Doctor Said Only Hope Was in an Operation

WAS SKEPTICAL WHEN HE BEGAN THE USE OF DR CHASE'S OINTMENT—RELIEF—CAME QUICKLY

Here is a plain, honest statement in regard to Dr. Chase's Ointment. Between the lines of this letter you can read the gratitude which its writer feels. One does not suffer from annoying distressing piles for ten years without appreciating a cure when it is obtained. Almost every mail brings the report of someone who has been cured of piles by the use of Dr. Chase's Ointment. Such statements are never used without the permission of the writer, and until we are satisfied that the cure is genuine and the writer a person of responsibility. You may believe in operations for piles, and think there is no other cure. Write to Mr. Ingles, enclosing stamp, and he will gladly verify his statement. He will tell you that the pain, the expense, the risk of an operation are quite unnecessary. That relief and cure come with the use of Dr. Chase's Ointment. Mr. Ernest W. Ingles, Penticton, B. C., writes:—"I suffered from piles for ten years, and though I tried all kinds of ointments and injections I really had no permanent relief until I used Dr. Chase's Ointment. I had absolutely no faith in it, for I had been examined by a well-known physician in Vancouver, and he said that an operation was the only thing that would benefit me. It was surprising the relief I obtained from the very first box, and now after using four boxes I am practically cured. My case was so exceptional that I received no relief day or night, and for this reason the results are wonderful." You can obtain Dr. Chase's Ointment from any dealer at 60 cents a box. If you do not want to risk this much send a two-cent stamp to pay postage, and mention this paper, and we will send you a sample box free. We are so certain that any sufferer from piles will obtain relief by using this ointment that we do not hesitate to make you this offer. Edman son, Bates & Co., Limited, Toronto.
