 London Sale out of 80,000 skins, was  
 from a 1934 Pup Ped exclusively on  
 Sungle as cereal part of Ration,  
 from weaning to pelting, cooing to  
 owner, E. S. Coffin. Sat-Tues-tf.

**WEDDING BELLS**—The mar-  
 riage took place on Wednesday,  
 evening at the bride's home at  
 Mansfield of Miss Ella Edwards  
 R. N. daughter of Mr. and Mrs.  
 Chester Edwards of Hampshire to  
 Mr. Wendal Wood of Central  
 Royalty, Rev. Henry Pierce, officiating.

**BAPTIST CHURCH SERVICES**—  
 The Rev. J. B. Wilson of Summers-  
 side will preach at the morning ser-  
 vice to-morrow. Mrs. Mrs. H. P.  
 Brennan will sing "Lord Remember  
 Me." Dr. Vincent speaks at the even-  
 ing service, the subject of his ser-  
 mon being "A Second Chance." Mrs.  
 Vincent will be the soloist at the ev-  
 ening service. Sunday School follows  
 the morning service.

**NEW LONDON PRESBYTERIAN** ser-  
 vices on Sunday, July 14th will be as  
 follows: 11:00 A. M. Long River, 2:00  
 P. M. Clifton, 3:45 P. M. War Mem-  
 orial Service at Geddie Memorial  
 Church, 7:00 P. M. Granville, 8:30  
 P. M. North Rustico. There will also  
 be a service at Geddie Memorial at  
 7:30 A. M. conducted by Mr. A. S.  
 MacKay of Summerside. L-8556-5-13-11.

**RETURNED TO ISLAND**—Mr.  
 Arch Reynolds of Gasperau, P.E.I.,  
 who enjoyed a few days visit in  
 town at the home of his daughter,  
 Mrs. M. McDonald, left Monday  
 for his home. Coming to town,  
 Mr. Reynolds journeyed by motor  
 by way of Borden and took the  
 Pictou Route going home. Altho'  
 83 years of age, the genial gen-  
 eral does not look a day over 70.  
 He is hale and active as a man  
 many years younger. He is enjoy-  
 ing excellent health and life gener-  
 ally and his visit was a most enjoy-  
 able one.—New Glasgow News.

**DIVINE SERVICE PARADE**—The  
 militia will hold a non-denomina-  
 tional divine service parade in Vic-  
 toria Park near Fort Edward at 10  
 o'clock on Sunday, July 14th. His  
 Honor, Lieutenant Governor De-  
 Biols will take the salute from the  
 march past at the Public Library at  
 10:45 a. m. The route of march will  
 be the Park Roadway, and Kent,  
 Queen, Grafton, Prince, Euston  
 Streets and Brighton Road.

**DISTINGUISHED PRELATE AND**  
**AUTHOR**—Among the visitors to the  
 City at present is the distinguished  
 prelate and author, Bishop Kelley  
 of Oklahoma, who is a guest at the  
 Bishop's Palace. His Excellency in-  
 tends spending part of his brief stay  
 in his native city refreshing his  
 memory for a book which he is now  
 writing to be entitled "The Bishop  
 Jots It Down," consisting largely of  
 reminiscences. He has also in the  
 press to be published in September  
 a book entitled "Problem Island,"  
 which has nothing to do with the  
 problem of the island, but is the  
 previous work of Bishop Kelley  
 "Blood Drenched Altars," dealing  
 with Mexico, has proved a "Best  
 Seller," having run through two edi-  
 tions, and a third is now in the  
 press. This book has had a very  
 considerable influence in modifying  
 the attitude of the Mexican Gov-  
 ernment towards religion in general  
 and the Catholic Church in particu-  
 lar. The many friends and relatives  
 of His Excellency are delighted to  
 have him in their midst, it being  
 five years since his previous visit.

**PERSONALS**

Miss Katherine O'Donnell, Avon-  
 dale, is spending her holidays with  
 friends in Summerside and Grand  
 River.

Miss Teresa Massey of Roxbury,  
 Mass., arrived in the city Monday  
 evening for a two month's vacation  
 at Elmira.

Mrs. Ella Power, Roxbury, Mass.,  
 is spending a two month's vacation  
 in the city visiting relatives and  
 friends.

Mr. J. Frank Davies and daughter,  
 Marjory, of Toronto are spending  
 the summer at Belmont Lake Lodge.

Miss Dorothy LeClair left this  
 morning for Wallace, N. S. to visit  
 friends.

Miss Peggy Miller is spending a  
 two weeks holiday with her uncle,  
 Rev. Hugh Miller and Mrs. Miller,  
 Charlottetown, P.E.I.—New Glasgow  
 News.

Mrs. Walter Binns, Mrs. Geo. T.  
 Binns accompanied by Miss Irene  
 Dougan Frances McClary and  
 Joan left on a motor trip to Sum-  
 merside.

The many friends of Miss Sue  
 Jones, Hazelbrook, will be pleased  
 to know that she is resting com-  
 fortably at the P. E. I. Hospital af-  
 ter a successful operation for ap-  
 pendicitis.

Mrs. W. J. Flynn, accompanied by  
 her two daughters, Helen and Rita,  
 left Thursday morning for P. E. I.,  
 where they will spend several weeks  
 visiting relatives and friends—New  
 Glasgow Chronicle.

Mrs. Wm. Knight accompanied her  
 daughter, Mrs. R. L. Kutz, of  
 Montreal, on a motor trip to the  
 island. They are the guests of Mr.  
 and Mrs. E. F. Goff, "Woodville,"  
 Gardigon.

The Rev. C. A. Simpson, Ph.D.,  
 and Mrs. Simpson, who have been  
 visiting Mrs. DeBrisay at 5 Grafton  
 Street, have returned to their sum-  
 mer home in Weymouth North, N.S.  
 They were accompanied by Mrs.  
 James Simpson and Miss Simpson.  
 Dr. Simpson is assistant professor  
 of Old Testament at the General  
 Theological Seminary in New York  
 City.

**RIVERSIDE INN**

 freshment Saloon, Ballroom,  
 Lawn and Water Sports.  
 Rates \$2.00 and up.  
 J. H. MacLENNAN, Prop.

**Presbytery Of  
 Prince Edward  
 Island**

The Presbytery of Prince Edward  
 Island met in regular quarterly  
 session at 11 a. m. on Thursday,  
 July 11th in the Presbyterian  
 Church, Gardigon.

Quite a large number of mem-  
 bers and visitors were present and  
 a good amount of business was trans-  
 acted.

It was reported by our Clerk of  
 the General Assembly through let-  
 ter recently received that Rev.  
 J. W. S. Lowry had been re-  
 ceived as a minister of the Presby-  
 terian Church in Canada. And also  
 that the request from the Presby-  
 tery asking that Mr. V. E. Osborne  
 be given a second year extra-mural  
 course of studies instead of the  
 ultra-mural course as prescribed  
 last year was granted.

A very hearty and an almost  
 perfectly unanimous call from Wood  
 Islands and Murray Harbour South  
 addressed to Rev. R. Hensley  
 Stavers was sustained as a regular  
 gospel call. The call was signed by  
 120 members and 108 adherents  
 accompanied with a guarantee of an  
 minimum stipend with the use of  
 the manse and globe and four  
 weeks holidays.

The induction service will be held  
 in the Presbyterian Church, Wood  
 Islands at 7 p. m. on Thursday, July  
 25th. At this service Rev. D. Lloyd  
 Griffiths, Moderator of Presbytery  
 will preside and induct and also  
 narrate the steps leading up to the  
 call. Rev. W. E. Genge, D. D. will  
 preach the sermon. Rev. T. Avery  
 Hughes will give the charge to the  
 newly inducted minister and Rev.  
 Edwin White will address the  
 people of the congregation.

Rev. Allister Murray handed in  
 his resignation from the pastoral  
 charge of Caledonia on Wednesday  
 on September 30th 1935. A num-  
 ber of members spoke of the good  
 work done by Mr. Murray and of  
 their regret of losing him from the  
 Presbytery.

A committee was appointed to  
 draw up a resolution of apprecia-  
 tion of the work done by Mr.  
 Murray and report at a later  
 session.

Rev. T. Owen Hughes was ap-  
 pointed to become the interim  
 moderator of the Caledonia con-  
 gregation after Mr. Murray's resig-  
 nation will take effect on Septem-  
 ber 30th.

Mr. John Anderson resigned from  
 the office of Treasurer of the Pres-  
 bytery Fund. Rev. J. A. Pritchard  
 was appointed to fill his place.

Rev. G. Carlyle Webster gave a  
 good summing up of the work done  
 at the meeting of the General As-  
 sembly which met in Montreal in  
 June. One of the outstanding events  
 of the Assembly of this year was  
 the celebration of the Diamond  
 Jubilee of our Presbyterian Church  
 in Canada.

Mr. Chas. K. Martin also spoke  
 briefly.

Rev. Jonathan Goforth D. D. will  
 visit the various congregations of  
 this Presbytery August 19-30 speak-  
 ing in the interests of the Mission-  
 ary work of the church. His itiner-  
 ary will be given in detail at a later  
 date.

There will not be any Summer  
 School held this year.

**FATHER SELLS GIRL OF  
 11 TO MAN AS BRIDE**

ATLANTA, Ga., July 11—An 11  
 year old girl sold by her father to  
 a man for \$125, part of which was used  
 to purchase a second-hand auto-  
 mobile for their honeymoon.

The girl gave her name as Lo-  
 rene Carroll of Roswell, Ga. At  
 a hearing before Juvenile Court  
 Judge Garland Watkins, she said  
 she was married last Sept. 14 at  
 Roswell to Bale Hopkins of Chat-  
 tanoga.

Before the ceremony, the girl  
 testified, she overheard her father  
 and the bridegroom-to-be close a  
 deal whereby \$125 would be paid  
 for her hand.

pleasant to the touch, the white of  
 an egg is very effective. It must be  
 beaten up, but not until it is stiff.

If Baby has a tender skin any-  
 where, before he has his bath a lit-  
 tle vaseline should be applied and  
 there will be no fear of it smarting  
 when the soapy water comes into  
 contact with it.

A good toilet soap should always  
 be used, as a young child's skin is  
 extremely sensitive. Every trace of  
 the soap should be rinsed off be-  
 fore he is dried.

**For Thinking Toes**  
 Baby's toes need special care.  
 Bath time should be made and un-  
 pedicure time as well. The nails  
 should be kept short and the cuti-  
 cles well pressed back. Well-kept  
 toes mean healthy toes. After the  
 bath the nails should be filed if  
 they need it, and a weekly touch of  
 oil on the nails should not be for-  
 gotten.

After the bath is the time for  
 any little troubles such as a rough  
 skin to be noticed and treated. If  
 toilet aid is to be applied, the skin  
 should be perfectly dry and of  
 course, no powder should be dusted  
 on that special place.

A tiny amount of cold cream rub-  
 bed all over Baby's body is a useful  
 finish when winds are chilly, and  
 his skin is apt to chafe no matter  
 how well it may be protected.

Soft As Velvet  
 An oatmeal paste, made with one  
 tablespoonful of the finest oatmeal  
 mixed with one teaspoonful of lano-  
 line, with sufficient water added to  
 form a paste, is an excellent toilet  
 aid for the bath. A little of this aid  
 should be placed in the palm of the  
 hand and gently rubbed all over  
 Baby's body. If little feet or legs  
 are too soiled for this aid to suffice  
 they should be treated separately  
 when Baby is out of the bath.

Soft As Velvet  
 To make the bathwater soft and

**READY FOR A SLEIGH DRIVE!**

Here we see Muriel MacDonald as she sat in her sleigh already for a  
 drive last winter. She mails her films to The Reid Studio, Moncton, N.B.,  
 for developing and printing and requested that this one be published in  
 The Guardian. Muriel is a daughter of Mr. and Mrs. Jas. A. MacDonald,  
 Cardigan, P. E. I.

**BEST YEAST, LTD., LIVERPOOL,  
 NOVA SCOTIA, ARE OPENING  
 FINE NEW MARITIME PLANT**

**A New Canadian Industry  
 Of World Wide Signi-  
 ficance Opens First  
 Plant in Nova Scotia.**

A new industry of revolutionary  
 importance utilizing a characteristic  
 Canadian raw material has recently  
 begun operations in Liverpool, Nova  
 Scotia. Several hundred millions of  
 gallons of this raw material, a by-  
 product from the pulp mills, is now  
 going to waste in Canada.

When the pulp wood is brought  
 from our forests to be made into  
 paper it is cooked in large digesters  
 at the paper mills. However, only  
 the fibres in the wood are used for  
 the manufacture of paper. The sap,  
 which is the real life of the tree,  
 containing considerable quantities  
 of highest grade sugar, remains dis-  
 solved in the pulp liquor to be  
 dumped in near by rivers.

**The Directors of the Best Yeast  
 Limited**

The Company has its Head Office  
 in Liverpool, Nova Scotia. The  
 Board of Directors consist of: Col-  
 onel C. H. L. Jones, President of the  
 Mersey Paper Company, Limited,  
 (on the grounds of which the Yeast  
 plant is located); J. McG. Stewart,  
 K.C. of Halifax, well known Bar-  
 rister, President Acadia Sugar Refin-  
 ing Company, Vice-President Mer-  
 sey Paper Company, Director Royal  
 Bank of Canada and Director of  
 numerous prominent Maritime Com-  
 panies; D. R. Burnham, Managing  
 Director of Acadia Sugar Refining  
 Company in Halifax; E. W. Eweson,  
 a Swedish Associate of the Inventor,  
 Mr. Heijkenkjold. Mr. Eweson is  
 also President and General Manager  
 of Best Yeast Limited; Mr. S. S.  
 Breeze, an American Engineer, for-  
 merly associated with Dr. Alexander  
 Graham Bell at his laboratories in  
 Baddeck, Cape Breton. Mr. Breeze  
 is the Secretary and Treasurer of  
 the Company.

**A New Yeast From the Very Life  
 of the Tree**

Thanks to the ingenious invention  
 of a Swedish engineer, G. Heijken-  
 skjold, this fine sugar, slowly ac-  
 cumulated during the entire life and  
 growth of a tree, can now be utilized  
 for the manufacture of paper. The  
 sap, which is the real life of the tree,  
 containing considerable quantities  
 of highest grade sugar, remains dis-  
 solved in the pulp liquor to be  
 dumped in near by rivers.

**Consumption in Canada of Yeast  
 About Thirty Million Pounds a  
 Year**

Not only is there enough pulp li-  
 quor in Canada to make these thirty  
 million pounds of Yeast, but there  
 is also more than enough pulp li-  
 quor in New Brunswick to make the  
 whole British Empire where Yeast  
 consumption is conservatively esti-  
 mated to be six hundred million  
 pounds per year. Canada is the  
 only pulp producing country within  
 the British Empire with the excep-  
 tion of Newfoundland. With pre-  
 ferential Empire duties no other  
 country in the world can compete  
 with Canada for this important busi-  
 ness.

**The Maritimes Selected For The  
 First Yeast Plant**

This is largely due to the vision  
 and quick recognition of the unusual  
 possibilities for this new industry in  
 the Maritimes on the part of the  
 well known paper manufacturer,  
 Colonel C. H. L. Jones, President of  
 the Mersey Paper Company, Limited,  
 Liverpool, Nova Scotia. With an  
 abundance of pulp liquor and no  
 Yeast Plant closer than Montreal,  
 the Maritimes is also in other re-  
 spects a most logical location for this  
 new Yeast industry.

**Land Annuities  
 An Old Dispute**

(C. P. Cable)

(By Guardian's Special Wire)  
 LONDON, July 11.—J. H. Thomas,  
 Dominions' Secretary, disclosed to-  
 day during a debate on Anglo-Irish  
 relations in the House of Commons  
 that he had made a special offer to  
 settle the land annuities dispute  
 three years ago.

In private negotiation in 1932 at  
 Ottawa, he said, he announced  
 to the House of Commons that the  
 question of the land annuities  
 would do likewise, provided the  
 question was chosen from Empire  
 countries.

The Free State would not agree  
 that the annuities should be paid  
 only from Empire countries and it  
 was never set up. When Eamon de  
 Valera became President in 1932 he  
 ordered payment of the land annuities  
 to Britain suspended.

"Jimmie" Thomas said that when  
 de Valera raised the question of  
 the annuities, he replied that then more  
 than 8,000 Irish doctors and veteri-  
 naries, thousands of civil servants  
 and 250,000 Irish workmen in Brit-  
 ain would become aliens and could  
 not retain their jobs without special  
 alien permits.

He added Britain intended to do  
 her utmost to prevent the Free State  
 leaving the British Commonwealth.  
 He was anxious to be friends with  
 the Free State. The annuity diffi-  
 culty was easy to get over, but the  
 question of the annuities was a  
 particularly when de Valera spoke  
 of a "foreign king." (Members of  
 the Dail Eireann no longer have to  
 take the oath of allegiance to the  
 king before being allowed to take their  
 seats).

**Modern Factory Erected With  
 Record Speed**

In February this year, Best Yeast  
 Limited, a Nova Scotia Company,  
 was formed to utilize this process in  
 Canada. Building operations were  
 begun within two weeks thereafter,  
 and in hardly two and one-half  
 months later a fully and most mod-  
 ernly equipped Yeast Plant was  
 ready to produce this new Maritime  
 product. The potential capacity of  
 this Plant is about five million  
 pounds of yeast per year, the great-  
 est part of which will be needed  
 for Maritime consumption alone. As  
 an export trade is developed, this  
 Plant can be enlarged for a yearly  
 production of from twelve to fifteen  
 million pounds. Yeast Plants, ac-  
 cording to the present are already  
 under consideration for other parts  
 of Canada, to be built and operated  
 by Best Yeast Limited.

**Yeast of Very Highest Quality**

Hundreds of Bakers and thou-  
 sands of housewives are already us-  
 ing this new Maritime Yeast, all  
 praising its superior qualities. A  
 great part of the people in the Mar-  
 itimes are, therefore, now daily eat-  
 ing bread made with BEST YEAST.  
 BEST YEAST is the trade name un-  
 der which the product is marketed.  
 A number of carefully made baking  
 tests have clearly proven that this  
 Yeast bakes a superior bread. The  
 life from our beautiful trees seem to  
 implant into this Yeast a mysteri-  
 ous power of bringing out the full  
 sweetness of Canadian wheat.

**The Ideal Yeast For Eating Purposes**

Because of its purity BEST  
 YEAST cakes are also gaining wide  
 popularity amongst people who eat  
 Yeast for health. BEST YEAST  
 contains no starch or other artificial

**VISITS HOLD CHARMS**

HAMILTON, Bermuda—Bermu-  
 da is the only place in the world—  
 and I have sailed many seas and  
 travelled in many countries—  
 which one can return and ex-  
 perience the charm of a first visit.  
 Colonel Edwin Chance of  
 Philadelphia on his arrival here on  
 the first leg of a scientific expedi-  
 tion to the Bahamas and Virgin Is-  
 lands in the 105 foot auxiliary  
 schooner Antares.

**Gypsum Company  
 To Be Operated  
 In Cape Breton**

SYDNEY, N. S., July 12 — A  
 crushing plant, piers and roads are  
 being constructed at Little Nar-  
 rows, Cape Breton, by engineers  
 approximately 200 tons a day, later  
 stepping up to 400.

Already houses and shops have  
 begun to spring up along the once  
 quiet section of Bras d'Or.

The loading piers and a road,  
 leading from the quarry to the  
 point of shipment, are nearing com-  
 pletion. The road is less than 3,000  
 feet long—considered a great sav-  
 ing in transport-on costs. A ware-  
 house, in which 20,000 tons of gyp-  
 sum will be stored during winter  
 months, will be erected soon.

**Tells Story Of  
 Kidnapping**

(C. P. By Guardian's Special Wire)  
 TACOMA, Wash., July 11—Nine-  
 year-old George Weyerhaeuser told  
 of being chained in pits and tied to  
 a tree during the week he was in the  
 hands of kidnappers as he took the  
 role of star government witness in  
 the trial of Mrs. Margaret Waley  
 today.

But he testified he had not seen  
 the defendant during his period of  
 captivity before his wealthy father  
 ransomed him for \$200,000. Mrs.  
 Waley is on trial for his kidnapping  
 on "Lindbergh law" charges. Her  
 husband, Harmon, is serving a 45-  
 year sentence for the crime.

Between glances at the accused  
 woman who thrice tried to plead  
 guilty but was prevented from so do-  
 ing by her attorney, young Weyer-  
 haeuser identified photographs of the  
 fugitives William Mahan and  
 Harmon M. Waley.

He identified pictures of two pits  
 in which he had been chained.

Waley was near by, having been  
 brought from McNeill Island Peni-  
 tentiary to testify in behalf of  
 his wife.

**IN MEMORIAM**

To the memory of the late Profes-  
 sor, Edward O. Odium.

Great soul: No more shall move  
 thy kindly form  
 Amidst us here: No more shall  
 From thee come out to meet our  
 souls and heal  
 The wounds of doubt, discouragement  
 and pain;  
 No more shall eloquence profound,  
 sincere  
 Flow from the heart whose passing  
 now we mourn.

But, hast thou passed, whose mem-  
 ory remains,  
 Whose presence yet its benediction  
 lends,  
 To youthful hope, to wisdom tried  
 and sage,  
 Within the compass of its influ-  
 ence?  
 Who ever strove to life of men  
 advance  
 To higher plane: the vision to be-  
 hold  
 That blessed mankind: unfolding  
 destiny  
 Of old prepared and by thy voice  
 declared.

Why should we mourn, for thine  
 is but release,  
 From tasks performed, to duties  
 farther on:  
 Beyond the realm wherein we grieve  
 and yet,  
 Whereto sustained to trust, and to  
 aspire  
 To follow through the pathway  
 thou hast blazed  
 With firm conviction's zeal and ex-  
 cellence.

James M. MacLean

**IN MEMORIAM**

"Loving Remembrance" of  
 MRS. BURGESS H. NEWSON  
 Who Died July 13, 1935.

A precious one from us is gone,  
 A voice we loved is still,  
 A place is vacant in our home  
 That never can be filled.  
 Interred by Husband and Family.

L-8337-7-13-11.

**Nova Scotia Leads  
 Rifle Competition**

(By The Canadian Press)  
 SAINT JOHN, N. B., July 12 —  
 Having won the 50th inter-Mar-  
 time rifle match, held here, Nova  
 Scotia holds a lead of nine wins  
 in the annual competition. During  
 the last half century, sharpshoot-  
 ers of that province had 21 victo-  
 ries. New Brunswick is second with  
 12 and Prince Edward Island trails  
 with 10.

A feature of this year's meet was  
 the presence of Lieutenant-Colonel  
 B. A. Weston, Halifax, who with  
 Major J. Twining Hart, Saint  
 John, set the ball rolling for the  
 annual shoot while they were at  
 Wimbledon in 1884. Major Hart  
 was unable to attend the rifleman's  
 golden jubilee banquet here. He and  
 his inter-Maritime rifle competi-  
 tion are the only surviving mem-  
 bers of the original  
 teams, the latter having fired in  
 five subsequent competitions and  
 the former in 13. The late Major  
 J. H. McRobbie was outstanding  
 as a member of 18 New Brunswick  
 teams between 1886 and 1907.

The inter-Maritime rifle competi-  
 tion was actually organized in 1885,  
 according to records compiled by Lieut-  
 enant I. F. Archibald, historian of the  
 New Brunswick Rifle Association.  
 Owing to the Northwest Re-  
 bellion, competition did not start  
 until July 16, 1886, when New  
 Brunswick and Nova Scotia teams  
 met at Moncton.

New Brunswick won the first  
 match with 701 points, eight more  
 than their opponents' total. Straight  
 wins for New Brunswick were re-  
 corded in 1903, 1904 and 1905, and  
 this record stood until 1933, when  
 Nova Scotia equalled the perform-  
 ance and at the same time made  
 a record score of 786 on the Char-  
 lottetown range. Team totals at  
 the last shoot were Nova Scotia  
 782, New Brunswick 750 and Prince  
 Edward Island 748.

Since its inception the match has  
 been an annual event, excepting a  
 lapse of six years owing to the  
 Great War. In observation of the  
 golden anniversary medals were  
 struck showing coats of arms of  
 the three Maritime Provinces and  
 a wreath surrounding the dates  
 1885-1935.

The trophy is a large sterling  
 silver bowl on an ebony base, with  
 three shields bearing in enamel  
 the coats of arms. This bowl was  
 purchased in London for £55, each  
 province contributing a share of  
 the cost.

Original conditions called for one  
 team of eight men, excluding a cap-  
 tain and coach, to be selected from  
 the active militia of each provin-  
 ce. This regulation has been  
 modified to include male members  
 of the provincial rifle associations.

The match is held alternately in  
 the three provinces at ranges of  
 200, 500 and 600 yards. Two sighting  
 shots, with seven to score, are al-  
 lowed at each range and coaching  
 is permitted.

Nova Scotia had the scores with  
 Prince Edward Island in 1910 and  
 with New Brunswick in 1928.

Forty miles separated the first  
 and last teams of the 1890 match  
 at Saint John. Fog made further  
 sighting impossible after comple-  
 tion of the 200 yards, and the firing  
 was finished at Sackville the same  
 day.

**New Brunswick Boy  
 Hailed as Prodigy**

(By The Canadian Press)  
 SAINT JOHN, N. B., July 12 —  
 Only five years old, Johnnie Clinton,  
 of Grand Bay, shows signs of  
 becoming another Einstein. He has  
 yet to attend school and he never  
 received any special tuition, but  
 already he can calculate for more  
 quickly than the average adult.

A reporter who went out to in-  
 terview the child calculator con-  
 firmed stories about his advanced  
 mentality. Answers to such prob-  
 lems as multiplying 16 by 18 and  
 26 were given by Johnnie  
 without hesitancy. He proved equal-  
 ly good at quick calculation in  
 addition and division.

Usually he plays like other chil-  
 dren of his age but in conversation  
 with adults he has a grown-up  
 manner. "He really possesses adult  
 reasoning powers in addition to his  
 ability to calculate swiftly," said  
 his mother, Mrs. J. J. Clinton. "He  
 speaks like a business man, using  
 emphatic means of expressing  
 himself. Big words flow easily from  
 him. He's far in advance of his  
 older sister and brother, who at-  
 tend school."

John's father is a railway em-  
 ployee in Montreal. Neither he nor  
 Mrs. Clinton profess any particular  
 flair for mathematics.

**VERNON RIVER V. I.**

The members of the Vernon River  
 Women's Institute held their regu-  
 lar monthly meeting at the home of  
 Mrs. John Currie. The meeting  
 opened by singing Institute Ode,  
 followed by repeating Creed in uni-  
 son. Roll call was given by Miss  
 Bears. Minutes of last meeting  
 were read and adopted. There was  
 no report from the Sick Committee.  
 Correspondence was then read by  
 the Secretary. A report from the  
 annual convention held at Charl-  
 ottetown was given by Miss Bears.  
 A discussion about a concert to be  
 held then took place. Marie Mac-  
 Donald invited members for the next  
 meeting. Roll call to be answered  
 by "A Canadian city and what it is  
 noted for." delicious lunch was  
 served by hostess. Meeting closed  
 by singing National Anthem.
