ROYAL FAMILY CELEBRATES

(By Edward Stanley, Associated Press Staff Writer)

LONDON, Oct. 29.—(A.P.)—The royal family rejoiced with the rest of Great Britain last night in relief from the tension of a political campaign. They went to a show. The King, the Queen, the Prince of Wales, the Duke and Duchess of York and Prince George made up the family party and took in Noel Coward's "Cavalcade."

The whole family sat in the same box—the theatre's biggest, adorned with the Royal Crest—and it was the first time so many of the royally attended the same performance.

A dramatic moment came at the end of the performance when Mary Clare, in the leading role, gave a toast to Britain to regain its "dignity, greatness and peace" and the entire company of about 400 sang "God Save the King."

All eyes on the stage and in the audience turned toward the Royal box as Miss Clare gave the toast, also looking in that direction while lifting her glass toward the King. After the National Anthem, their Majesties made several moves to leave but the curtain went up again

and again at repeated cheers from the audience for both the King and the play.

English Actor Coming To The Maritimes

(Canadian Press) QUEBEC, Que., Oct. 29.—Sir Barry Jackson, founder of the Birmingham Repertory Theatre, P. G. Wedehouse and his daughter Leonora were among passengers who sailed today for England on the Empress of Britain.

Sir Barry, who initiated the Canadian tour of his company of English players at Montreal, also addressed "little theatre" groups in the Maritime Provinces, Ontario and Quebec. He thought the little theatre movement was gathering strength in Canada and that it gave evidence of energy and enthusiasm that augured well for the future. This, he said, was noticeable in the case in the Maritime Provinces. Mr. Wedehouse, novelist and dramatist, admitted he planned to write a new novel while on a forthcoming world cruise.

Workers in England making a weekly wage as low as \$12.50, must now pay \$2.50 yearly in income tax.

LONDON, Oct. 29.—(Canadian Press Cable)—The Wigan Borough football club has decided to drop out of English league soccer owing to financial difficulties. It was also agreed to delete from the records all Wigan's matches this season. Wigan were in the northern section of the third division and have played twelve matches so far, winning three, losing eight and drawing one. They are the last team but one in the divisional championship table.

STATE AMERICAN MEN ARE WORST DRESSED

DETROIT, Oct. 29.—American men are the worst dressed in the world, and they would be even worse, if it were not for the influence of their wives, mothers and sisters. Detroit clothing merchants have decided. Whether this state of affairs—a very sad one to the merchant tailors and designers—is due to carelessness, ignorance, or economy remained undecided. The merchants agreed, however, that whatever the cause, something should be done about the matter.

A Conference Of King's In Jerusalem

JERUSALEM, Oct. 30.—(A.P.)—"A conference of Kings" on a scale greater than those of biblical times, will be held here in December. At least a dozen crowned potentates and a score of ruling Princes are expected. Problems concerning the future of the near East and the Moslem world will be discussed. Invitations have already been sent to all Moslem Kings, Princes, Emirs and rulers in North Africa, the near East, Arabia and India. The question of naming Prince Abdel Mejid, former Caliph and Sultan of Turkey, as titular spiritual head of the Mohammedan world, will also come up. The former Caliph of Turkey, who was expelled by Mustafa Kemal Pasha after the Turkish Nationalist Government had divorced the State from the Church, is now living in exile in France. He is expected to come to the "council of Kings" and may proclaim himself Caliph, or official head of the Moslem communities of the world, which number nearly 225,000,000 souls. One message from Beirut, Capital of Syria, states that King Feisal of Iraq has come to an understanding with the former Caliph whereby the Indian and Moslem rulers would be willing to provide funds in order to maintain the Caliphate in Jerusalem. Egyptian newspapers have predicted that Feisal's candidature for the throne of Syria (now a French mandate under the League of Nations) is certain to materialize.

GORTON PEW VESSEL BURNS

(Canadian Press)

BOSTON, Mass., Oct. 29.—The 84-ton Gloucester fishing dragger, Elizabeth and Ruth, burned to the water's edge on the southeast corner of George's Bank and was abandoned by her crew of 12 men. The coast guard was notified yesterday by radio. The blaze which started in a motor room of the craft spread rapidly and soon forced Captain Joaquim Brown and his men to take to their dories. Shortly after they had pulled away from the burning ship, the Boston beam trawler Louis M. Winslow of the Ocean Trawling Company, whose crew had been attracted by the flames, came up and took Brown and his men from their dories. The ship was built in Kennebunkport, Maine, in 1918, was 88 feet long, power with a gasoline auxiliary motor and owned by the Gorton Pew Vessels Company. She was worth \$25,000.

BELGIAN MINISTER IN NEW YORK

Will Discuss Plan of Forming An International Credit Bank.

(Canadian Press) NEW YORK, N. Y., Oct. 30.—Emile Francqui, Belgian Minister of State and prominent financier, visited Wall Street banks today to discuss his plan of forming an international credit bank to provide for funding of the \$1,300,000,000 credits frozen in Germany. Wall Street bankers were intensely interested in M. Francqui's project, which in effect would provide for an extension of the so-called "standstill" agreement under which banking groups in the leading creditor countries have agreed to leave their funds in Germany until March 1. Wall Street bankers, however, appeared rather cool to M. Francqui's plan. While official comment was withheld, one prominent banker said informally that Germany first should make some effort to reduce these credits in order to restore the confidence of bankers in her financial affairs. This, he said, would result in bankers voluntarily extending fresh short term credits. Somewhat later, however, it was felt that a plan of placing credits on a somewhat longer basis might be considered.
