Farm and Summer Hotel for Sale

Mrs Smith has decided to sell the farm and hotel of the late Matthew Smith, at Hampton Beach. This is a very desirable property as hundreds who may read this notice will attest. The farm contains about 100 acres, divided into ten fields, well fenced with cedar posts and eight strand wire fencing, the fences all being largely built in the last six years. There is no richer or better farm on P. E. Island. Mr Smith lived on the property over 30 years and never sold a ton of hay or bushel of oats off the farm. He was a large feeder of fat cattle for a number of years and enriched the farm to a very high state of cultivation. The shore line of the farm has been noted for years for its large deposits of seaweed which Mr Smith wisely converted through his stables, pigsty and barn yards to a fine fertilizer for his land. As a farm it has few equals anywhere. The buildings have been added to almost yearly and kept in first class repair. Within the last two years a large two story addition containing kitchen, store, room and laundry, all separate, on first floor and sleeping rooms for family and help on second floor, also a fine water system with sewerage throughout the house at a cost of about \$1000. The house now has comfortable accommodation for fifty guests and is filled continuously through the season with grown people paying from \$7.00 to \$12.00 a week and for the past three years people on the waiting list and those who need away from work of room have been a greater number than those who were taken. Full investigation will substantiate all these statements. The hotel has an established trade, quite a number of the rooms being already engaged for the coming season. This property, hotel and farm, is a money maker and will yield a net income reasonably well managed of \$1500-2500 yearly. Mrs. Smith will sell the farm, entire crop, farm machinery, cattle, horses, carriages, etc. the Hotel, furniture, in fact everything on and about the place, excepting personal property, all together, or farm and Hotel furnished, separately, at a great bargain and will give to the right party sufficient time to pay for half or more of the purchase money off the proceeds of the property.

Mrs. Smith desires to spend the winter with her children in California and will give possession any time between now and January. Any person desiring to purchase this property should come and make a personal investigation early letting the undersigned know a few days before, when they would call.

MRS. MATTHEW SMITH, Hampton, 9-29ndnw61.

Owing to the big Saturday Guardian, and the large number of advertisements therefor, it is necessary that all "changes" of matter reach this office not later than ten a. m. Friday, to insure insertion in first following issue.

The name of Frank Riggs was inadvertently substituted for that of Frank Worth in The Guardian recently. The local in which the error appeared was in reference to a pair of Mr Worth's pups which had been accidentally killed.

The daily average circulation of The Guardian, for week ending September 25th, was 7,398 copies a day. The circulation of The Guardian is greater than that of all the other Daily newspapers on Prince Edward Island combined. Attention is called to the statement in another column.

The Patriot is now seeking assistance from the Civic Authorities in reference to the number of Police on duty in this city. It is to be hoped they will secure the information desired from a source other than The Guardian's columns. Yesterday's Examiner explained the situation fully and did not leave much room for further comment. As the Examiner remarks, considering its numbers the Police Force of this city, under Marshall Cameron, do exceptionally good service and their work has always been greatly appreciated by the citizens.

HALIFAX, Sept 30—Owners and drivers of the Maritime Provinces completed the organization of Protective Association at a meeting held in the Halifax Hotel last night. SMYRNA Waistings

You have read of that port in Eastern Turkey --Smyrna--where the celebrated Turkish rugs come from. Well, the manufacturer of these waistings having made a study of the methods of coloring and patterns used in this old world city, has produced a line of materials in which the beauty and quaintness of these old time patterns, has been strikingly brought out. Some in peculiar scrolly patterns while others are dots, dashes or stripes.
