MISS GERTRUDE GREIG, ARTHUR, ONT., writes: "I got a box of Milburn's Pills and must say they have done me a wonderful lot of good—having cured me of pain and miss beats of my heart, and the extreme weakness at the least exertion and I cannot too highly recommend them to others."

MR. A. J. BEADLE, of HUNTER BAY, ONT., writes: "I am very pleased to tell you that Milburn's Heart and Nerve Pills have done me a world of good."

I suffered terribly from sleeplessness, nervousness and palpitation of the heart. I consulted the doctors and took different remedies but none of them did me any good until I tried Milburn's Pills, and I am thankful to say that I procured the right remedy, for by the time I had taken one box I was completely cured and have not felt better for months."

MRS. M. CORRY, MILTON, ONT., writes: "I was debilitated, my appetite was poor and I suffered greatly from faint and dizzy spells. My hands would draw up with cramps and I would try to straighten them out by pressing them down on the table, as I was afraid they would stay in that condition. I used one box of your pills, and all those symptoms have disappeared and I feel in perfect health."

MRS. JAMES P. JACKSON, LIME HILL, N. B., writes: "I had palpitation of the heart, accompanied by smothering spells. I had a tired feeling and was so run down that sometimes I felt as if I would have to give up. I have derived so much benefit from your pills that I cannot refrain from recommending them to all suffering as I was."

WHAT WOULD THEY GIVE?

It seems a waste of time to warn people against neglecting coughs and colds, but what would victims of consumption and pneumonia give if their disease were only in its beginning. If it were only a cough or cold. Deadly lung disease began with colds and could certainly be cured by Dr. Chase's Syrup of Linseed and Turpentine, the great prescription which not merely relieves but thoroughly cures cough and cold together.

One Likes To Be Right

I know I do!

I have made various statements in these columns regarding the "Rob Roy Mine," owned by the Scottish-Canadian Mining Company and have been very careful what I said—endeavoring to say nothing but what would stand every investigation.

Last month I wrote to Mr. J. W. Westfall, the Supt. of the "Old Gold" and "Primrose" Mining Companies, for his opinion of the Rob Roy. His report has just come to hand and copies of it are already in the hands of Island Shareholders in this (Scottish-Canadian) Company.

This report is very full and most satisfactory to all concerned—unless it may be to those who didn't buy Shares while they had the chance! It fully bears out every statement I have made and shows that my assertion that ROB ROY WILL BE A BONANZA is a correct one. If you have thought some of investing in these Shares let me send you a copy of this Report.

Mr. Westfall has already brought several properties up to the paying point and his word carries weight.

The Report can be had for the asking.

Mr. Geo. Cummings, Barris, Ont., one of the best known engineers on the G. E. T. writes:—For years I suffered from kidney disease brought on by railroad life. The doctors called it "railroad kidney," but could give me no permanent relief. A friend recommended Dr. Chase's Kidney Liver Pills saying they had cured him. A few boxes of this grand medicine completely cured me, putting an end to the dreadful pains in the back and greatly strengthening the kidneys. I am a well man to-day, thanks to Dr. Chase. One pill a dose, 25 cents a box.
