TO THE ELECTORS OF WARD 4.
 Ladies and Gentlemen:
 At the request of a number of the electors of the ward I have decided to offer as a candidate for councillor at the forthcoming Civic Election.
 I am in favor of the continuance of permanent street work, consistent with our revenue only.
 I am in favor of encouraging manufacturing industries that will give employment to our citizens.
 If elected I shall do my best to serve the interest of Ward 4 and be city in general.
 I do not intend to make a house to house canvass and therefore this means of soliciting your support. Thanking you in anticipation, I am,
 Yours faithfully,
H. M. CHANDLER

After Ten Years
 BY MARION RUBINCAM
 (Continued.)
 "I never expected to see him and I do see him often," she went on, and in the dark she said over and over, "I love you, I love you," because it made her happy to say it. Then she wondered why it hurt her because he kissed her.
 "It was so casual," she told her self, "if he had cared for me, even a little, he would have been different."
 She remembered her remark about the other girl and still regretted it.
 "He's probably kissed her too, just as casually as he kissed me," she went on thinking. And then, illogically, decided he must be in love with Miss MacKenzie!
 "He isn't in love with me, that was just a kiss that wasn't love," she argued. "And if he were in love with me, what then? It would be just as hopeless, only he would feel badly, and as it is, I'm the only one that feels badly. And I'm not sorry I'm in love with him." Her thoughts began to wander. "But he mustn't do it again," she thought finally. "It makes 'so much harder for me. But I can't bear not to see him."
 And eventually, being healthy and young and tired she fell sound asleep.

A CHANGE IN EVENTS
 Chapter 62
 The next morning, at breakfast Millie announced: "I'm going to find a job."
 "Where?" Mrs. Parke asked with great interest.
 Millie lost her positive manner, but not her cheerfulness.
 "Oh, just you wait. The movies perhaps."
 Mrs. Parke looked dubious. The janitress' daughter, decked out in the gaudiest of Millie's first wardrobe, had been haunting the motion picture employment agencies for months, and Mrs. Parke knew it. "And she can't find a part, and she's really very pretty," the mother said.
 "Meaning that I'm not," Millie pouted. Once in awhile Mrs. Parke was exceedingly frank and impersonal about both her children. In those moments Millie's shallowness came in for criticism, as well as the rather striking attitude towards life that was one of Patty's characteristics.
 But in such moments, too, Mrs. Parke recognized that Millie's flippancy was a defense and a cover for something sensitive underneath, something that had been hurt, and that her short temper and her nagging were the result of overstrained nerves.
 When Patty was hurt she shrank away and was quiet, Millie raged, or wept or scolded.
 "You needn't be pretty," Millie took up the conversation again. "The movies aren't so interested in pretty people any more. Dorothy told me that, and she knows for she works in them. They want types, and everyone is a type. So everyone has an equal chance."
 That seemed to settle it. Mrs. Parke was sure, after that explanation that Millie would find a position.
 "It takes a little pull, that's all," Millie said airily. "And I've got that—Dorothy is going to introduce me."
 So she put on her best dress and her coat and went off.
 "That's learned she was," Mrs. Parke observed to Patty. "You had to have pull to get your place."
 It appeared that Millie had to leave photos of herself at every studio she visited—and they were legion. These pictures were filed under some such name as "Baby Blonde," "Wide Mouth," "Baby Blonde," "Serious Minded," or any such general classification as occurred to the seventh assistant director when he got around to looking over photographs of applicants.
 "This might be once a month or so, and as such thing as was done usually fell into the hands of some very bored and superior office boy, those who had left pictures stood very real chance of being sent for to play star roles in a grade school play."
 When she learned she was to leave pictures, which were filed and which stayed there as a calling card might, to remind the office of her visit, she went promptly to the most expensive photographer and had herself photographed. The man knew his work and charged \$50 a dozen and up—and he made some excellent pictures of Millie. By the time he had moistened her tightly matted hair into soft waves, swathed her in tulle and placed her in a Jacobean chair as she would never take, he made a picture that was lovely, even if it wasn't Millie. Millie cheerfully ordered three dozen. The copies that Cora and Maude and the rest received created a huge sensation in Wisnackagan.
 But of those left at movie offices, one was filed under "Perk", three thrown out because too big to fit into the filing cabinet, one was used by a small office boy to experiment upon a brand new box of color film. The result was a photograph that grew a monstrosity when the youthful artist became facetious. One nearly got her a position as "extra" for a day's work at \$5. An assistant director, not deceived by unattractive waves and feather fans, wanted a few dozen similar women for a coming scene.

to the Electors of Ward 5
 Ladies and Gentlemen:
 I take the liberty of announcing that I will be a candidate for Councillor for Ward Five at the approaching Civic Election.
 As a life long resident and being actively engaged in business, I feel that I am acquainted with the City's needs. Being a large taxpayer I will endeavor to avoid all unnecessary expenditures. I favour maintaining the present high standard of our City in all departments, but would not support any policy that would add to our debt thereby increasing the present rate of taxation.
 Soliciting your confidence and support,
 I remain at your service,
W. A. STEWART

CARD
 TO THE ELECTORS OF THE CITY OF CHARLOTTETOWN.
 Ladies and Gentlemen,
 Having been requested to offer as a Commissioner of Sewers and Water Supply, at the forthcoming election by a large and representative delegation of the citizens, I have consented to become a candidate.
 I will, if elected, use my best endeavors to have the work of the Sewers and Water Supply, conducted in the best interest of the citizens in general.
 As it may not be possible for me to see all of the friends and electors, I take this opportunity of soliciting their support.
 I am yours respectfully,
H. CRASWELL

CARD
 TO THE ELECTORS OF WARD 4.
 Ladies and Gentlemen:
 At the solicitation of many of the electors of the ward I will be a candidate at the forthcoming Civic Election. If you see fit to elect me I will give my best endeavours to promote the city's progress and to provide good Civic Government.
 I am in favor of the continuance of permanent streets and walks if such can be provided without an additional taxation.
 Our city should be kept clear and greater attention should be given to keeping our streets and crossings clear during the winter months. Increasing employment and benefitting the public. In short I am in favor of everything that will be in the best interest of the city and especially Ward 4, consistent with economy and efficiency. Thanking you in anticipation of your support, I am,
 Yours Faithfully,
E. A. FOSTER

Oil Light Beats Electric Or Gas
 BURNS 94 PER CENT AIR
 A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to ordinary oil lamps in each respect without odor, smoke or noise—no pumping up, is simple clean safe, burns 54 per cent air and 4 per cent oil—common kerosene (coal-oil).
 The inventor, G. A. Johnson, 214 Craig St., Montreal is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each house who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

CARD
 Ladies and Gentlemen:
 At the request of a large number of electors of Ward Five I have decided to become a candidate at the forthcoming civic election.
 As the rate of taxation is already as high as can reasonably be borne by our citizens I am in favor of imposing any additional burden on them by incurring additional liabilities.
 I am in favor of all permanent works that can be constructed out of our ordinary revenue and also in favor of giving all reasonable concessions to any industry that would locate in our city that would be a means of giving employment to our citizens.
 If you do me the honor of electing me to a seat at the Council Board I will exert myself to the utmost to forward the interest of the city in general and Ward Five in particular.
 As it will be impossible for me to see you personally I take this means of soliciting your votes and influence in my behalf on election day.
 I remain,
 Yours truly,
H. F. CONNORS

CARD
 TO THE ELECTORS OF WARD 4.
 Ladies and Gentlemen,
 Having had several delegations from the electors of Ward Four and also a delegation from the largest property holders and biggest business men in the City, I have consented to offer myself for Councillor for Ward 4.
 You know my position as a citizen. As a property holder myself, my aim will be to safeguard the interests of the property holders. The working man will find in me his best friend. When elected my ambition will be to improve civic conditions by looking carefully after interest of Ward 4 and the city in general as I would my own personal business.
 Electors I want your support and you will not be disappointed by supporting me on election day.
 Yours for better conditions,

 TO THE ELECTORS OF THE CITY OF CHARLOTTETOWN.
 Ladies and Gentlemen:
 Having declined the urgent requests of a very many Citizens to be a candidate for the Mayoralty Contest, and now being prevailed upon to offer for the office of Commissioner of Sewers and Water Supply, I have consented to become a Candidate.
 The experience gained in four years at the Council Board in connection with the Finance and Finance Department should be of some service in this important branch of the City's activities.
 If elected I will as usual devote the best of my command to the execution of the work of this department. As a Citizen and Councillor my record is before you. The Ballot is yours use it as you see fit.
 Sincerely,
J. A. WEBSTER

CARD
 TO THE ELECTORS OF WARD FIVE
 Ladies and Gentlemen:
 As I have been asked by a large number of the representative electors of this ward to place myself in nomination for councillor at the approaching civic election, I have decided to do so and respectfully solicit your vote and influence.
 I promise to give my loyal support to clean civic government, and endorse any measure for civic improvements in keeping with our finances.
 Any legitimate measure that will give employment to our citizens and make conditions better for our laboring men will have my hearty support.
 It will be impossible for me to make a personal canvass of the ward and through this medium would respectfully ask your support on the 8th February.
 I am sincerely yours,
GEORGE W. MACLEOD

CARD
 TO THE ELECTORS OF WARD 5,
 Ladies and Gentlemen:
 It is a surprise to myself to be inserting a card in the newspaper, seeking election as a councillor for the City of Charlottetown, but the insistence of a large representation from Ward Five has compelled my acceptance of the honor of contesting this ward in the civic election on February 8th.
 Being a large property owner in the city, other owners of property in this ward may rest assured that if elected their interests will always be safeguarded, as it is my interest as well as theirs to support all measures that will tend to beautify and modernize the city in any way, thus making real estate more valuable by attracting new citizens.
 As a large employer of labor I have the interests and well being of the laboring man well in mind, realizing that employees must receive an equitable wage for service performed, that living conditions must be healthy both in the workshop and the home and thus by employers treating employees as they should be treated, our city will be built up with healthy contented citizens, all working together like a big family for a more progressive Charlottetown.
 Economy in the administration of city affairs will have my unqualified support.
 To substantiate all the improvements I should like to see pushed forward would tire you to read, but be assured if elected any improvement that the city finances can afford shall have my assent. As representative of Ward Five its interests will ever have first attention. Business interests will not permit my seeing each elector and hereby solicit your votes and influence.
 Yours truly,
J. STANLEY WEDLOCK

To The Civic Electors Of Ward Five
 Ladies and Gentlemen:
 Having been approached by a number of the electors of Ward 5, I have decided to offer as a candidate for Councillor in the coming Civic Election. Despite the fact that I have not had a seat before at the Council Board, I am firmly convinced that I could do much for the betterment of my native city, if I am fortunate enough to be elected by you.
 I am in favor of permanent Civic improvement, consistent with our Revenue only.
 I am also in favor of encouraging large manufacturing industries to locate in our city, and in the event of them giving large numbers of our working men employment at a good wage. I would favor their exemption from taxation for a limited number of years.
 I do not intend to make a house to house canvass, and cannot expect to have an individual interview with all the electors, so I therefore take this medium of soliciting your favorable support.
 Thanking you in anticipation, I am,
 Respectfully Yours,

SUCCESS OF TANLAC DUE TO MERIT ALONE

Personal Recommendation of Celebrated Medicine by Persons: It Has Restored to Health is the Chief Reason for Its Tremendous Sale

Not a day passes but what thousands of people ask the questions, "What is Tanlac? Why its phenomenal success? Why do we hear so much about it? The answer to these questions is not difficult. Tanlac, Nature's medicine, is a wonderful Reconstructive Food and body builder. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to science. The medicinal properties are readily taken up by the system, thereby aiding digestion, stimulating the appetite, assisting the stomach in converting the food into nourishing elements that build up tissue and nerve strength. There is probably not a single portion of the body that is not benefited by the helpful action of this remarkable medicine.
 The system besides being purified and strengthened by Tanlac, is toned up and invigorated. It quickly overcomes indigestion, non-assimilation of the food, nervousness, headache, backache, general debility and many other complaints that are so common to the thousands of half sick, depressed men and women.
 Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, as stated above, it is a powerful Reconstructive Food, for it naturally follows that proper assimilation of the food and the thorough elimination of waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system. Probably eighty per cent of all diseases originate in or what is more commonly known as indigestion, is not only one of the most prevalent, but is one of the most difficult to treat of all present-day diseases, and has for years baffled the skill of leading specialists. It is almost always followed by a complication of diseases. One of the first is torpid liver with biliousness, followed by headaches, coated tongue, dizziness spells pain in the back, palpitation of the heart and other distressing symptoms. Soon other organs of the body become involved and various diseases develop and become chronic if not checked in time. The first symptoms of stomach disorders, such as gas, sourness, constipation, foul breath, fullness after eating, pains in the stomach, headache tired-out feeling, lack of energy should be the signal for prompt and decisive action.
 Tens of thousands of men and women of all ages and in all walks of life, afflicted with stomach and liver disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified publicly that they have been fully restored to the enjoyment of perfect health by taking Tanlac. Tens of thousands have not only been relieved of the most obstinate forms of dyspepsia and indigestion by Tanlac, after other remedies had failed, but many of them have reported a remarkable and rapid increase in normal health and strength.
 That is the reason Tanlac continues year after year, to have the largest sale of any medicine of its kind in the world.
 Tanlac is sold in Charlottetown by Ittedin Bros., and by leading druggists everywhere.

CHURCHES IN KOREA.
 During the coming year the Sunday School has the right of way in the churches in Korea. This is a part of the three-year program, the present year being one of general evangelism. Beginning with October the united effort of all the missionaries, native pastors and laymen possible, number through the study of the Bible in connection with the Sunday School. Since the great revival in 1908, the entire church membership has been affiliated with the Sunday School. When the World's Sunday School Convention delegates were passing through Korea last year they were distinctly told by the missionaries not even to suggest that in America all the membership of the church was not in the Sunday School, since the example in America might be hurtful to the work in Korea.

To the Electors of the City of Charlottetown
 Ladies and Gentlemen:
 I beg to announce that I will be a candidate for the Mayorality at the coming election, February 8th., and take this means of soliciting your support.
 Four years ago, the citizens of Ward five honored me by electing me as councillor; at that time I promised that if elected, my efforts would be directed towards the improvement of our streets; the members of the City Council honored me still further by selecting me as Chairman of the Street Committee and during my term of four years in this capacity, we have put down three and one-third miles, or 60,000 square yards of paved streets which are the equal of any in America, and it is a pleasure here to note that the cost per square yard has been lower than that of any City in Canada.
 Whether I have carried out my pre-election promises or not is for you to say.
 I believe good streets are one of the best assets any City can have, and I believe that the introduction of this system of paving is the most progressive movement that has taken place in our City since the installation of Water Works and Sewerage, and I think can safely claim the credit of having introduced this system here.
 With the present serious unemployment conditions prevailing I believe it is our duty as a City to provide work, where possible, for our laboring men, and if you honor me by election, I will use my best efforts to have the work of paving continued.
 Our City never was, nor never will be a large manufacturing centre, and while I am in favor of offering every inducement possible to manufacturers to locate here, I believe we should cater more to the tourist trade, and the making of our City attractive by the building of good streets, is one of the best inducements we can offer them.
 What we need in Charlottetown is more civic pride from both the individual and civic standpoint. Nature has done her part for us with a lavish hand, our shores are laved by the waters of three beautiful rivers emptying into a spacious land locked harbor while within our civic jurisdiction we have one of the most magnificent parks in the world. Our forefathers with a vision that was prophetic laid out our limits with wide streets and open squares which today evoke the admiration of the visitor, it is therefore now for us to do our part, and if elected to the office of Chief Magistrate it shall be my object and aim to make this Capital City a larger, better and more beautiful Charlottetown.
 In addition to my position as Chairman of the Street Committee I have also been a member of the Light Committee, and when the new contract was being arranged with the Electric Light Company, was instrumental in having a clause inserted, which when put into effect will, I believe very much improve our street lighting.
 I am strongly in favor of Meat and Milk inspection, and while I do not claim the credit for having introduced this measure, I do claim that it had my unqualified support, and if elected I will endeavor to have it extended and enlarged so as to more fully safeguard the public health. It is not my intention to make a house to house canvass, I believe every man and woman in our City is intelligent enough to judge for themselves as to whom they desire to see elected. My record for the past four years is before you, and if you decide that it is such as to entitle me to be elected Mayor, I will appreciate the honor most highly.
 Thanking you in anticipation of your support and assuring you that if elected I will use my best efforts for the welfare of our City.
 Yours Respectfully,
J. J. MCKINNON.
