Winnipeg Grain
WINNIPEG, July 23 — (CP)—Fairly good buying was noted in barley in the coarse grains futures market on the Winnipeg Grain Exchange today, reflecting the Bureau of Grain Commission's report of a decline in barley estimates. Oats followed the same trend as barley, with prices firm and slipper demand noted.

Some sales were in evidence in the rye futures market for American accounts.

Price of class two wheat, for export to countries other than the United Kingdom, remained unchanged for the second straight day.
