Good Principles

are the necessary basis of good living, but sound precepts loose much of their force if the preacher fails to practise what he preaches.

We preach fair dealing, fair prices and good goods - we believe in these and practise them. They work both ways; help those who deal with us, and so help us.

REMAINS ARRIVE.— The remains of Mrs. Ida L. Carrier were brought from her late residence at Haverhill, Mass, by the D. G. S. Earl Grey last evening. The funeral will be held on Friday at 2 p. m. at the residence of John E. Carrier, of Earnscliffe. The interment will take place in the Cherry Valley cemetery.

THE KARAKULE SHEEP INDUSTRY.—By the D. G. S. Earl Grey last evening Dr. C. C. Young, the noted expert on Karakule sheep, arrived. He has returned from a visit to Washington, D. C., in the interests of the Karakule sheep industry. He had been giving directions for the final test that is being made in connection with the breeding of the Karakule fur producing sheep by the United States Department of Agriculture at Bellsville, Maryland, which is seven miles from Washington. He brought back with him the Karakule ram he had lent the U. S. A. authorities for that purpose. There is a likelihood of Dr. Young having at an early date to go to Asia to collect whatever material he might require for the book on the Karakule sheep industry that he is writing. Dr. Young is very enthusiastic about the future of this industry and has written an article for The Guardian bearing out his contention that there is a chance of making just as much money in this industry as in the fox industry and with infinitely less risk to the investor.

The Delicacy of Baby's Skin

Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema.

More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed.

Nothing can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema.

The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and nasty and colored scars are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

DAILY SELECTIONS FOR GUARDIAN READERS

BIBLE WORLD'S "BEST SELLER"

Over Fifteen Million Copies Sold During Past Year.

The Rev. Dr. William Ingraham Haven, corresponding secretary of the American Bible Society, has sent out a circular giving some interesting statistics regarding the number of copies of the Scriptures issued during the last year.

It appears from this summary that the year's output of Bibles by the British and Foreign Bible Society numbered 7,899,000 volumes. The Bible Society of Scotland, for the last year of record, circulated 2,359,000 volumes. The issues of the American Bible Society for the same period numbered 4,049, 610, making a grand total of copies of the Bible of 14,308,595. To this enormous number may be added the circulation by the Continental Bible societies, the statistics of which have not yet been published.

Nor do these figures by any means represent the entire number of Bibles issued during the year of record. The commercial circulation of the Scriptures by the great Bible presses—Oxford, Nelson & Sons, the International and others—must be added. These figures abundantly indicate that the Bible outranks all other books as a seller, although millions of copies are given out annually by the Bible societies, literally without money and without price.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

BRING BACK ITS GLOSS, LUSTRE, CHARM AND GET RID OF DANDRUFF.

To be posessed by a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through the hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.
