

Beacon fires Of Freedom This Evening

Everything is set for the Beacon Fires of Freedom program in the Drill Hall this evening at 8 p. m., on the dot! All societies, labor organizations, veterans, patriotic organizations, service clubs, men's and women's active forces, etc., are asked to be in the Hall not later than 7.50.

Elsewhere will be found the program, please read it carefully. Note it is completed in Drill Hall before 8.30.

The Beacon program will commence about 8.30 p. m. The Beacon is erected on the west side of Government Pond, in the clearing there. Its construction is not expensive. Some materials donated, some purchased, labor given as a labor of love for the cause. Don't fail to see it—it is unique—it is spectacular—it is colorful.

Three giant searchlights, loaned by the Exhibition Association totalling 6000 candlepower will be erected in Drill Hall and focussed on the quadrangle in which will be drawn up the naval, military and air force detachments, in battle equipment. See These magnificent types of British and Canadian manhood "under the lights"; also a dozen of Canada's finest Mounties drawn up with them, all surrounding the Beacon Fire of Freedom.

The Godfrey Sound System will carry the entire program in the Drill Hall to everyone there and loud speakers erected in the trees opposite the Beacon and placed at varying angles will make every word clear and perfect to those outside and in the vicinity of the Beacon.

The band from No. 62 C.A.B.T.C. will be out as a complete unit in the quadrangle and render its share of the program.

An orchestra will play from 7.45 to 7.57 in Drill Hall so there won't be any dull moments prior to the start of the program.

The solemnity of the occasion and its significance require that perfect order be kept during the program and the ceremony at the Beacon. The City Police, under Chief A. Birtwistle will attend to that.

The gallant firemen under Chief Angus MacEachern will form up north of the Beacon quadrangle in accordance with A. R. P. regulations.

The committee and everyone connected with this, the first Canadian Beacon Fire of Freedom have worked hard to put on a good program. Now they want the good people of Charlottetown to do their part by being present at the Drill Hall or at the Beacon ceremony—or both.—It will be broadcast over CFCY both the Drill Hall program and the Beacon Fire ceremonies. Mr. L. A. McDonald of CFCY will give a complete word picture of every detail of this most unique event. Listen in to CFCY this evening.
