

HER BEAUTIFUL SKIN

Every Woman, Who Wishes Those Charms of Purity and Freshness of Complexion, Should Be a Regular User of Fruit Juices in The Form of "Fruit-a-tives".

A CLEAN SKIN MEANS A CLEAN BODY

If You Are Not Satisfied With Your Complexion, Improve It With "Fruit-a-tives".

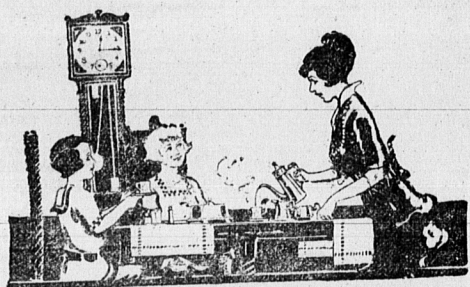

SINCE the days of Cleopatra, a soft, clean, rosetinted skin has meant beauty. It does today; yet beautiful complexions are noticeable because of their rarity. A smooth, glowing skin may be had by every woman, who will use a little care and take "Fruit-a-tives".

Pimples, blotches, blackheads and other blemishes are the results of faulty skin action. Everywhere—all over the body—the little pores of the skin should be busy carrying away the various poisons and impurities formed in the body. Nature delegates this work to the kidneys, bowels, lungs and skin. If, therefore, the pores of the skin become clogged, or if the other organs do not do their work properly, the action of the skin is impeded and disfigurement follows.

"Fruit-a-tives"—made from fruit juices—acts directly on bowels, kidneys, liver and skin. It tones up all these organs, enabling them to do their work properly and at the same time, induces vigorous skin action, and opens up the pores of the skin.

"Fruit-a-tives" is nature's beauty doctor—and every woman who takes "Fruit-a-tives" will find a great improvement, not only in her complexion, but also in her general health.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

COWAN'S PERFECTION COCOA

Mothers are glad to see the children enjoy Cowan's Perfection Cocoa, because they know it is so good for them.

Get the catalogue at the gum store or write us for one.

CANADIAN CHICLE CO., LIMITED PETERBOROUGH, ONTARIO.

Made by Canadians in the most complete, up-to-date and cleanest factory of its kind in Canada.

FRIDAY.

HAZELBROOK FIELD.—The services on Sunday, Nov. 22nd, will be as follows:—Cross Roads, Sunday School at 10.30. Services 11 a.m. Subject, "God Forsaken." Hazelbrook 3 p.m., "With God on the Mount." Alexandria, 7 p.m., Subject "Water from the Rock."

EVANGELISTIC SERVICES.—Evangelistic Services at Alexandria Baptist Church, commencing on Sunday, Nov. 22nd and continuing through that week, special services will be held each night at 7.30. Special music. Everyone is heartily invited. Subject for Monday night "A Birthright Sold."

FREETOWN.—The service in the Methodist Church at Freetown next Sunday, the 22nd inst., will be held in the evening at 7 o'clock, instead of at the usual hour in the afternoon. The Methodist service at Kensington will be at 3 o'clock in the afternoon. This service will be especially for children, and the Presbyterian school will unite with the Methodist. Rev. Mr. Robertson will be the speaker. Everyone is invited.

ENGAGEMENT ANNOUNCED.—The engagement is announced of Miss Marie E. Eagan, of Milton, New Brunswick, to Mr. Edmund Francis McMillan, Portland, Maine, formerly of Eldon, Belfast, P. E. I., the marriage to take place at St. Joseph's Church, Milton, N. B., on Wednesday, Nov. 25th, at 9 a. m. Mr. McMillan is a brother of Mr. Thomas McMillan, of Messrs. Stanley, Shaw & Peardon, Charlottetown.

"SOME LESSON FROM THE WAR" is the subject of Dr. Campbell's discourse to be delivered by him at the Jubilee Service Sunday morning in First Methodist Church. In this paper the Doctor is well known in this city and Province. The Jubilee Committee have done well to secure such a note as Rev. A. B. Simpson of New York and Dr. Campbell of Sackville. Mr. Simpson's theme for next Sunday evening is "God's First Sabbath," and his subject for Monday night is "A Year of Jubilee." All seats free.

PLANT LINE.—Mr. W. S. Crane, of the Plant Line, arrived in Charlottetown last night by the express. Mr. Crane reports the business of his line as good as ever, and states that the Halifax now carries exceptionally large cargoes between Halifax and Boston. The A. W. Perry is now being fitted up in first-class shape for the fall and winter service between Halifax and Boston. The Halifax will make two more trips to Charlottetown and then with the Evangeline will likely lay up at Boston, although there is a possibility that they may go on to the southern service as usual.

BOARD OF HEALTH.—At a meeting of the Board of Health held Wednesday evening in the Council Chamber, the following members were present:—Councillors Riley, McKenna, Rattray, Jenkins and Miller; also Mr. Carron, health officer, and Mr. Johnson and Inspector Bradley. On motion Mr. McDonald took the chair, and after the minutes of the previous meeting had been approved health officer Johnson submitted a verbal report of his inspection throughout the city and schools. His report was most gratifying, showing at present three cases of diphtheria and four of scarlet fever. There were some cases of tonsillitis, but taken altogether, there was no ground for the wild reports which have had a bad effect on city and country alike. To know that only seven cases exist in a city of 12,000 inhabitants was a pretty good bill of health for this time of year.

HAND MANGLED

ZAM-BUK HEALS SO QUICKLY, IT SAVED A WORKER THREE WEEKS' WAGES.

Mr. Herbert Hogben, 358 Beverly St., Winnipeg, writes: "While at work my hand was caught between an iron bar and a revolving belt, and three fingers were very badly mangled—injured, almost torn off. The doctor who dressed the injury advised me to use a certain preparation, and I did so, but the healing was so slow I decided to try Zam-Buk."

"Just one week after I began using Zam-Buk my fingers were so far healed that I was able to go back to work, although the doctor said it would be at least a month before I would be able to do so! Zam-Buk did it! It so healed my wound, but it did it so quickly that I saved me three weeks' wages. I heartily recommend Zam-Buk for all cuts, wounds and injuries."

The above is but one of the numerous instances where Zam-Buk has saved money for those who give it a fair trial. Apart from that, look at the hours of suffering it does away with. Accidents will happen; you cannot tell at what moment your turn will come. Be prepared; keep Zam-Buk always handy; it is the best "First Aid." As soon as applied it soothes the pain, kills the germs of blood poison and quickly heals the injury. Just as good for skin diseases.

If you suffer from eczema, cuts, burns, bruises, cold sores, chapped hands, ulcers, piles, scalp sores, eruptions, or any skin disease, give Zam-Buk a fair trial. Zam-Buk is entirely different from other ointments, and there is nothing "just as good."

At all druggists and stores, or post paid from Zam-Buk Co., Toronto, on receipt of price, 50c. a box, 3 boxes \$1.25. For free trial send name and address, i.e. stamp, this advertisement, and name of paper.

108

NOX A GOLD

108 is the number of the prescription once prescribed by a wonderful doctor. It stops a cough, relieves asthma and bronchitis, and is good for all lung and throat trouble. The best cough medicine for children; try it. 25c. per bottle Sold at Hughes' Drug Store.

TIME CHANGED.—The sale at Upton Farm, West Royal, advertised elsewhere, takes place on Saturday, Nov. 21 at one o'clock sharp, not at ten o'clock as stated.

ENGAGEMENT ANNOUNCED.—Mr. and Mrs. Adam Jay, of Melville, announce the engagement of their daughter, Miss Marguerite Annie Jay, to Mr. William F. Tully, of Newton Upper Falls, Mass.

OATS SHIPPED.—The school districts of Murray Harbor, Portmurray, Cove, White Sands, Beach Point and Abney, have forwarded to Charlottetown for the Army Field Service Fund, 843 bushels of oats. This amount was shipped from Murray Harbor station on the 13th inst.

A NARROW ESCAPE.—An accident that narrowly averted having a more serious result, occurred on Saturday night last, when a young lady and gentleman from Scotchfort were driving to Mount Stewart. The night being very dark, they did not notice, when within a quarter of a mile of the village, a team approaching, and in consequence both teams collided neither seeing the other till it was too late. Both occupants of the first named carriage were thrown heavily to the ground, the young lady being rendered unconscious from the force of the fall for about fifteen minutes and was also cut and bruised badly about the head. The gentleman, fortunately escaped injury, but both carriages and harness were broken to a considerable extent. Taking everything into consideration, however, it is almost a miracle that a worse calamity did not happen, as both teams were going at a lively rate when the collision occurred.

HOME GUARD.—The first turnout and drill of the Charlottetown Home Guard took place at the drill hall last evening. Over a hundred citizens representing the various trades and professions were in the ranks. The squad was not the awkward one that one might expect, the sprinkling of retired militiamen scattered through the ranks giving the movement a general air of military dignity and alertness. Shortly after 8 o'clock Col. Moore called the Home Guard to order and in a well chosen remarks explained the reason for its formation. He hoped that it would help create enthusiasm and act as a recruiting force for active service. The drill lasted for an hour and many of the men expressed the thought that it was all too short. A number present, who had joined the service roll, being somewhat bashful stated that they did not care to fall in the first night but would do so next Thursday evening when the Home Guard turns out for its second drill. The citizens committee in connection with the movement will continue to accept the names of volunteers and will meet next Wednesday evening to further plan and consider the matter. Favorable comment was heard reports. The Home Guard and the successful way in which Col. Moore handled the men. A number of instructors will be provided until such time as the men select their own officers.

Evangelist Lowell C. McPherson preached at the Central Christian Church last night on the subject, "The Value of your Life," taking Mark 8: 36, 37 as a text. He asked a man to gain the whole world and forfeit his life? For what should a man give in exchange for his life? In part Mr. McPherson said: "Thus spoke the Son of God. Who knows best the value of a life of all who ever lived on earth. He knows of God's infinite love in man's creation and in man's redemption. Although in the scriptures there is a distinction between 'son' and 'life', it is evident that God places the highest value in the universe on the life of man—the acme of His creation. All else in the universe was made for man, and then at last God made man. What dignity in creation! "The redemption man from the curse of selfishness—because all sin is based in selfishness—God gave the best He had in the universe. Why should God so hate sin? Because, as a mother hates a rattle-snake among her children, so God knows the awful consequences of sin among His children. That the soul of man, then is of infinite value, who would deny? Yet some seem to have no sense of its value, judging by their conduct. Rather than the improvement of the mind, the heart, the soul, baser things seem ever to occupy them. "You and I never saw one another. We see the temporary tabernacle—the tent—in which we stay here a few brief years. The ever-existing features is immaterial—that which thinks and loves and hopes and remembers, Paul said: "We are confident I say, and willing rather to be absent from the body and to be present with the Lord." Again, "For we know that if the earthly house of our tabernacle be dissolved, we have a building from God, a house not made with hands, eternal, in the heavens. "We are to care for these bodies while we are in them, for our highest usefulness in this life. But they are to the spirits as chaff to wheat, as the scaffolding to the building. This evening Mr. McPherson expects to speak on the subject, "How Jesus Won Men."

Myrtle Ross will be the soloist tonight.

ARMY FIELD SERVICE FUND.—In the Guardian of Nov. 10th, in the names from Green Bay, Robert Currie should read \$2.00; also Mrs. John Currie, \$1.00; Mrs. Robert Currie, \$1.00; John Currie, \$1.00.

SUNDAY SERVICES.—Murray Harbor services, Sunday, Nov. 22nd, Rev. E. S. Weeks, B. B. of Pownall, will preach in exchange with Rev. L. H. Jewett at White Sands, 11 a. m.; Cape Bear, 3 p. m.; Murray Harbor, 6.30 p. m.

USEFUL INVENTION.—A correspondent informs The Guardian that Mr. John McDonald, Jr., of Point Prim has invented, and is now obtaining a patent for, a device to prevent the loosening of bolt nuts. This has been one of the difficulties in connection with many kinds of machinery, particularly in railroad and steamboating and the genius of the world has solved for many years the device is being patented in the United States and Canada and is said to promise the long sought solution. His friends throughout the province will congratulate him on his achievement.

CAPTAIN MURCHISON FOR THE STANLEY.—Captain J. J. Murchison, late of the D. G. S. Earl Grey, received instructions yesterday from the Marine Department at Ottawa to proceed to Halifax to take command of the D. G. S. "Stanley." Only a few minutes before this order was received Messrs. Buntain and Bell received a wire from the Dominion Coal Company asking if Captain Murchison was available to take command of a steamer bound to Belgium with supplies from Canada. Captain Murchison was of course obliged to decline the latter.

WOMEN'S INSTITUTE MEETING.—Miss Hazel Sterns, Assistant Supervisor of Women's Institutes visited Charlottetown on Monday evening, Nov. 9th. The notice of the time of meeting was very short but thirty members were present to hear Miss Sterns' very instructive paper on "Home Nursing" and the dressing of the sick room and the dressing of the bed of the invalid. She also gave a very good demonstration in bandaging, showing how to use many different kinds of bandages. This was the first meeting held in the new rooms of the institute and the members were very well pleased to have Miss Sterns present, as was shown by the hearty voice of thanks tendered to her at the close of the meeting. The regular meeting will be held on Wednesday evening, Nov. 25th, as previously announced.

WEDDING BELLS.—An interesting event took place at Brackley Point Road on Wednesday evening, when Miss Gertrude Victoria Jackson became the wife of Mr. Stanley Alexander Prowse, both of Brackley Point Road. Rev. E. Bell performed the ceremony. A sumptuous supper was served to a number of invited guests, after which the members of the party enjoyed themselves in music, etc. The presents were numerous and costly, testifying to the high esteem in which the happy young couple were held by the community. The Guardian joins their many friends in wishing Mr. and Mrs. Prowse a happy married life.

DRINK AND UNEMPLOYMENT HAND IN HAND

When the test comes and the factory and office forces have to be cut down, drinkers are the first to be let go. This falls hardest on their wives and families, for the man who has the whiskey of alcohol craves spends so much on it that there is usually nothing left aside. Alcure stops the craving for drink and helps the man help himself in his desire to get away from the drink disease and keep his work. It is guaranteed to give satisfaction or money is refunded. Alcure can be given secretly by wife or mother, and will render drink distasteful, even nauseous. Alcure No. 2 is the voluntary treatment. Can be had at our store, \$1.00 per box. Ask for free Alcure booklet. E. A. FOSTER, Central Drug Store, Charlottetown.

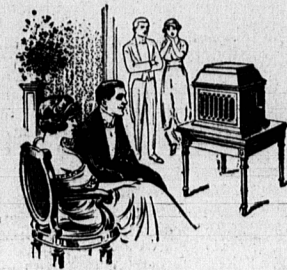

Those Tinkling Tango Tunes

are simply fascinating when reproduced by The EDISON Phonograph. There's no fun trying to do the new dances—the Fox Trot, Maxixe, One Step, Hesitation, Boston, Three Step—the jerky drumming of a piano. There's no tempting tempo.

But when the National Promenade Band swings into the seductive "La Bella Argentina" or "Waltz Hesitation", and

The new EDISON PHONOGRAPH

(THE INSTRUMENT WITH THE DIAMOND POINT)

reproduces the full, rich melody—the sway and swing of it—the fascinating rhythm of it—then you have something worth dancing to.

There are other special Dance Records available to owners of Edison Phonographs—several hundred other Band and Orchestra records, many of which are suitable for the new dances—and any number of Tango songs like "Underneath the Tango Moon."

The new Edison Phonograph has the diamond reproducing point, unbreakable and long playing records, superior motors and construction, concealed horns, and the Cabinets are made in true Period styles, in perfect harmony with the finest furniture.

Come in and hear the EDISON play all these tinkling tango tunes—play them as they should be played—then you'll appreciate just how much pleasure you can have with an EDISON PHONOGRAPH in your own home.

85 Queen St., Charlottetown.

The Woman In Halifax Who Didn't

A little incident about "Beaver" Flour

MRS.—(well, never mind her name) couldn't make good Pies with "Beaver" Flour. The crust was "always heavy", as she told her grocer.

He couldn't understand it, because he was selling "Beaver" Flour to all his customers. In fact, none of his customers would use western wheat flour after trying "Beaver" Flour.

The grocer asked Mrs.—how she made the pies. The recipe seemed all right until she came to the water.

"What kind of water do you use?" "Why, WARM water, of course", exclaimed the poor young bride.

"Well, just try COLD water, ICED WATER, and you'll have the kind of Pies you read about."

"Beaver" Flour is a better pastry flour than even special pastry flours; because it contains the same choice Ontario wheat from which special pastry flours are made. In addition, it also has a little Manitoba wheat to increase its strength.

This means, more cake and Pies and Pastry to the barrel, while retaining its whiteness, lightness and home-made flavor.

Being blended in exact proportions, it is always uniform in strength and quality—and you can depend on it to give you the best results every time.

Order a bag at your grocer's and try it when next you bake.

DEALERS—Write us for prices on Feed, Coarse Grains and Cereals.
