See New Title Better Known

CANBERRA, Australia, Jan. 11—(CP)—Number-plates on motor-cars and title-heads on stationary of hundreds of business and sporting organizations will have to be changed when Canberra, now known officially as "the territory for the seat of the government," receives the title of "Australian Capital Territory."

The change in the title is the subject of a bill recently introduced by Prime Minister J. A. Lyons. Two Bills already introduced to make Canberra's unofficial title of "Federal Capitol Territory," offical, have been allowed to lapse. This change would have been a mere formality but the new proposals will cause numerous complications.

The initials "F.C.T." will have to be changed to "A.C.T." on the number-plates of cars; departmental stationery will have to be altered; and business and sporting organizations will have to change their titles. Nevertheless, the custom of using "F.C.T." as a postal address will persist for years.

Department of the Interior officials say that "F.C.T." is colloquial and "A.C.T." wil be self-explanatory outside the Commonwealth.

Meeting Of Summerside Town Council

The Summerside Town Council held their regular monthly meeting on Monday night and after passing bills and reports adjourned till Monday next for the passing of the reports for the year.

After the reading of the minutes of several special meetings held during the past month, the Clerk read the Town bills which were approved and passed, and were as follows:

Town paid bills $25,188.24; unpaid bills $781.85.

Electric Light paid bills, $839.21, unpaid bills $629.20.

The officers for the duties of the civic election were then appointed by Councillors of the different wards.

Councillor Nicholson for East Ward moved the appointment of W. W. Muttart, Returning Officer, Harry Daley poll clerk and Peter Kenny, door keeper.

Councillor Carruthers for Central Ward, Returning Officer L. A. Moore; Poll Clerk, James Wood; Door Keeper, John J. Arsenault.

Councillor Grady for West Ward: Gabriel MacDonald, Returning Officer; Wilfred Gallant, Poll Clerk; and Fidele Gallant, Door Keeper.

Councillor Nicholson in tendering his resignation reviewed the work done during the several years that he had been on the Council Board, one of the most important was that they had secured a lower rate of interest on current and overdraft.

They had been able to dispose of their bonds at the highest figure of any Council in the Town's history.

The new High School was built during his term. The water and sewerage system had been extended. The old electric light building had been refused and an addition built to house the new unit purchased recently.

The Town building had been reconditioned and a new library fitted up.

The airport has been extended and brought up to standard and a grant of 4,000 dollars received from the Federal Government for the airport. This money was recently paid.

The Town now has nearly three miles of permanent streets and a concrete seawall east and west of the waterfront.

A cooling plant has been installed at the abattoir and the park has been improved and sidewalks laid down. The hospital grant has been doubled.

A system for the proper supervision of car parking and the rendering of valuable assistance to tourists is another feature of the present Council's progressive policy.

The present Council had received nearly $30,000 from the Federal and Provincial governments which had enabled them to give employment to those citizens that would otherwise have been on relief.

The Town had been mentioned in the Financial Press as having the lowest taxation of any town in Canada.

In conclusion Councillor Nicholson stated that the present Council may have made mistakes but they had not spent the citizen's money uselessly but have received value for the money.

Mayor Robinson fully concurred with Coun. Nicholson's remarks and pointed out that through the cooperation of the government they had been able to get along without paying out money for direct relief and have been able to have many lasting improvements and have given employment to the working population.

Councillor MacKay very fittingly moved a resolution of condolence to the family of the late Archdeacon White, and spoke in terms of the highest praise of the late Archdeacon as a citizen and referred particularly to his work during the great war and in the sacrifice of his eldest son Deane, in the cause of freedom.

Coun. MacKay also spoke of the services of their Recorder, Col. Strong, K. C., during the past year, that they had been particularly arduous, many things requiring his services, outside his usual duties for the town.

Councillor MacKay brought a message from Judge Shaw, the new County Court Judge, thanking the members of the Council for their kindly welcome to him.

HIGH ARMY APPOINTMENTS ANNOUNCED

Youth And Ability To Fore Under New British Policy.

(By Pat Ussher, Canadian Press Staff Writer)

LONDON, Jan. 11—Further high army appointments were announced tonight as additional proof the policy initiated by Leslie Hore-Belisha, Secretary of War, of bringing youth and ability to the fore, is being aggressively pursued.

The new appointments are a direct consequence of the sweeping shakeup of the army council Dec. 2 when the Minister passed over 50 senior generals to make Major-General Viscount Gort chief of the imperial general staff and, by wholesale retirements, reduced the average age of the council from 63 to 52.

The ages of the officers promoted today range from 46 to 53, two of them hold the Victoria Cross.

The appointments are as follows:

Major-General H. R. L. G. Alexander to command the first division, effective Feb. 18, in succession to Lieut.-General C. C. Armitage, who has been appointed Master-General of ordnance in India.

Colonel D. G. Johnson, V. C., to command the fourth division, effective Jan. 7, with the temporary rank of Major-General in suiccession to Major-General Clive Liddell, appointed Adjutant General in the December reorganization.

Colonel B. C. T. Paget as commandant of the staff college at Camberley with the temporary rank of Major-General, succeeding Colonel Sir Ronald Adam, who became deputy chief of the imperial general staff in December.

Colonel H. R. Pownall as director of military operations and intelligence at the war office with the temporary rank of Major-General, effective in March, succeeding Major-General R. H. Haining, appointed General Officer Commanding the British force in Palestine and Transjordan;

Colonel T. R. Eastwood as commandant of the Royal Military College at Sandhurst, effective Jan. 12, succeeding Major-General W. D. S. Brownrigg, appointed military secretary to the war office in succession to Lord Gort;

Colonel P. Neame, V. C., as commandant of the Royal Military Academy at Woolwich with the temporary rank of Major-General effective Feb. 28, succeeding Major-General A. A. Goshen.

The local rank of Lieutenant-General has been conferred on Generals Brownrigg, Adam and Haining.

The appointments are considered in line with Mr. Hore-Belisha's expressed determination to find "the right man" for every job, irrespective of seniority and length of service. It is explained that fitness for a particular post was the sole basis of selection instead of individual's position in the Army List.

The energetic war secretary flies to Northern Ireland Wednesday for a tour of inspection of the military district.

North Shore Hockey Gossip

Well folks, the old wars are here again. To date three games have been played in the North Shore Senior League and one in the Junior league. The executive are to be commended for their tireless efforts to improve the game in this vicinity, and to Pomp LeBlanc goes a lot of the credit. He has given most of his time these past years to better the game, and now he can see his dreams come true.

It is the opinion of many that we are on a par with Charlottetown and Summerside hockey and it is being mooted that Kensington will be included in the Island League next season. So Mr. Fan when you are wondering what to do on these lonely winter nights, hop in your sleigh and come to see these boys perform. They give their best to this game and when they are supported by a big crowd from their district, the effect is almost magical

The crowds this season have improved over last year, but there are lots who do not attend, who, if they started would not regret it; so come out and see your team perform Thursday night and give the support they justly deserve. N. 1

North Shore Junior Hockey

The Junior League opened on Friday night, when Spring Valley Juniors defeated Hunter River Juniors 6-0.

Old man "jinks" tried to show himself in this league opener due to a fierce storm and no electric lights. However he was chased away by trouble finders and at nine o'clock the game got away before a fair crowd considering the circumstances. For the first game any who were there were satisfied, because the youngsters put all they had into their efforts, and showed that with a few game under their belts they would be making the turnstiles click with the interest they will undoubtedly create. The Hunter River boys played a very good game considering that they hadn't had any previous practise. For the Royals, Whitlock in the nets was a standout, while the Spring Valley boys were tireless in their efforts.

Sharp Drop Noted In Unemployed

OTTAWA, Jan. 10—(CP)—Labor Minister Rogers today issued "early approximations" from the National Employment Commission's November, 1937, registrations, showing a drop from November, 1936, of more than 87,000, almost 40 per cent, in figures of fully-employable persons receiving aid. The statement gave the "approximate" number of fully-employable persons receiving aid last November at 134,000 compared with 221,165 a year before.

The November, 1937, list was composed of all classes of fully employable persons—family heads, individuals and employable dependents, but excluded farmers (Resident farm Operators) who received agricultural material aid. The total indicated an increase of 12 1-2 per cent by comparison with October, the previous month.

FRUIT-A-TIVES LIVER TABLETS

HOCKEY

Silver Wings and Hunter River Royals play 3-3 draw.

With a fast sheet of ice and a wild cheering crowd the Silver Wings and Royals played to a draw in what proved to be the most hectic game of the season. As a result of Monday's game, both teams have three points, and according to theorom 8 of the constitution, puts them in the play-offs.

The first period opened fast and continued very fast right through with the Wings carrying the play. In this session Hughes and Cooke were combining on some very brilliant attacks, but could not capitalize. On the third change of the lines, Bernard, Waite and Braham were in time and again. Bernard, however, could not hit his stride at first, but at the 15-minute mark he got "hot" and on a pass from Waite made it 1-0.

In the second period the Royals were pressing hard and it was forseen from the start that they had one coming. Halfway through this canto, LePage carried in and was skated to the boards. As he hit the fence he laid a perfect pass for LePage who picked the corner to tie it up 1-1.

During the dying moments of this period the fireworks started. Watts was chased to the box and the Wings were given a penalty shot. Cooke took the rubber and skated toward the red line. As he neared it a Royal player interfered and the Wings howled for a second try. The referees looked bad when they overruled the protest. According to the M. A. H. A. rules, a penalty shot man must not be interfered with.

At the last of this session Webster, the old war horse, received an injury which will retire him for the remainder of the season.

The last period opened fast with the Royals pressing hard. The Wings caught them up the ice and Bernard slapped home Braham's rebound to put them one up.

They were not on top long, however, as the Royals were beginning to click. P. Boyle hooked the puck from Hughes and passed to J. Rackham who tied the game up. They came right back again, this time Boyle passing to Stevenson to make it 3-2 for the Royals.

This turn of affairs made the Wings frantic in their effort to regain their lead. They floundered around but did not get anywhere.

In the dying moments of the game Howatt carried from his own blue line and gave Waite a short pass. "Biff" very seldom misses when in close and he certainly didn't on this one.

Several people were heard to remark that by the cheering one would think there were a thousand people in the rink. Of course there were not that many, but those who were there were at a high pitch all evening and went home well satisfied.

Praise For Crew, Not Criticism Claim

(A.P. By Guardian's Special Wire)

SAN FRANCISCO, Jan. 11—Frank Hennessey, United States attorney, said today testimony at a Federal Navigation Bureau hearing indicated the crew of the liner President Hoover should be praised rather than criticized for its conduct after the ship was wrecked on an Oriental island.

The United States government will not prosecute any crew member for mutiny, Hennessy said.

A hearing was called in San Francisco following published charges of passengers that crew members became intoxicated, molested passengers and rioted after the Hoover went aground on Hoishoto Island, near Formosa, Dec. 10
