JAMES McKENNA

There passed peacefully away at home Head of Hillsboro, on ember 8th. 1925, James Mc- nna, a highly respected resident this place in his 76th year. The ased had been in failing health several months but hopes were tained for his recovery until ree weeks previous to his death he was taken seriously ill and that medical aid and kind nurs- could do was of no avail and passed peacefully away on the ve mentioned date. During his ess he was fortified by fre- t visits from his Pastor, Rev. n Rooney who administered him the last rites of the Holy holic Church. The deceased has en a life long resident of the mmunity and possessed of a kind and cheerful disposition, he held a high place in the affection and esteem of a wide circle of relatives and friends which was evidenced by the large concourse which followed his remains to their last resting place in the family plot at Morell. The service at the Church and grave were conducted by his Pastor Rev. Joseph Rooney. The pall bearers were: James Elworth, Joseph Egan, Urban Bambrick, George Rattray, Fred Jardine and Albert Jardine.

He leaves to mourn a sorrowing widow, two sons and six daughters namely: Frank, Michael, Margaret, Mrs. Hynes, Lottie, Mrs. Connolly Ellen and Alice all of the United States; Gertrude, Mrs. Dunn, Head of Hillsboro; Mary, Mrs. Thompson, Marsh Road.

May his soul rest in peace.

QUICK FIRE CALL—The chemical engine and crew responded to a still alarm at 3 o'clock yesterday afternoon from the Marine Wharf where they extinguished a slight blaze on the motor boat "Moto" owned by Mr. G. Ballingall. The damage was slight. Cause of the fire unknown.

"NOOZIE" AT ST. PETERS—One of the attractions at St. Peters Tea and sale this afternoon are a number of water colour sketches of "Noozie the Sunshine Kid" taken from the Guardian, the work of a well-known local lady. These are life-like and should be greatly appreciated by those who have an eye for art and humour.

CONGREGATIONAL MEETING —On Friday night at 8 o'clock a congregational meeting will be held in Zion Church Hall for the purpose of saying farewell to the Reverend George C. Taylor, who has accepted a call to Montreal. The meeting will partake of a social character, and both the congregation and their friends are cordially invited to be present. The proceedings will be of special interest, and no doubt there will be a large gathering to show their respect and appreciation of Mr. Taylor both as a Pastor and as a member of the community. Mr. Taylor leaves the beginning of the week, and will enter upon his new duties in Canada's big city immediately after his arrival.

DESPICABLE ACT—A Ford coupe owned by Dr. G. L. Smith was stolen early Sunday morning by three individuals from front of Palmer and Watson store on Kent St. and, the Dr. next hearing of the car on Monday when he was informed by telephone that his coupe was ditched upside down on the side of the road near Dunstaffnage. The car is practically a total wreck, the windows, windshield and top being badly smashed. This practice of purloining cars is one of the basest of criminal acts and no doubt if the culprits are apprehended they will be given the full extent of the law. The Dr. said he had a clue as to the identity of the "trio" and an arrest is expected shortly.

MacDONALD-CAMPBELL NUPTIALS—A very pretty wedding was solemnized at St. Joseph's Convent, Charlottetown, on Nov. 19, when Miss Clara Campbell of Dundas Centre, became the bride of D. Frank MacDonald of Souris. The marriage was performed by Rev. Mgr. J. C. McLean of Souris, pastor of the groom. The bride was attended by her sister, Miss Maud Campbell, while Daniel Campbell, cousin of the bride, ably supported the groom. After the marriage ceremony the bridal party motored to Queen Hotel where breakfast was served. They spent the forenoon pleasantly motoring, etc., returning to the Queen for dinner. The bride is a daughter of John R. Campbell, of Dundas Centre, and is a highly respected young lady. She will no doubt be greatly missed by her wide circle of friends. The groom is one of Souris' most enterprising young men and an able supporter of St. Mary's Church, Souris. We consider him very fortunate indeed, in winning over such a congenial life partner. They left on a honeymoon trip through the principal cities of Eastern Canada. On their return they will reside in Souris. We all join in wishing Mr. and Mrs. MacDonald many happy years of wedded life.

GREATLY ENJOYED TRIP.—Mrs. James L. Mullen, who started from her residence, 58 Cumberland Street, Charlottetown, P. E. Island, October 3rd accompanied by her daughter, Mrs. Harry Jenkins of New York, on the long TransContinental trip to North Western Canada and California, arrived in Vancouver, B. C., on Oct. 20th, where she was met by her brother Mr. M. M. Hynes, California. Mrs. Mullen visited her nieces at Saskatoon, Sask., daughter of Mr. Frank McInnis, Cherry Valley, en route. Mrs. Mullen is at present the guest of the M. M. Hynes Apartments, 1938 Page St., San Francisco and for the past 10 days has been sojourning through Southern California and Mexico, accompanied by Mr. and Mrs. W. P. McGrath of San Rafael, Cal., and Mr. Hynes. The party returned to San Francisco yesterday. Mrs. Mullin's many friends will be pleased to know that she is enjoying every moment of her wonderful trip through the gorgeous and unexcelled scenery of the Northwest, the Canadian Rockies, the many beautiful beaches and resorts along the Ocean Coasts of British Columbia, Washington, Oregon and California. Mrs. Mullen has the benefit of her nephew Mr. McGrath and her brother, Mr. Hynes long residence on the Pacific Coast, as they are familiar with the many points of interest to be seen. Her friends wish Mrs. Mullen a very pleasant and safe journey on her return trip after experiencing the novel panorama of passing through the four seasons all in the short space of three months. Fall in the East and Maritime Provinces, Winter in the Middle and Northwest, Spring in Washington and Oregon and Eternal Summer in Sunny California.

Finds Way to Stop Stomach Souring

Glendale, N. Y. Mrs. Catherine Leyndecker writes:—"For weeks and weeks, whatever I would eat formed gas and acid in my stomach and made me feel miserable. Why, the acid would actually rise right into my mouth. At a friend's advice I took Carter's Little Liver Pills and not only has the sour stomach stopped but I am no longer constipated, my appetite has improved 100 per cent and I feel years younger."

Carter's Little Liver Pills relieve the constipated condition by cleansing the intestines of their waste matter. They are sugar coated, small, easy to take and not habit forming. All druggists.

PASTRIES, PASTIES, PYES

"Some Notes and Remarks on the making of Pastry which were given to me by the Baroness, and by others."

Pastry is best when made upon a marble slab or table.

Cleanliness is essential.

The flour should be of the finest quality.

The butter should be very fresh and slightly salted.

Lard can be used with the butter in quantity, according to taste.

PUFF PASTRY.

Weigh out equal quantity of butter and fine flour, just as much as you require. Mix a little of the butter into the flour with the fingers, then add as much water, using as little as possible, as will make a stiff but light paste. Roll paste out on a floured baking board and slice the remainder of the butter all over it. Fold in three and roll out, fold in three again, and roll out, then touch it no more than can be avoided.

SHORTCRUST

Rub 12 ozs. butter lightly into 1 lb. of flour, and mix to a paste, using as little water as possible. Roll it thin on a floured board and use as required. Bake in a moderate oven.

There are many points to remember in making pastry. In the richest crust the quantity of butter should never exceed the quantity of flour. For ordinary pastry half the weight is sufficient. Some people prefer that the butter be mingled with a small quantity of fine lard —arguing that the latter adds to the lightness of the pastry. Pastry should be baked in a "quick" oven and should be slightly browned. Pies should have an air hole in the centre of the pastry. Eggs may be added to enrich the pastry, but liquids of other sorts must be avoided or used most sparingly.

AN EXCELLENT BEEF STEAK PIE

Take the under cut of a tender sirloin of beef, and cut into suitable pieces for a beef steak pie. Season with pepper and salt, dip in flour, put a layer of prepared steak in the bottom of a pie-dish with a layer of good fresh oysters with their liquor on top, and keep on with the layers till the dish is full. Then add some freshly-made gravy, and one or two slices of fresh butter, and cover dish with puff paste, lining the inside edge of the rim and the rim as well. Bake quickly until crust has risen, then slowly—in all for about 2½ hours for a decent-sized pie.

Chemical Resources Aid U. S. In War

WASHINGTON, Dec. 1.—Neglect of proper perparations for the employment of or the defense against an efficient war weapon, "borders on national suicide," Major General Amos Fries, Chief of the Chemical Warfare Service declared in his annual report to Secretary of War Davis made public today. The report declared that "a speedy and sure victory" in any way can be assurred to the United State only by adequate use of the unique superiority the country enjoys as to chemical resources.

"This position as to chemical resources of the United States," General Fries said, "will give it superiority over any other nation or group of nations which will mean success in any future war, but a state of chemical preparedness will never result if we slacken or neglect our military development and training in chemical warfare. It must be recognized that there is absolutely nothing inherent in chemical warfare to prevent its consideration as a logical and perfectly justifiable means of waging war."

General Fries noted with particular interest 'the recent chemical warfare developments in Russia, where that portion of the national defense has been launched on a large scale, backed by great public enthusiasm." He said that despite "many disadvantages," the morals of the American chemical warfare service was excellent, but added: "Nevertheless, without a drastic increase in appropriations, we will soon be the weakest among the half dozen most powerful nations in chemical warfare.

"Supply stocks for the service left over from the war had been reduced "practically to nothing." General Fries asserted, adding that annual appropriations were not sufficient to replace this loss or "to maintain the war reserve for foreign projects."

"On the question of defensive measures against gas attack, General Fries said that masks for use in continental United States "are non-existen'" and that the supply in overseas garrisons was deficient in numbers and in proper sizes.

"Effectiveness is the criterion by which weapons or methods of warfare stand or fall. The modern conception of chemical warfare is well known to all the great armies of the world. It has stood the test of a great war and its effectiveness is recognized."

To Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to make. Saves about $2

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for $2.50. It is pure, good and pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

SPORTING COMMENT

(BY "TEC")

AU REVOIR

The local football season of 1925 had a touch of the dramatic to its conclusion. With a heavy black pall fast settling over the gridiron two fast working and hardy combinations strove for signal honors and the right to be called Senior football champions of Charlottetown.

It was a tough battle with equally dogged determination conspicuous on both lineups; the Stars won the verdict, but not before being pressed to the pin of their collars by the sturdy westerners, the Anchors.

It is a rare thing to witness two aggregations fight for football supremacy in an overtime, but such was the case Saturday when the Eastern Stars triumphed over the Anchors by a score of 6 to 3. It was a great game and the small crowd present remained to the last for they knew one team or the other would be proclaimed champions.

Congratulations to the Stars; they won the crown by sheer dint of perseverance and playing ability.

The City League is gone, but with it goes fond regrets and pleasant memories that will no doubt be revived in the fall of 1926 when the teams mentioned above, together with the Rovers will again line up in the quest for another City football championship.

HOCKEY

Football is over; the three leagues have been fought to a conclusion and the better teams won—so-be-it. Now comes hockey with its pulsating and nerve racking pandemonium; considered by sport writers all over to be the fastest and most exciting game in the world; and well may they say it. Two evenly matched sextets composed of clever stick-handlers, fast skaters and wicked shooters working like demons on a glassy sheet of ice, trying with might and main, using all tricks of the trade to gain the verdict is enough to give any red-blooded individual enough thrills to last—until the next game. Hockey, Canada's National game is hard to be equalled and never surpassed, and one or two good fixtures only whets the appetite for further action—and such is hockey.

Quite a number of our hockeyists both senior and intermediate are making good use of Government Pond, these days. The writer witnessed a real hockey battle yesterday afternoon when a squad of the Abegweit regulars worked out the early season kinks, and judging by the way some of the boys are going, a grist of new material will adorn the rank and file this winter.

... .

"Chick" Williams former star on a number of U. S. hockey defences has again felt the lure and is taking advantage of the Pond while it lasts.

PROFESSIONAL HOCKEY

Upsets in hockey dope which will put to shame anything ever enacted in Wall Street is predicted by the "wise ones" conversant with National Hockey League doings this season; especially the newcomers New York and Pittsburg. The latter has already started the guessers guessing by virtue of their win over the Bruins, all seasoned veterans with but few exceptions. Little comment is necssary on the "Yellow Jackets," suffice to say, that the majority of "dyed-in-the-wools" are pulling for the "Pirates"—why not, all youngsters are going strong.—The following is who's who in the "Smoky City" stronghold:

Name	Weight	Height	Position	Played with last season
Odie Cleghorn	185	6 ft.	Coach and Spare	Montreal Canadiens
Lionel Conacher	200	6 ft. 1	Defence	Yellow Jackets
Roger Smith	180	5 ft. 11	Defence	Yellow Jackets
Roy Worters	140	5 ft. 4	Goal	Yellow Jackets
Herb Drury	165	5 ft. 8	Forward	Yellow Jackets
Harold Darragh	170	5 ft. 10	Forward	Yellow Jackets
Hib Mills	165	5 ft. 8	Forward	Yellow Jackets
Harold Cotton	155	5 ft. 9	Forward	Yellow Jackets
Duke McCurry	160	5 ft. 8	Forward	Yellow Jackets
Tex White	160	5 ft. 10	Forward	Yellow Jackets
Alf Skinner	180	5 ft. 8	Forward	Montreal
Jess Spring	185	6 ft	Defence	Hamilton
Louis Berlinquette	180	5 ft. 8	Forward	Montreal
Bill Montgomery	160	5 ft. 8	Spare goal	Yellow Jackets

RADIO HOCKEY FANS

Local radio fans are working overtime N. H. L. nights listening in on the big games, and we are glad to learn that dad and mother are also taking a keen interest in big league doings this fall. The writer heard a conversation the other night as follows: "Dad leaving the radio for a moment"—"Hey mother! "Red" has just scored.

Mother—"What do you mean, "Red" has just scored?"

"Dad—"Red" Stewart of course, who else, he's playing for the Bruins again this year. Mother said not a word, but last night Dad couldn't get a look-in—Oh boy! hockey is a great game.

Comparing the Western Rules a prominent sports writer has this to say.

The Western Rules are too advanced. Up to a certain point they please and are attractive, but those offside bouts in on opponents' goals do much to detract from realhockey. The kicking the puck everywhere but in the net speeds the game, and should be adopted in the east. There is a type of combination to the western game which is all right in its way, but it is a game in which position play means little, and it is easy to see where the sheer fast skater can gain a renown all his own that he could not acquire under the eastern code. We must admit that when speaking of the eastern rules as essential to the past, we spoke of the rules observed two years ago, and not the glorified shinny which obtains at present. That is a bit to far advanced for the east as yet.

ABEGWEIT BENEFIT

It is rumored that the Abegweit Club contemplate putting on a play at the Prince Edward in the near future, the proceeds to help finance the hockey team this winter. It is a well known fact that the Indoor Circus staged at the Arena recently was almost a failure from a financial point of view, the proceeds only about meeting the expenditure, therefore a bang-up play staged as a benefit would be a needed help and none the less appreciated—Let's see it materialize.

A politician in making a speech commented on the ease with which it was posibl to be misunderstood. On one occason, when a small boy, he said he had been whipped for telling the absolute truth. "Well, it cured you, all right!" came the emphatic comment from the back of the hall.

A small miss who had but recently mastered her catechism confessed her disapointment with it thus: "Now I obey the fifth commandment and honor my papa and mamma, yet my days are not a bit longer in the land, for I'm put to bed every night at seven o'clock just the same."—Duluth Churchman.

"My sister is awfully lucky," said one little boy to another.

"Why?"

"She went to a party last night where they played a game in which the men had to kiss a girl or pay a forfeit of a box of chocolates."

"Well, how was your sister lucky?"

"She came home with thirteen boxes of chocolates"—Good Hardware.

LACKHEADS

Blackheads simply dissolve and disappear by this one simple, safe and sure method. Get two ounces of peroxine powder from any drug store—sprinkle it on a hot, wet cloth, rub the face briskly—every blackhead will be gone.
