...**IT PAYS** to buy in this province...  
 ...**THE MORNING DAILY** Guardian can be obtained at W. A. Johnston's, Montague.

...**GAME POSTPONED**—The game of hockey which was to have been played in Georgetown rink on Thursday last between two teams from Georgetown, and the Souris and St. Peter's teams was postponed on account of the captain of the Souris team becoming ill. It is hoped to see the match played, however, at no distant time.—G.

...**CORRAVILLE SCHOOL**—The following is the standing of the pupils of Corraville School, Corraville, P. E. I. Annie Campbell, Teacher. ...**WORK PROGRESSING**—The work on the new steel bridge at Fortune has progressed rapidly this last few fine days.—F.

...**FOX STOCK**—Still a few shares of stock for sale in some of the best fox companies. Sure dividend payers, P. E. Island Fox Exchange and Realty Co., Ltd., Summerside. 1479-3-MtF.

...**REMAINS ARRIVE**—A sad event took place in Georgetown on Friday evening when the remains of Milton O'Connor were brought to the town on the S. S. Earl Grey. Mr. O'Connor, left the Island last fall apparently in the prime of youth and health, and his untimely demise caused great sorrow among his many friends. The remains were met at the boat by the relatives of the deceased and a number of G. M. B. A. members (as the deceased was a member of that society) and conveyed to the Catholic cemetery where the ceremonies of the interment were performed by the Rev. D. P. Crokin.—G.

...**PREPARING FOR FISHING**—Mr. W. H. McKenzie, Bay Fortune, has purchased a new Marine engine and is having it installed in a very fine boat. Mr. McKenzie intends going into fishing extensively this season.—F.

...**HORSE TROT**—The big horse trot that was to have taken place at Vernon River Bridge on Saturday last has been postponed till next Saturday 14th at 10 o'clock. J.A. McDonald, Vernon River Bridge. 1564-3-9M21.

...**BUSY GEORGETOWN**—With the approach of the Lenten season social activities in Georgetown redoubled. The dancing class closed for the season with a ball on Friday night. What was universally pronounced to be one of the most enjoyable dances ever held there seemed a fitting close for the season's entertainments. Lunch was served at twelve o'clock, and though its excellence could be disputed by none, but scant attention was given it as the opportunities for dancing furnished by excellent music and agreeable partners proved an attraction which even the most pronounced epicure found it impossible to resist. The dance broke up about three o'clock more out of respect to the claims of convention than from any desire on the part of the gathering. The devotees of dancing held a final reunion at one of Georgetown's private residences on Monday night, where the enjoyment of Friday was repeated. The dancing class has played an important part in the social life of the young people of Georgetown this winter, and everyone regrets that this source of enjoyment must cease.—G.

...**I. O. G. T.**—The Georgetown division of the I. O. G. T. held a concert and social in the Town Hall on Tuesday night. The program of the concert was well planned and executed and provided a pleasant hour's entertainment for the audience which filled the hall. The numbers on the programme were as follows: Selection—by the Georgetown Band. Chorus—"I see them on their winding way. Solo—Laura Yoston. Harmonica Selections—George Walker and Millan McConnell. Duet—Kathleen and Rita Manuel. Dialogue—"An Uncomfortable Predicament"—Edward Keeping, Alva Erchaut, Miriam Johnson, Ruth Campbell and Harry Barnes. Selection by the Band. Song—"I want to be in Dixie"—Peter Morrison, Harry Barnes, Geo. Walker and Charles Manuel. Chorus—"Bonnie Dundee." Bagpipe Selection—Duncan McDonald. Solo—Edith Rafuse. Step Dance—"The Irish Washerwoman." Song—"For Killarney and You"—Jas. Johnson, Clifford Conrad, Nathan Johnson and E. Keeping. Pat Tomline—"Women's Rights"—Margaret Johnson, Anna Mear, Jas. Johnson, Bartlett Mear, Clifford Conrad. Recitation—Laura Yoston. Step-dance—E. Jenkins and M. McLean. Solo—

...**CHILD HAD BRONCHITIS**

Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Lined and Turpentine exerts over bronchitis, whooping cough, croup and colds it is not easy to persuade them that anything else is "just as good." This is why the imitators never get very far.

In 1902 Mrs. Eugene Her, King street, Truro, N.S., wrote as follows:

"From an infant one of my children was troubled with bronchitis and the least cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Lined and Turpentine as a treatment for bronchitis we used it, and are glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have since proven this medicine to be a cure for whooping cough, and would not be without it in the house. Mrs. Her now writes that she has never known it to fail to bring relief."

**MARTIAL LAW IN BRAZIL.**

LONDON, March 7.—D. A. McMillan from Rio Janeiro said that the proclamation of martial law in Brazil is political strategy on the part of Machado, boss of Brazilian politics. The government he says owes two million dollars to Rio Janeiro merchants. The martial law has been declared to insure the election of Machado's candidate.

## Mr. Farmer, Let You and I Reason This Fertilizer Question Out Together---TODAY

You've been listening to a lot of talk on this fertilizer question, Mr. Man--and most of it has been all talk.

You have heard a few parties put up arguments, pro and con--but mostly "con." Now it's up to us to prove to you beyond all quibble or question that UNMIXED fertilizers are surpassingly good. If we can't prove this we don't want your business.

### We Want to Help You on Present Problems and Future Difficulties---in Crop Raising

But we'll go further than this. We will prove to you that your farm isn't paying proper returns; your work is not producing right results; and your opportunities are being neglected, as long as you leave your land unfertilized--with Unmixed fertilizers. We promise these things for you if you treat your land properly--that means using Unmixed fertilizers.

First--you will get a bigger and better crop this year.

Second--your land will be in better shape for next cultivation than it would be otherwise.

Third--your produce will command highest market price.

Different soils will require different treatments for crop cultivations the same as different persons require different food for nourishment. You, yourself when tired, like nothing better than a good Porter House steak but food such as this won't satisfy the dyspeptic whatever and the cracker and milk diet of the dyspeptic wouldn't really satisfy you.

So it is with your land. Your potatoe field needs one kind of plant food, your turnip field requires something slightly different. The hay and grain crops require something else--no two sections of your farm are exactly alike--all require different care, different fertilizers.

## It All Figures Out This Way

By using our Unmixed Fertilizers you treat every section of the land intelligently, expertly and with the certain assurance that every square inch of soil under cultivation will produce for you all the produce it possibly can. Your land will be stronger for future cultivations and will remain so as long as you treat it right but it isn't the case with the mixed fertilizers which act more as a stimulant than a healthy plant food.

We have quite a number of clearly printed, well illustrated booklets that show you in facts and figures just where, when and why Unmixed Fertilizers are the best plant foods you can buy. A complete section will be sent free to you provided you send us your name on a post card.
