**Mr. Louson's Description of the Buffalo Exposition.**

SIR,—Being one of many who will not be able to visit the Buffalo Exhibition, I was especially pleased with the very clear and comprehensive letter from the pen of Mr. Louson, in your paper of the 21st inst. Not only is it to be commended for the information given, but also for the beautiful sentiment that runs through it like a golden thread.

Particularly touching is his reference to the impression made on the mind of his father, "when the thousands of electric lights shed over all the scene a halo of splendor, dazzling in its effect." Can we wonder that both father and son were constrained to say, "that if such wonderful things can be wrought by the genius of man, what will be the glory and surpassing beauty of that City, not made with hands, eternal in the Heavens, whose builder and maker is God."

This is not the first time I have had the pleasure of reading productions from the pen of Mr. Louson. His two little booklets, entitled, "There Are Others," and "Between Me and Thee," are both simply but exquisitely written, and abound with pearls of richest truth.

I am quite sure I voice the sentiment of many of our people when I say, that we will always be glad to hear from the genial and whole-souled king among Commercial Travellers, Will S. Louson.

THE GUARDIAN wishes the new firm that large measure of success which it will no doubt achieve.

**SUNDAY MORNING, June 10th, 1901.**

Richard Costain, one of the first settlers in Miminagash, passed away. He with his brother came to Miminagash about sixty years ago. Originally the family came from the Isle of Man. Mr. Costain was in his ninetieth year. Mrs. Costain is eighty five. If her husband had lived till August they would have been sixty years married. Deceased has been a member of the Methodist Church for many years. A large gathering of people were present on Tuesday at the funeral service.

At the police court yesterday morning the first case against John Hughes was dismissed and the second case was adjourned until Saturday. The case of Michael Weatherbie vs Mrs. Flora McNeill was adjourned until Wednesday. Albert P. Allen for drunkenness was fined \$20 or 40 days but upon the prisoner's statement that he was going to Georgetown the fine was allowed to stand over. James Morrissey (insane) who was arrested yesterday morning was remanded for eight days. He will be removed to the Asylum.

The following resolution was passed at a meeting of the Marshfield School District.

Resolved that the ratepayers of the Marshfield school assembled in annual meeting in accordance with the Education Act of the Province hereby declare their warm appreciation of the faithful and efficient manner in which Mr. J. Herbert Morson has performed the duties of teacher of their school during the last six years and report that his connection with the school has been terminated.

Resolved further that the faithfulness and ability with which Miss Ethel M. Morson has conducted the Primary department of this school for the last two years merits the approval of the District.

**Feed Their Bobbed On Lactated Food.**

It Promotes Natural Growth and Sweet Sleep.

The thousands of infants who suffer in the hot summer weather are improperly fed. The lives of the vast majority of little ones out off in summer, could be saved if fed and nourished on health-giving Lactated Food.

When the mother is out of health, her milk is positively dangerous for her child. The ordinary prepared food for infants conduces to the common infantile troubles—cholera infantum, diarrhoea and dysentery. The ordinary cow's milk is too often stale and sour, and the seeds of disease lurk in it.

Lactated Food is a saver of babies' lives; it gives the proper nourishment to little ones that builds them up in flesh, bone and tissue. It has saved thousands of weak, puny and frail babies; it will save yours dear mother and bring it safely through the perils of hot weather. At all druggists.
