## EARLY SESSION SILVER MARKET OF PARLIAMENT IN OPERATION NOT EXPECTED

Prime Minister Back in Harness At Ottawa.

(C. P. By Guardian's Special Wire) OTTAWA, Oct. 21.—Developments in Dominion political and governmental circles are expected to move rapidly with the return to his desk tomorrow of Prime Minister R. B. Bennett after an absence of nearly two months. He reached the Capital this morning at such an early hour there were few on hand to greet him, in marked contrast to the enthusiastic receptions accorded him at Quebec, Three Rivers and Montreal in the course of his journey to Toronto where he spent Saturday.

Arriving at Quebec Friday noon from England the Prime Minister had to hurry off to Toronto to fulfill a long standing engagement to lay the corner stone of the new Women's College Hospital.

Apparently rested and recuperated by the ocean voyage Mr. Bennett will lose no time in getting down to the many problems both political and administrative that await his judgment.

A large attendance of ministers will be available for the first Cabinet Council which will probably be called for Tuesday although it is possible Mr. Bennett may choose to hold a session tomorrow.

Announcements to be looked for momentarily include the date and official agenda for the Dominion-Provincial Conference on constitutional amendments, date of Parliament's opening, appointment of a deputy governor for the Central bank, and the date for the bye-elections in three federal vacancies, if not the date for the general election.

Early Session Unlikely

It seems unlikely that Parliament will assemble before Christmas as was the intention earlier. No outward evidences are to be found of governmental preparations for a session such as is usually noticeable within a month or two of the opening.

The rumor persists that bye-elections will be called in Halifax, Long Lake and St. Denis before January but no official confirmation has been secured. If they were held before the session and should go against the government it would seem a hopeless task for the administration to conduct the business of Parliament on an orderly and normal basis, in view of the frame of mind of the Liberal opposition following successes in bye-elections up to date.

A long list of appointments has been allowed to accumulate and Mr. Bennett finds himself in a position to hand out numerous gifts of office of a substantial kind, including nearly a dozen senatorships which, if filled, will give the Conservative party a wide majority in the upper chamber for years to come.

### Family Feud Grows Serious

TRURO, N.S., Oct. 23.—(C.P.)—The Blackmore gang and the Paris gang, two families of colored children, have lately been following the practices of the ancient Celtic-fighting almost daily battles near here.

The warfare came to a sudden termination today when Mrs. P. Paris was manhandled by the Blackmore family and her clothes torn to shreds. Information was laid before Magistrate Harold Putnam in court without delay.

The mothers of the two families told of their children fighting almost every time they met and said some of the children had suffered severe injuries. One of the Blackmore family was described as so severely beaten he was almost insane.

The Blackmore gang had turned on Mrs. Paris because they were getting the worst of most of the fights, it was alleged. Information in court charged Mrs. George Blackmore with responsibility. She was released on bail.

Calgary's moving tree, believed the oldest elm in the city, has changed its address once again. The 35-year-old tree had occupied its last position for 25 years. Weighing nearly five tons and 30 feet high, it was moved upright on a truck with ropes supporting it on all sides.

An old medical tradition in Calgary is still "carrying on."—That needy person should be refused medical attention due to lack of money. Ten Calgary physicians declined to share in the lump-sum grant of \$800 by the city as part remuneration for services rendered relief recipients.

### Heavy Trading Marks Initial Opening of New Montreal Market.

(By John Marsters, Canadian Press Staff Writer)

(C. P. By Guardian's Special Wire) MONTREAL, Oct. 23.—Amid active transactions and steady prices unfettered silver futures trading returned to the Western Hemisphere today as the Canadian Commodity Exchange, Inc., commenced operations.

Heavy trading was experienced in the initial dealings which were conducted under movie lights and cameras and with a large number of spectators eager to witness the start of Canada's first silver market. Later transactions slackened off and prices tended to sag, but in the final hour traders again crowded the "pit" and in heavy dealings prices held a steady tone.

Formal opening of the exchange was made in a special ceremony by Hon. Athanasius David, Province of Quebec secretary, and chairman of the new exchange, spoke of the aims of the market while Jerome Lewine, president of the Commodity Exchange, New York, extended hearty congratulations and best wishes on behalf of "your sister exchange."

### Canucks Try Out New Combinations

(C. P. By Guardian's Special Wire) SAINT JOHN, N. B., Oct. 23.—After a week-end rest Montreal Canadiens had two practice sessions at their training camp here today. New combinations in forward lines were tried out.

That of George Mantha, left wing, Jack Riley, centre, and Joe Lamb, right wing, proved particularly effective. Another combination saw Raymond in Lamb's place with two college rookies, Crutchfield, centre, and McGill at wing. The third trio to be tried today was an all-French amateur kid line—Bourcier, of the senior group, Montreal, and two former Moncton juniors, Boudreau and Malenfant, who last year wore the uniforms of the junior Canadiens.

On Wednesday night the regulars and Yannigans will meet in another exhibition match. Yannigans, anxious to avenge a 5-4 defeat Friday night, will divide \$200 of their prize money with the regulars having been waged on the game.

Newly Lalonde, manager-coach of the National Hockey League's Flying Frenchmen, is gradually whipping the squad into shape. Soon the line-up will be determined, and promising players not yet ready for the big time will be sent to the Canadiens' farm, Quebec Beavers, for further seasoning.

Signing of players and kindred matters will be settled after Leo Dandurand, club owner, arrives from Montreal this week, probably Wednesday.

### MOSES MAY HAVE BEEN CREATOR OF FIRST ALPHABET

NEW YORK, Oct. 23.—Moses was brought forward from his biblical place of honor today by Sir Charles Clouston, a bet of this amount having been wagered on the game.

Newly Lalonde, manager-coach of the National Hockey League's Flying Frenchmen, is gradually whipping the squad into shape. Soon the line-up will be determined, and promising players not yet ready for the big time will be sent to the Canadiens' farm, Quebec Beavers, for further seasoning.

Signing of players and kindred matters will be settled after Leo Dandurand, club owner, arrives from Montreal this week, probably Wednesday.

History has credited the ancient Phoenicians with the invention of the alphabet. Sir Charles said, but recent archaeological evidence leads to the belief they borrowed their alphabetical writing from an earlier system probably in use among the Israelites.

"The illustrations to Moses in the Ras Shamra and the checking of various historical dates suggests the probability that the script from the peninsula of Sanaul into Canaan, and that the Phoenicians discarded their Cuneiform writing for the more efficient system in use at the Peninsula of Sanaul," he said.

"This conclusion presents the interesting alternative that either Moses himself originated the alphabet or got it from southern Arabia."

Among the recent archaeological evidence gathered by science which throws new light on the origin of the alphabet is the discovery last summer of a new script among the ruins of an Egyptian temple in the near east. The new writing was found inscribed on an Ewer at Tell Duweir, believed to be the Biblical city of Lachish, 26 miles south of Jerusalem.

# Now!.. new aid in PREVENTING Colds

Remarkable New Formula is Especially Designed for Nose and Upper Throat where most colds start

AFTER years of research on the problem of colds, Vick Chemists have developed a remarkable new preparation—Vicks Vapo-nol. This exclusive Vicks formula is especially designed to aid the functions which Nature has provided—in the nose—to prevent colds, or to throw them off in their early stages. Used at the very first feeling of nasal irritation—just a few drops up each nostril—Vapo-nol helps to avoid many colds altogether.

Easy to use, anytime or place—at home or at work. Keep a bottle always handy.

**Introduces Vicks Colds-Control Plan**

This new aid in preventing colds is the ideal companion to Vicks VapoRub (modern external treatment for colds). Together with certain simple rules of health, these two preparations form the new Vicks Plan for Better Control of Colds. Records of thousands of clinical tests—made over a period of two years, and under medical supervision—indicate that Vicks Plan greatly reduced the number, duration and dangers of colds. (Full details of the Plan in each package of Vicks VapoRub and Vicks Vapo-nol.)

**Relieves Head Colds at Every Stage**

If irritation has reached the stuffy, sneezy stage—Nature's usual warning that a cold is developing—prompt use of Vapo-nol helps to throw it off in the early stages.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Vapo-nol penetrates deep into the nasal passages—reduces swollen membranes—clears away clogging mucus—brings welcome relief.

Vapo-nol is real medication—not mere "oil drops"—yet is absolutely safe for children and adults. It has been clinically tested by physicians—approved by specialists.
