Mr Jack Dalziel R.C.N.V.R. Wireless Telegraphist is spending leave

NOTICE TO FARMERS Regarding Farm Help

As we have already stated in the press and over the radio.

The National Selective Service, Ottawa, in conjunction with the Military Authorities, have made it possible for the Dominion-Provincial Farm Labour Bureau to offer the services of 150 English-speaking members of a Nova Scotia Unit to the farmers of this Province under the Dealtall Farm Duty Plan. Under this plan the soldiers work under strict Military Rule; Officers and N. C. O. accompany them to the Province. The rate of pay is \$3.00 per day, wet days and Sundays excluded.

50 of these men have arrived and are now available for farmers who wish to procure their services. And further arrivals of these men will depend upon the number of applications received for their services. Therefore, it is important that farmers wishing to procure this help, now, or at a later date, advise this office immediately the number of men required and the approximate date they will be required. If we do not act quickly these men may be assigned to the other Provinces. To let us know later may be too late.

If you are interested, Please your requirements (collect).

THE DOMINION-PROVINCIAL FARM LABOUR BUREAU
Charlottetown.

First Aid Awards Are Presented

Awards in First Aid were presented to members of C.N.R. First Aid classes at Charlottetown on evening of August 22nd and at Borden on evening of August 23rd. Both meetings were addressed by Dr J.J. Blake Provincial Commissioner of St. John's Ambulance Brigade (Overseas), who gave a review of St. John Ambulance organization and service throughout Prince Edward Island as a whole, and Mr J. K. Tambling, Asst. General Supervisor of First Aid from C.N.R. Medical

headquarters at Montreal, who gave an accounting of the work the C.N.R. Medical Department is doing in all its branches, including employee examination, clinical service, laboratory and other technical assistance to employees sanitation and the relation of system First Aiders to the other branches.

Mr Tambling received warm greetings at both meetings from members of the classes on the occasion of his first visit to the Island. This trip, brief as it was, includes Mr Tambling's tour of the whole of Canada which commenced last autumn.

introduced the guest speakers: Awards were presented to the Charlottetown class as follows:

Vouchers: Frank Murray, Trainman Ernest Hutscher, chief.

Certificates: Mary Mooney, Annie Gillis, Angeline Doucette, Ena MacLeod, Eileen Ryan, Newton Large, Harold McRae clerk, G.N.T. Heber Bell, conductor.

Borden Class:—

Medallions: Helen Herring, Ralph Toombs.

Vouchers: Katherine MacLaughlan, Hazel Sharpe.

Certificates: Laura MacLean, Blanche MacPherson, Josepha McNally R.M. Patricia Saunders, Doris Sexton, Donald MacPherson, E.M. Campbell.

YOUR AA RATION IS AN "ISSUE" OF VITAL AMMUNITION

THINK!..before you waste a drop!

GASOLINE for all purposes—civil and military—comes from the one common petroleum pool of the Allied Nations! Oil control in Canada must keep our withdrawals from this common pool down to a minimum. Your AA ration was not given to you for pleasure driving. It represents the outside limit of what the average motorist should use for essential wartime driving including voluntary war work.

In this country, where train, bus and street systems cannot alone carry all essential traffic, the motor car is an indispensable link in the nation's transportation chain. It is to help keep civil transportation rolling that your AA gasoline allowance is made. Only in instances where this basic allowance is insufficient for some specific essential service or war job, are extra rations being allowed.

Remember that your gasoline ration is an "issue" of ammunition. Don't waste it. Don't squander it on needless trips. It is your obligation to make your AA allowance do a real wartime job. Every gallon, we can go without here at home means that much more for the fighting men.

LESS CIVILIAN GAS MEANS MORE "FIGHTING GAS" FOR THE FORCES

NO. 9 OF A SERIES OF ANNOUNCEMENTS ISSUED BY THE DEPARTMENT OF MUNITIONS AND SUPPLY, HONOURABLE C. D. HOWE, MINISTER

Answering YOUR QUESTIONS about the GASOLINE SHORTAGE

Which is the most highly mechanized army in the world? . . . Canada's Army. What type of gasoline is standard for all military vehicles overseas? . . . A fine grade automobile gasoline—80 octane "all purpose" gasoline. How much more gasoline is needed to fight this war than the last? . . . 80 times as much!
