SQUADRON OF PLANES TO ATTACK LONDON

"Attacks" Will Be of Great Value in Testing Method of Warning.

LONDON, Aug. 14.—Memories of the late war and in vivid pictures of the next struggle will be brought to London's seven million inhabitants this week when the metropolis becomes the target of a series of attacks and defence by 350 aeroplanes.

Thirteen powerful squadrons comprising 150 planes mostly bombers, representing the Eastland, will make a dash from the south coast each evening to drop their hypodermic cargo of high explosives and incendiary bombs.

The Eastlanders will be under Vice-Marshal Sir John Steel and the Westlanders under Vice-Marshal Sir Brooke-Popham.

Viscera Reveals Toxic Matter

BOULOGNE, France, Aug. 14.—Dr. Paul chief chemical analyst for the Surete Generale, the French Scotland Yard, is reported to have detected toxic matter in the viscera of Captain Alfred Loewenstein, Belgian financier, whose death recently was surrounded by mystery.

14 of Crew Drowned

BOSTON, Aug. 14.—An unconfirmed report was received here today that 14 members of the crew of the steamship McKenney had been swept overboard during a tropical storm while the ship was four days out of Los Angeles, bound for Boston.

LINER AGROUND

MIAMI, Fla., Aug. 13.—A radio message to the Miami Daily News from its Nassau correspondent this afternoon said that the passengers have been taken on the liner, the Greek Munitar, which went aground off Great Abaco, yesterday.

No Damage Sustained In Collision

(Canadian Press) MONREAL, Aug. 14.—Information today from Variennes, Que., scene of Friday's collision and grounding on the St. Lawrence River, was that of the Illingworth and Alderbaran, which struck each other lightly, were found to have sustained practically no damage and proceeded to their destinations, the Alderbaran to Rotterdam and the Illingworth to Antwerp. The Illingworth, which went aground at L'Aigle, is still ashore. Tugs were working on her today. Her cargo of wheat had to be lightened before she could be moved.

Three Killed In Crossing Accidents

(Special to the Guardian) NORTH BAY, Aug. 13.—One was killed, another injured and eleven others narrowly escaped injury when a truck containing 13 North Bay people was struck by the T and N O engine no. 133 at 12.38 p. m. today. The fatal accident occurred at Connelly's crossing within the city limits on the road leading to Trout Lake. David Germain, 12, year old son of Mr. and Mrs. E. Germain, 159 Second Avenue West, was killed, while Alice, 7 year old child, was slightly injured.

(Canadian Press) ST. JEAN, Port Joli, Que., Aug. 13.—Two persons were killed and a third was gravely injured when the automobile in which they were riding was struck by a Canadian National Railway train at a level crossing here. The dead are: Mrs. Joseph Fortin, 81 years of age and Mrs. Marie Jeanne Grenier, 23, granddaughter of Mrs. Fortin. Miss Grenier's brother, who was riding in the car, was seriously injured. The victims were residents of St. Louis, L'Islet County.

Montague Corps In Second Place

(Canadian Press) HALIFAX, N. S., Aug. 14.—The Montague cadet corps of Montague, P. E. I., with a mark of 95 per cent took second place in the annual inspection of cadet corps from military districts in the province. The first place was won by the St. John's corps, which was announced today. The Halifax High School cadet battalion came first with 96 per cent. Forty six corps were examined.

The West Kent school cadet corps and the Queen's school cadet corps, both of Charlottetown, were fourth and fifth respectively, each with 94 per cent. The Prince of Wales College cadet corps of Charlottetown, came thirteenth with 85 per cent.

ISLANDERS WIN PRIZE MONEY

OTTAWA, Aug. 13.—In the first match at the Connaught Range three Islanders placed in the prize money. The first shot was by the MacDougall Match at the 200 and 500 yards range; the possible 70. In this match Sergeant G. C. McLennan of P. E. I. Highlanders was ninth with a score of 68. Sgt. J. D. Poole, P. E. I. Light Horse was 49th with 67, and Sgt. A. O. F. Gill, 124th with 65.

THE MARKET'S

OTTAWA, Ont., Aug. 14. (Eggs)—Canadian egg markets are firm and unchanged today.

TORONTO.—This egg market is firm and unchanged today with dealers buying from country shippers at extras 38c; firsts 35-36c; seconds 34-35c.

MONTREAL.—The local egg market is firm and active and advancing under light receipts. The demand is good and eggs are jobbing extras 42c; firsts 39c; seconds 34c.

EDMONTON.—This egg market is steady with a firm undertone. Dealers are buying from country shippers at extras 31c-33c; firsts 28-31c; seconds 22-23c.

ST. JOHN.—This market is firm with dealers quoting country shippers for ungraded eggs delivered extras 36-38c; firsts 32-34c; seconds 29-31c.

MONTREAL, Que., Aug. 14.—Owing to the fact that foreign bids were below local exporters' views, the export trade in Canadian grain here today continued of a limited character. The domestic trade in Canadian western oats was fairly active and values were firm. Little business was done in spring and winter wheat flour but prices for all grades were firmly maintained. A fair amount of business was done in all lines of milled wheat with local and United States buyers and prices firm. Standard grades of rolled oats were unchanged. The inquiry for eggs was again good but owing to the continued scarcity of supplies the volume of business was restricted.

The undertone to the market was firm. The receipts were 4,373 cases. An easier feeling developed in the cheese market and prices scored a fractional decline which was attributed to the limited supply. Receipts were 9,038 boxes.

The trade in butter was again decidedly limited and the undertone was firm. The receipts were 250 packages.

The trade in sugar was again decidedly limited and the undertone was firm. The receipts were 250 packages.

The trade in flour was again decidedly limited and the undertone was firm. The receipts were 250 packages.

VERNON RIVER POLITICAL MEETING

Conservative Candidates and Speakers Create Splendid Impression Before Crowded Audience

Many Speakers Were Heard—Sensation Sprung at Meeting by Mr. Reg Sterns.

Last night the rival candidates supported by other speakers faced each other in the second last meeting of the series.

It was held in the commodious and excellently appointed C. M. B. A. hall at Vernon River, and was one of the most largely attended of the series, all the standing room being taken.

The speakers of the evening were Mr. Bruce, Mr. MacLean, Mr. Bentley, Hon. J. D. Stewart, Dr. MacMillan, M. L. A., Hon. J. P. MacIntyre, Mr. Larabee, M. L. A., Hon. A. C. Saunders, Mr. C. Gavan Duff, K. C., Mr. Martin MacKinnon, Mr. J. A. MacDonald, Mr. Mark MacGulgan, Mr. J. H. MacDonald of Vernon River who opened the meeting in a few well chosen words.

Mr. Bruce MacCallum was the first speaker. He first dealt with Mr. Leas' policy re. pure bred stock commending the same. As to the roads, he contended that Mr. MacLean's criticisms of the roads were unjustified. He appealed for their support on the sixteenth of the month.

Mr. MacLean who spoke next thanked the electors of Vernon River for the large measure of support tendered him in the last election. Although, on that occasion, he and his colleague had gone down to defeat, it was an honourable one, of which they were not ashamed.

There were, he said, three candidates in the field. Mr. Bentley, the prohibitionist candidate had been severely criticized by the Liberals. As to this, he felt that both Mr. Bruce, and Mr. Bentley, were honest men, and he did not propose to criticize them. The Liberals' support of Mr. Bentley is a Conservative, but, as a matter of fact he has served his time in many political camps.

As to the roads, they speak for themselves. Nothing further in fact was to be said about them. But one thing was certain, they were costing a very great deal of money.

The Patriot is giving a great deal of publication to the statement of Mr. Leas that when the Liberals came into power they found nothing but general cattle on the Falconwood farm. As a matter of fact, they were pure bred Ayrshire.

When the Conservatives again came into office they had to destroy several of Mr. Leas' pure bred Holsheims, because they were diseased.

As to the road machines, Mr. MacIntyre will not say whether there was a commission or not. He will not deny it. The government has come into debt \$460,000 since they came into power.

Much road work is now going on in this district, but there will, in the speaker felt, be a change when the election is over.

Mr. MacLean closed with an appeal to the electors for their support, and promised, if elected to serve them to the best of his ability.

MR. R. H. STERNS stated that he had not come to talk politics. As Bentley, he goes to private homes, blackguards Sterns, and tells people that liquor was served at Beach Grove Inn. Liquor is not served at Beach Grove Inn.

On Doctor's week, the speaker agreed to open the hotel on the 15th day of June. The management was taken off his hands by Dr. Jack Jenkins and Dr. Dewar.

The speaker went into details of the banquet served during the convention week. Why should an institution that could do this be blackguarded by the like of this? (pointing to Mr. Bentley.) Mr. Sterns here corrected that so far as he knew, no liquor had been served, or any bought.

As one has to beat the devil at his own game. He has no more right to criticize the banquet than I have to criticize Mr. Bentley for serving liquor at his own home on Christmas, 1912, when I was present and drank it.

MR. BENTLEY replied briefly that he had received his information as to the liquor used by the doctor, he had received it from reliable sources.

He admitted that in 1912 liquor had been served on his table.

The trade in butter was again decidedly limited and the undertone was firm. The receipts were 250 packages.

A SPLENDID PROGRAMME FOR MARITIME VISITORS

Members of Maritime Legislatures and Boards of Trade Invited to Attend Toronto Fair by Maritime Provinces Association. Great Educational Programme Planned.

Plans for the entertainment in and other important bodies; visits Toronto for three days, starting August 30th, of members of the Maritime Provincial Legislatures, Maritime representatives of the Dominion Parliament, boards of trade and press representatives from the Maritime provinces, outlined to the Guardian yesterday by Prof. E. D. MacPhee, of Toronto University, vice president of the Maritime Provinces Association of Ontario through whose initiative the project is being undertaken.

The Toronto business men are enthusiastically co-operating, and it is expected to make the event the biggest educational experiment ever undertaken in Canada.

Briefly, the object of the Maritime Provinces Association is to promote better understanding and good-will between these Provinces and the great province of Ontario. To this end they hope to secure a large representative attendance of Maritime business men, agriculturists and others who will be able to discuss at first hand specific problems in trade and commerce with business men of Ontario, as well as meet others in their own line of business from all parts of the British Empire. The programme as outlined by Prof. MacPhee will be a strenuous one, but every detail has been worked out with a view to assuring the comfort and convenience of the visitors.

Transportation to and from Toronto is being provided, as well as adequate accommodation for the entire party in Knox College, University of Toronto. There will be luncheons, suppers, conferences with the representatives of the Federation of British Industries in Canada, and when they reach the Ontario Capital.

Prof. MacPhee, who is a son of Mr. H. A. MacPhee, of Tryon, is naturally desirous of seeing a good attendance from this province. Other Prince Edward Island men now in Toronto are keenly interested themselves in promoting the affair. It is safe to say that the visitors from the Maritimes, will be a contented and happy party when they reach the Ontario Capital.

Great Britain Passing Through Difficult Period

(Special to the Guardian) MONTREAL, N. B., Aug. 14.—"Great Britain is at present passing through one of the most difficult periods she has ever faced," said Mr. W. D. Robb, Vice President of the Canadian National Railways on his return today from a two months tour of Europe.

Mr. Robb, who is a member of the British Empire League, spoke at a luncheon given by the Maritime Provinces Association at the Hotel MacCallum, in which he discussed the economic situation in Great Britain and the effect of the war on the British Empire.

"The situation in British coal mines continues unsatisfactory," Mr. Robb continued, "and the volume of foreign orders has been secured, export prices are lower than a year ago."

"Notwithstanding the increase in unemployment, trade returns for the first half of this year show an improvement over the same period of last year."

Similar conditions are indicated in the half yearly returns of the big British banks. Apart from the internal distractions it is now possible to discern the most encouraging development of recent years. The cotton industry is breaking through its old limitations and learning the lessons which competition has taught to others. A joint syndicate of manufacturers, merchants, shakers and bankers has set out to shake the hold of Japan, the keenest competitor on the Chinese market. The result of this experiment is encouraging. China used to be Lancashire's second largest market and success there would in all likelihood be followed by activities in other markets.

"In general trades, especially those pertaining to luxuries, such as artificial silks and motor cars, business is active, while the past few months have seen unusual activity in the stock exchange."

"The British railways were passing through difficult times," Mr. Robb stated, "but the passing of the road powers bill, giving the railway power to meet motor competition."

"In the promotion of trade between the Empire and the United Kingdom the valuable work of the Empire marketing board was making itself felt. In 1924 Great Britain imported empire goods to the value of 386,000,000 pounds and exported products amounting to 334,000,000 pounds. Last year British Empire exports were 380,000,000 pounds and purchases from the empire totalled 420,000,000 pounds."

Hon. W. Monroe Has Resigned

(Canadian Press) ST. JOHN'S Nfld., Aug. 14.—Following the resignation of Hon. W. Monroe, Premier of Newfoundland, which will be submitted to His Excellency the Administrator today, it is understood that the Premier will, on the recommendation of Premier Monroe, call upon Hon. F. C. Allardice to form a cabinet. Hon. Mr. Allardice last session was government leader in the legislative council.

MONTREAL, Aug. 14.—The four entrants from the Maritime Provinces were eliminated in today's 36 hole qualifying round of the Canadian amateur golf championship at the Sunningdale Club. Scores of the Maritime players follow:—A. McAvity, Riverside Club, St. John, N. B. 90-87-177. Eric B. Thompson, Riverside Club, St. John, N. B. 80-87-167. Donald McNaughton, Riverside Club, Moncton, N. B. 89-87-167. A. V. Saunders, Charlottetown, 90-92-182. To qualify it was necessary to score 163 or better.

petition by organizing auxiliary transport systems on the roads would help them considerably. There is a marked improvement this year in the condition of British agriculture, said Mr. Robb. The country was this year reaping one of the best hay and cereal harvests in years. The agricultural credits bill, providing for long term credits on mortgages and short term credits on livestock was an important legislation which would encourage the farmer to borrow direct from his banker and pledge his crops and stocks instead of borrowing through his merchant.

"In the promotion of trade between the Empire and the United Kingdom the valuable work of the Empire marketing board was making itself felt. In 1924 Great Britain imported empire goods to the value of 386,000,000 pounds and exported products amounting to 334,000,000 pounds. Last year British Empire exports were 380,000,000 pounds and purchases from the empire totalled 420,000,000 pounds."

Settlement Scheme Before Govt.

(Canadian Press cable via Reuters) WELLINGTON, N. Z., Aug. 13.—A settlement scheme for the state of Western Australia involving eight million acres and an expenditure of \$22,500,000 has been put before the British Government, Hon. Alexander MacCallum, Minister of Public Works for the State, declared in an interview here today on his way back to Australia, from Britain. Hon. Mr. MacCallum expressed the opinion that some of the 300,000 miners now unemployed in Britain would make good settlers for his state.

Diamond Regions In Uproar

(Canadian Press) RIO JANEIRO, Aug. 14.—The diamond regions in the states of Groso and Goyaz have been thrown into uproar by rioting prospectors. Several towns have been looted and a number of murders committed by the enraged natives who claim that they were paid by grubstakers in counterfeit money. The natives found they could buy nothing with money which they received for weeks of toil in the heat of the wilderness.

The prospectors turned bandits and started an intensive search for the persons, who they claim, cheated them with the fake money. When the police tried to prevent them from entering several towns, they burned houses. Several skirmishes have been fought by police and the bandits who number several hundred. One police commander and several soldiers have been killed.

One Killed In Auto Collision

(Canadian Press) LONDON, Ont., Aug. 14.—One youth met almost instant death and five others were injured, one seriously, when the automobile in which they were riding crashed into a concrete culvert at the McGillivray town line this morning. The party composed of Mount Carmel residents, was returning from Brand Bend, Ont.

Newest National Park Opened

(Canadian Press) MONTREAL, N. B., Aug. 14.—Fort Beauséjour, Canada's newest National Park, was opened today at Sackville, N. B., and Amherst, N. S., and pleasantly situated on a high mound overlooking Chignecto Bay, was officially opened this afternoon under most auspicious circumstances. The proceedings took the form of a tripartite ceremony at which were also dedicated in addition to a monument commemorating the taking of Fort Beauséjour by the English in 1755, a monument to the York-shire immigrants who came to Westmoreland and Cumberland counties between 1772 and 1776 from Yorkshire, England and another to La Valliere who was the Seigneur of Chignecto in 1678-84 which in a dual manner commemorates the memory of the La Valliere and the Le Lieux (Longs Island) once capital of Acadia situated between Fort Beauséjour and Fort Lawrence, and which is the geographical centre of the Provinces of New Brunswick and Nova Scotia. Dr. J. A. Webster chairman of the historic sites and monument Board of Canada, officiated as chairman.

Drownings Take Toll of 7 Lives

(Canadian Press) QUEBEC, Aug. 14.—Drownings took a toll of seven lives in Quebec and district today. Three were drowned in the Montmorency River, two at Lesaulles, near Lorette, two at Lake St. Joseph and one at St. Anne de Beaupre.

Ten Injured In Collision

(Special to the Guardian) NEW YORK, Aug. 14.—Ten persons were injured today in a rear-end collision of two Brooklyn Manhattan Transit Co. elevated trains which were bringing 800 early commuters into Manhattan from Brooklyn and Long Island suburbs. Fire which broke out in one of the cars was quickly extinguished by firemen from a station almost directly under the trestle where the crash occurred. Passengers were thrown onto the floor and trampled in the panic which followed the collision. None of those injured will be seriously hurt, ambulance physicians said, although all of them required medical attention. They were cut and bruised.

NEW CANTERBURY HEAD FACES BIG PROBLEMS

Archbishop Lang However Considered Specially Qualified for Important Post.

LONDON, Aug. 14.—Special and immense responsibilities await Most Rev. Cusack Gordon Lang, Archbishop of York, when he assumes the Archbishopric of Canterbury in November in succession to Most Rev. Randall Davidson. Chief among these problems of course is the revised prayerbook, in the light of recent events.

Dr. Lang has always been a convinced upholder of Dr. Davidson's proposals, which were lately so definitely turned down by the house of commons. He is an out-and-out opponent of making easier the way of divorce, too. In the matter of church ceremonial he possibly possesses a personal preference for a somewhat elaborate form of worship, although he would possibly be as willing to don a Geneva gown as a chasuble if the former were more to the liking of his congregation.

For exactly 20 years Dr. Lang has been head of the Northern Province. He was appointed upon the resignation of Dr. MacLagan, and went to York after several years as Bishop of Sturragan of Stepney. In this latter office he was the deputy in the East End of London for Dr. Winnington Ingram. Previously he was Vicar of Portsea, where the incumbent has a regiment of curates, and which is always regarded as a stepping-stone to the Episcopal Bench. Earlier he was Vicar of the famous St. Mary's church at Oxford—It is now exactly 100 years ago since Cardinal Newman was vicar of St. Mary's. Still earlier Dr. Lang was curate at Leeds—another place which has produced many a Bishop.

The Archbishop-Elect of Canterbury, therefore, has had a very thorough preparation for the assumption of the chief office in the Anglican hierarchy. It is rather curious to remember that both Dr. Davidson and Dr. Lang are sons of the Scottish Manse. Dr. Lang was born at Fyfe, in Aberdeenshire, in 1864, and his aged father, the Very Rev. Dr. John Marshall Lang, and his mother, were both present at his enthronement in York Minister in 1908. The Archbishop-to-be was educated at Glasgow University, and proceeded to Balliol, Oxford. Later he took a course of law as the Inner Temple, London.

Of the Archbishop's unusual qualifications for the high office he is now called upon to assume there can be no question. It is surely many centuries since there was a time in the affairs of the Church of England when ripe experience and sound judgment were more needed in the successor of St. Augustine. Archbishop Lang is 64 years old but shows himself still possessed of a full measure of bodily health and strength. He is a noted speaker.

Dr. Lang has always maintained an immense interest in Canada. Not long before he was translated to the Archbishopric of York, Dr. Lang was offered the Archbishopric of Montreal. In 1918, just before the close of the war, he paid a visit to Canada. On his returning to England he told The Canadian Press: "When I crossed the undefended border between United States and Canada, I passed from a country where war was still a new enterprise to a country where it was a thing of the past."

Next the report on Education and Better Scholars was given by Miss Ethel Schurman, assistant supervisor, or after which the meeting adjourned to meet again at 8 o'clock. The delegates yesterday were taken to the Experimental Farm by members of the Gyro and Rotary Clubs, where a picnic was held and a very enjoyable time spent.

At the evening session the delegates were formally welcomed to the City by His Worship Mayor Yeo, after which a musical entertainment was provided. The convention will conclude today.

Won Bankers Match

(Canadian Press) CONNAUGHT RANGE, Ont., Aug. 14.—C. S. M. Norman J. McLeod, Queens Own Rifles, Toronto, won the bankers match at the Dominion of Canada Rifle Association meet this morning, scoring a possible 50 on the 200 yard distance yesterday. He followed up today on the 600 yards to score a 49 for a total of 99.

It's Better to Get a Tanning on the Beach than One in the Woodshed

QUEBEC, Aug. 14.—Moderate westerly winds, fine and warm. Toronto, clear. Montreal, clear. Quebec, clear. Halifax, clear. St. John, clear. Boston, clear. New York, cloudy. Charlottetown, clear. High tide this morning at 10.02 and tonight at 11.41. Sun sets this evening at 7.10 and rises tomorrow morning at 5.10. New moon Wednesday, August 15th, 2.5 p. m. Summer time eighteen minutes later than Charlottetown.

Annual Convention Women's Institutes of P. E. Island

The first session of the 15th Annual Convention of the P. E. Island Women's Institutes was held in the Prince of Wales College yesterday afternoon with the President, Miss Yeo in the chair.

The meeting was opened by the singing of "O Canada". The minutes of last annual meeting were then read by the Secy, and duly adopted.

An address of welcome was given by Mr. J. W. Boulter, Dept. of Agriculture, to which Mrs. J. A. MacDonald, provincial vice-president, Miss Annie Stewart, president of the Federated Women's Institutes of Canada was next called upon to address the meeting. She spoke of the great progress achieved by the Institutes in all the provinces of Canada, stressing the important place they held in the settling of National as well as home problems.

Dr. Tidmarsh was then called upon to speak to the convention on the important subject of tuberculosis. He chiefly dealt with the cause and prevention of this dreaded disease, pleading with the institutes for their active support.

A discussion on this important subject then took place regarding the creation of a sanitarium. Representatives from each institute were asked to bring to their community the need of active co-operation.

Next the report on Education and Better Scholars was given by Miss Ethel Schurman, assistant supervisor, or after which the meeting adjourned to meet again at 8 o'clock. The delegates yesterday were taken to the Experimental Farm by members of the Gyro and Rotary Clubs, where a picnic was held and a very enjoyable time spent.

At the evening session the delegates were formally welcomed to the City by His Worship Mayor Yeo, after which a musical entertainment was provided. The convention will conclude today.
