HON. MR. LARKIN'S IDEA

It was Mr. Larkin himself who conceived the appropriate and imaginative idea of having keys made from Canadian metals sent from Canada, with which Their Majesties the King and Queen would formally open Canada Building. The Star has the honor of being invited to co-operate in the enterprise and is doing so as announced to-day.

The keys have been made by Ryrie-Birks, Limited, of Toronto, and will be on public exhibition before they are sent overseas to Mr. Larkin for presentation to the King and Queen.

It is a signal honor for Ontario and a recognition of her importance as a producer of minerals that the gold, silver and nickle being used in these keys come from Ontario mines. The contest, however is open to boys and girls in all provinces of Canada.

There are four sets of keys with three keys in each set one gold, one silver and one nickle.

The gold keys are presented by the Hollinger Consolidated Gold Mines, Limitedfi McIntyre Porcupine Mines, Limited, and Dome Mines, Limited.

The silver keys are presented by the Nipissing Mining Company, Limited, the Mining Corporation of Canada, Limited, and Keeley Silver Mines, Limited.

The nickle keys are presented by the Mond Nickle Company.
