THE Guardian is in receipt of a very artistic calendar from the Prince Edward Island branch of the Intercolonial Railway of Canada. This year as in the past it still bears the old familiar moosehead emblem. The picture depicts a pretty hunting scene—two men gliding down a winding stream in a canoe, with a young deer between them. The calendar is bordered with a very sucressful representation of birch bark.

Two schooners laden with produce arrived in Glace Bay, Dec 29, and relieved the "produce famine" that was inevitable. One of the schooners, the Electric Spark left P. E. Island about three weeks ago, but on account of the ice in the canal was not able to proceed further than St. Peter's, until relieved by the remarkable thaw of the past week. The Olyampus, Capt. Dicks, was also ice bound, and had been on the way over two weeks. After discharging cargo both vessels were to lay up there for the winter.

A. HORNE & Co. the agents in this City for the firm, have sent this office one of the Swift Lowell Fertilizer Co's Calendars for 1907. It is a capital sketch in color of a charmingly pretty girl. The Guardian has also received one of the Cockshutt Plow Co's Calendars, from Messrs. Horne & Co., who represent them here. This is a particularly attractive one, showing in a bas-relief representation of Joseph Brant conversing with some Six Nation Indians, regarding land offered them by the British Government. Both calendars are appreciated.

As our free rivers flow
The blessing of our Motherland
Is on us as we go.'

ON Xmas eve the pupils of Cherry Valley School, presented their teacher, Miss E. E. Munn, with a beautifully bound edition of Bryon's poems and a set of fancy vases, accompanied with a very touching address which was read on behalf of the pupils by Miss Martha Irving.

AN old and very much respect lady was removed from the activities of life in Charlottetown where she was known for many years, when Mrs George W. Millner died on Saturday last. To those of the older generation of citizens the name is very familiar, the husband of the deceased who died a number of years ago having been a prominent citizen and an esteemed and popular member of the community. Mrs Millner had reached the ripe age of 86, and during her long life had so lived as to earn the love and respect of those who came within the reach of her friendship. She was a most interesting conversation a list, and had many endearing qualities which made her list of acquaintances a large one. She will be generally and sincerely mourned and sadly missed from her home circle. For a some of years past she had been living at the home of her daughter Mrs. B. C. Prowse, of this city. A family of four sons, namely, James in Cambridge, Mass, Charles and Samuel in Boston, and Walter in the West, and three daughters, Mary in the Western States, Alla in Boston and Mrs B. C. Prowse of this, city are left to mourn a devoted and loving mother. They will have the sympathy of all. Mrs Millner was a daughter of the late Samuel Wallace of Baltimore, Maryland, and came to Prince Edward Island shortly after her marriage to Mr. Millner at Washington, D.C.
