed by many well known performers whose appearances always merit applause and hearty approval. Miss Gillis' pupils will give several delightfully graceful dances while readings by such talented performers as Major Weeks and Calvin McCallum will be nicely balanced with solos by J. Austin Trainor, Miss Ryan, Mrs S. C. Moore, Miss Blanchard, Mrs Jas Byrne, Miss McArthur, J. W. Berrie and Mr Baldwin. The St. Dunstan's College students will add their quota of entertainment in well chosen glee, etc. while B. Carmin will be seen in specialty work and Misses Blanchard and McArthur in duets. Miss Gill and Miss Smith will open the program with a piano-forte duet, and altogether the program is one to draw a crowded house. A perfect mass of bloom and beautiful foliage greets the eye on entering. Lilies of the valley and lovely hyacinths is a most charming bit of scenery. The Easter lilies are especially lovely, the blooms this season being exceptionally large. Handsome ferns, in different varieties are there gracefully interwoven by trailing eschallia. Then the cut flowers, what pen can tell of their beauty? The fine carnations, with their dainty perfume, the handsome daffodil, and the modest violet, the lily of the valley, all are displayed awaiting the happy Easter gift giver who will find at Mr Tait's flowers to soothe the sick or captivate the well ones. At this season everyone wants a lotted plant of some cut flowers for Easter Sunday to decorate and make the home more attractive. Orders taken now will be delivered in time for Easter. Such a scene of beauty and fragrance should induce all lovers of foliage and flowers to visit the greenhouses where they will find a charming display.

Twenty Million Mark is Passed For the first time in the history of life insurance in Canada the twenty million dollar mark of policies issued in one year has been passed. That the Sun Life has done this with largely increased profits and a reduced ratio of expense, makes pleasant reading for its army of policy holders.

In spirit and in letter you may accept this display as an exposition of the season's most charming styles in outer garments for women and Misses. It is a comprehensive collection of the spring and summer models that are distinctive in character and display all the grace of master creation.  
The mode of construction and the cut of the dress of the present season from those of the past season, at first is not very marked. It is still the one-piece princess affect, however, the mass of minor details which on closer inspection render the dresses this season totally different from those having the same name last year.

The Tailored Suits show quite a change the coats are cut much shorter being 28 to 32 inches long, having the long shawl collar, some being handsomely trimmed with Persian trimming. The skirts are more or less all tucked. Separate waists holds a place of honor in this opening display. We show many new ideas in silks, nets and embroideries, lawn waists Every model displayed is representative of the best
