Get Rid of the Dust Nuisance in Your House

Floor-dust carries most of the germs that make doctor's bills mount up. Floor-glaze makes floor-dust not worth reckoning with.
Because Floor-glaze, the can't-wear-off enamel in ten shades, practically DOES glaze a floor. And dust won't lodge on a Floor-glazed floor. Saves a lot of housework,—and banishes a plenty of disease.
Floor-glaze and rugs, with the smallest care, insure the health of the household and make a better-looking house. Anybody can apply Floor-glaze,—a gallon does 500 square feet.
Just as good outdoors as indoors,—and nothing else does so well for either. Why don't you get your floors disease proof?
Your dealer should have Floor-glaze. Let us know if he hasn't. You would find our Free Book interesting reading. May we send you a copy? Ask on a postcard, Imperial Varnish & Color Co., Limited, of Toronto.
