

SUPREME COURT TRINITY TERM.

Charlottetown, Wednesday. Before His Lordship the Chief Justice (Hon. W. W. Sullivan).

Mr. Bentley stated the case for the plaintiff. He said the date of the bill was 14th March, 1913, and that the defendant's pleading were on the first count that she did not accept the bill as alleged, and secondly that she was not indebted to the plaintiffs.

His Lordship: Who asked for the jury? Mr. Bentley: The defendant. His Lordship: It seems strange. Addressing the jury His Lordship told them that it was a very clear case—in fact it had not been defended at all.

His Lordship: And up to the present time he persists in his refusal? Mr. McLeod: Yes. The Chief Justice: You are not then in a position to defend, are you? Mr. McLeod: No, Sir.

ICE SEIZED BY BOARD OF HEALTH

(Canadian Press) CINCINNATI, July 2.—Following a communication from Mayor Hunt that the ice men's strike creates a "public emergency" the Board of Health to-day authorized the health officers of Cincinnati to seize and operate all ice plants in the city and use every means to distribute ice to the general public.

This action followed the refusal of the operators of ice plants to arbitrate their differences with striking drivers, helpers and engineers of their plant. This drastic action was brought on by a statement to the Mayor by the medical profession that unless ice in large quantities was obtained in a short time the death rate would be increased 100 per cent.

Chief Health Officer Landis announced that he would begin work immediately by seizing all ice or quantity of more than 500 pounds and he hoped within a few hours to have several plants in operation. He also stated that he would ask the Union drivers, helpers to go to work for him and help in the distribution of ice.

(Canadian Press) LONDON, July 2.—In the Upper House conversation for the province of Canterbury, the Bishop of Ely to-day moved for the appointment of a committee to completely revise the prayer book and psalter. The resolution was unanimously adopted.

A 3,100 MILE AEROPLANE RUN

(Canadian Press) VILLACOUBLAY, France, July 2.—French aviator Marcel C. Brindejonc des Moulinais descended here this evening completing the last stage of his flight of 3,100 miles in the same aeroplane. He left June 10 and flew by easy stages to St. Petersburg. During the journey he was received by the Sovereigns of Russia, Sweden and Denmark.

MANY DEATHS BY HEAT WAVE

(Canadian Press) CHICAGO, July 1.—Reports received up to a late hour last night showed that at least 74 persons died on Monday as a result of the heat wave in the central west. The heat wave, which was continuing uninterruptedly for six days, extended from Denver to Pittsburgh, and as far North as Lake Superior. Chicago with a temperature of 102 degrees, was the hottest place in the United States, except Tucson, Arizona, where the temperature also was 102. Forty six deaths were reported up to midnight. Intense suffering was reported in all the large cities enveloped in the heat wave.

SUMMERSIDE RACES WELL ATTENDED

In spite of the unfavorable weather up to two o'clock Tuesday a large gathering attended the annual race meet on the Summerside Driving Park. The classes were well filled, there being eight starters in the 2:30 pace, six starters in the 2:24 trot and four starters in the 2:19 trot and pace.

Considering the heavy track, caused by the rain, the time made was excellent for July 1st, the fastest mile being 2:04 by Hilda S. and the fastest half 1:14 by Moth Miller.

2:19 TROT AND PACE (MILE HEATS.) In the first and second heats Hilda S. led from wire to wire with Devilish Dorothy a close second, Shrub third and Chachallis Jr. fourth. The third heat proved different. Devilish Dorothy passed Hilda S. at the 1/4 mile and finished ahead by over a length. The judges claimed that she was not entitled to first place, and was set back for breaking and capturing on the home stretch, thus losing a chance for first money.

2:24 TROT (HALF MILE HEATS.) It took five heats to prove the winner. The first heat was won by Orwell Bell quite easy with Oakley H. second, King Brazilian third, Rexall Girl fourth, Happy George fifth and Frank I sixth.

2:30 PACE (HALF MILE HEATS.) In this race there were eight starters. George R. won the first heat in 1:12, with Moth Miller a good second. The second heat was captured by Moth Miller in the fastest heat of the race, 1:10.

TWO THOUSAND BULGARS KILLED

(Canadian Press) BELGRADE, July 2.—Army headquarters report that Servians, after capturing Istitip pursued the enemy, capturing over one hundred officers and one thousand men.

Press despatches report that sanguinary fighting has occurred at Ovtchepolye, where the Bulgarian losses were enormous and four thousand Bulgarians surrendered. In this engagement two thousand Servians were killed or wounded.

According to information at the Servian capital, the battle line extended from Kotschana, Istitip and Strumioza towards Guevghel and thence onwards to the Gulf of Orfani. The Bulgarians delivered their heaviest blows at Guevghel where they severed the Greece and Servian line and at Istitip. They still hold Guevghel but were driven from Istitip eventually with heavy losses to Ovtchepolye where the Servian support forces, coming in time, met the Bulgarians at Dermak and Petrishov where fierce fighting ensued.

The Bulgarians suffered heavily, the Servians capturing an important height near Oeigovtze, called Reki-bukwe. On the other side of Guevghel the Greek armies are concentrated and the Bulgarians risk getting caught between two fires. Unconfirmed despatches to-night report heavy fighting in the Istitip district in which the Servians were compelled to abandon the fortified positions at the town of Istitip and leave behind the wounded. Fifty-four officers, including four colonels, were among the killed while the losses on both sides numbered several thousand.

Although the war has now raged for sixty hours, the Bulgarian Minister and staff are still here. Telephone communication between Belgrade and Sofia has ceased. According to latest advices from the front the Bulgarians have been entirely driven off the territory which they occupied when they encountered the Servians unawares.

The Bulgarian right wing has been completely routed. It is asserted that fighting was the hottest in the history of the Balkan war.

FIVE KILLED BY BOILER EXPLOSION

(Canadian Press) ST. JOHN'S, Nfld., July 2.—Five men were killed and a girl seriously injured when the boiler in a new mill at Alexander Bay Lumbering Co's station exploded to-day. The station was located in a remote spot on the railroad in the interior of the island.

THE EDMONTON FOX THEFT CASE

(Canadian Press) EDMONTON, July 2.—John Merrigan, charged with the theft of four live foxes from F. M. Lee's ranch here, appeared before Judge Taylor in court to-day. It is alleged that the foxes were discovered on Merrigan's farm.

Merrigan was committed for trial at the district court by magistrate Raven, but to-day Crown Prosecutor Cogswell contended that the Edmonton court had no jurisdiction to try the case which he contended should have been heard at Stony Plain or some other court at Athabasca district.

H. Robertson who appeared on behalf of Merrigan asked that the case be proceeded with, stating that his client desired to have the matter decided as soon as possible. Mr. Robertson added he had brought all the witnesses forward and some of them had travelled over sixty miles a decided hardship would be inflicted on them if the case were postponed. Judge Taylor took the case in deliberation on the matter of jurisdiction.

The charge of stealing laid against John D. Kennedy of Toleda has been withdrawn, the prosecution stating that it had no evidence to submit. Charges against George Campbell and John Buchanan in the same connection were remanded until Thursday at 10 o'clock, when the prosecution says it expects to be able to offer more evidence. The accused are remanded on bail.

ANNUAL CAMP OF THE MILITIA

In spite of the vicissitudes of the weather, the militiamen continue all serene in their camp on the Exhibition Grounds where they are at present undergoing their annual field training. The rain that fell so continuously on Tuesday did not cause any discomfort to the soldier lads; the tents were snug and dry, and the great coats they were handed out provided ample protection of doors against the down-pour. As to the work in camp, on Tuesday morning there was the Paymaster's muster of the whole camp, and this was followed by a short spell of drill of the respective units, which was interrupted by the rain. After noon, in honour of Dominion Day, the men were given a half-holiday.

Yesterday the work of the camp began in earnest. Musketry comprised a large proportion of the day's activities; the men shooting for their efficiency badges. The troopers of the Light Horse were first out at the range, after which the men of the respective companies. The musketry exercises were interspersed with periods of regular drill.

The camp is a source of great attraction to the citizens of Charlottetown and large numbers have at one time or another gone out on a visit to the camping grounds, evincing interest in all that they saw.

KILLED BY FALL FROM BIPLANE

(Canadian Press) EPERNAY, France, July 2.—Capt. Iry of the French army was killed and his companion, a private of the engineer corps, was fatally injured when a military biplane in which they were flying above the village of Bethon capsize today and crashed to the ground.

FOREST FIRES IN ONTARIO

(Canadian Press) COBALT, Ont., July 1.—The district of Temiskaming is ablaze with forest fires and every bush north of New Liskeard is in danger. All along the Temiskaming and Northern Ontario, from Uno Park to Cocherane, all the transcontinental east to Belle River and west to Hearst, the bush is a roaring, fiery furnace and fanned by a high wind may engulf towns at any time.

CANADA IS TO HAVE A CARDINAL

LONDON, July 1.—A telegram from the London Daily News from Rome states the Pope has announced that he will create a Canadian Cardinal at the next Consistory.

This company expects to pay its shareholders not less than 100 per cent this year. Full particulars will be made known about July 10th. 7-3M6i. Minard's Liniment Cures Diphtheria.

PUTTING ON LID IN SYDNEY, C. B.

(Special to The Guardian.) SYDNEY, July 2.—The lid is going on in Sydney, as far as the theatres are concerned. Licenses for all vaudeville houses will expire July 12th. New licenses then will be granted in which the privileges of entertainment houses will be considerably cut. The action is the result of a protest on the part of the clergymen of the city. Four moving picture houses are affected.

WITHDRAWAL OF OIL WAGGON

At a recent meeting of the City Council, it will be remembered, the local representative of the Imperial Oil Company, Col. A. G. Peake, appeared on behalf of his principals objected to the special tax of \$900 which the Council had notified they intended to levy in respect of the company's oil tank delivery business in Charlottetown, in addition to the ordinary assessment which they pay. Col. Peake said then that the company considered that their business could not bear the extra imposition, and that if it was insisted upon, they would be under the necessity of withdrawing their delivery wagon from further operation. In view of these representations, the City Council reduced the extra tax, which was put on because of the business privileges which they considered the company were being thus afforded, to \$200. But this did not meet with the approval of the Imperial Oil Company, and they have in consequence withdrawn their delivery team; the wagon and horse were sent back yesterday morning to the company's headquarters at Halifax. The purpose for which this wagon was employed was to make free delivery to the dealers of the oil they obtained from the company's oil store outside the city. With the withdrawal of the wagon the dealers will now have to arrange for their own independent transportation of the oil from the oil store to their businesses within the city. This may mean inconvenience to the large dealers, and a hardship to the small dealers, who will either be forced to pay large rates on a small truckage of oil, or go back to the barrel system. This tank delivery system which has just been so abruptly stopped has been in operation in Charlottetown for the last two years.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC.

One cent per word each insertion in this column. Cash must accompany order. Minimum charge twenty-five cents. **Fresh lobsters received daily 15c per lb. Stewart's restaurant, 103 Queen St. 6-28M3p. **A good race is guaranteed for this evening. Come out.
