Chase Visiting the Sick.
Raised from a Bed of Sickness.

Dr. Chase's Catarrh Cure and Kidney-Liver Pills Combined for Perfect Health—An Interesting Cure After Long Suffering.

Simcoe, Jan. 18th, 1897

Messrs. Edmondson, Bates, and Co., Toronto, Ont.:

Gentlemen,—For over five months I was confined to my bed, not being able to move. The best medical skill was called in, all treating me for catarrh of the stomach, but to no avail. I could not eat the most simple food without being in dreadful misery, and found no relief until same was vomited up. After spending a large sum in medical advice, I was advised to try a box of Dr. Chase's Catarrh Cure. I said it was no use, for I considered it a hopeless case from which I could not recover. At length I purchased a box from J. Austin and Company, Simcoe, and to my surprise found great relief. Not being able to eat, I tried a box of Dr. Chase's Kidney-Liver Pills; the pains left me the third day. My appetite has been fully restored. I consider myself perfectly cured, and feel as well as when a young woman. I was almost a shadow, now I am as lively as before my sickness. Have used only three boxes of Dr. Chase's Kidney-Liver Pills, and only two boxes of Dr. Chase's Catarrh Cure. I can positively state that my marvellous cure (which I think it is) is due purely to Dr. Chase's remedies, which I have used. I can honestly recommend the same to any persons suffering from symptoms similar to mine. Wishing you every success.

Yours, truly,
MRS. ANN CHURCHILL

A WARM DISCUSSION

In the Teachers Convention.

A RESOLUTION ADOPTED

Censuring the Government for the Repeal of the Supplementary Clause—Officers for the Ensuing Year.

Yesterday and Thursday were teachers' days in Charlottetown. The session just closed was one of the most successful in the history of the Association. The teachers who attended the various sessions and failed to take away something helpful and instructive should make room in the profession for more capable persons. About 260 teachers were in attendance most of whom gave strict attention to the proceedings. The presence of Messrs. Hay of St. John and Hickman of Picton was a distinct aid to the work of the convention and the ideas thrown out by them on school work in the other provinces should be of material advantage to those who heard them.

Convention met at 7.30 yesterday morning. Committee on Programme reported Mr. Ross's paper would be given this afternoon.

Committee on Bye-laws reported the resolution on Bye-laws. Adopted with amendment.

Roll was then called. Inspector McCormack was called up and read his paper entitled "The Spirit of the Teacher." It was an exceedingly practical and well written paper.

A vote of thanks was tendered Mr. McCormack.

Mr. Hay, St. John, gave a very interesting lesson in Botany. At the close several questions were asked Mr. Hay was the recipient of a hearty vote of thanks.

Mr. H. J. Palmer, Q.C., made a very appropriate speech on Composition. He said no person took a greater interest in education than he, and felt sure our public schools were as good as private ones. He was greatly pleased to see such great progress made in the higher branches, but thought more time and attention should be devoted to composition, writing and spelling, which are considered the essential branches of education. He was sorry to see so many pupils deficient in these parts. A large majority of the students do not spell and write correctly. A great deal of the responsibility rests upon the teacher and the government. They are absolutely necessary for those starting in life. In the city schools, the School Board brought this matter to the notice

of the teachers, and the result was a great improvement. In other matters there is no doubt but that our schools compare very favorably with those of the other provinces. With a little careful attention on the part of teacher and pupils the fault would be remedied. Students go through college and yet have an inadequate grasp of composition. He did not like vertical writing; it spoils the hand. His speech was very lucid and was listened to with great attention.

Messrs. Campbell, Seaman, Hay, Stewart, McPhail and Milor discussed this paper. A vote of thanks was tendered Mr. Palmer, to which he made a fitting reply.

At the afternoon session Mr. Seaman moved a resolution strongly censuring the government for the repeal of the supplementary clause. Mr. Seaman supported his motion by a pointed speech.

Premier Farquharson being called on spoke of the complexity of the tax question. He was never in favor of the supplementary clause in the school act. That clause has been repealed not because the government did not wish to pay the teachers but because there was no money in the treasury. The government would wait until a loud call came from the people to re-enact the supplementary clause. When that call came the government would be arranged in taking action. He would only be too glad to see the present state of the teachers remedied for there was no denying the fact that they were working on starvation salaries.

Mr. E. S. McPhail pointed out the irregularity of attendance. Schools having an average attendance of six cost as much as those with an average of 30. He advocated larger schools in central localities, scholars at a distance to be driven to school at the government expense as is done in several countries.

Mr. C. W. Kiely argued that an undue expenditure obtains on roads and bridges for party purposes, thus necessitating the cutting of teachers' supplements. Education, he said, is prostituted for party purposes. He then made some charges regarding the granting of licenses to party favorites.

Superintendent McLeod promptly refuted these charges. Speaking of the supplements he said the teachers were deserving of better pay as there were not in the government employ any more honest or faithful workers. In British Columbia no teacher receives less than \$50 per month. Our people, he believed, must be educated to bear more of the burden of education themselves.

Mr. D. A. McKinnon, M. P. P., asked the teachers to vote decidedly

against the resolution. He claimed that when supplements were paid by the government the city teachers gobbled up the lion's share, and pointed out that out of \$6000 paid in supplements the King's Co. teachers received only \$600. Consequently the repeal of the supplementary clause was but a trifling loss to the teachers in the country. He advised the appointment of a commission to enquire into the whole matter. He favored better pay for the lady teachers and the granting of third class licenses to students graduating from first-class schools. He earnestly hoped that the day might soon come when our teachers would be better paid.

The discussion was continued by Messrs. J. D. Seaman, J. M. Duncan, R. H. Campbell, A. D. Fraser, Dr. Taylor, E. S. McPhail and others. Several of the above spoke in favor of withdrawing the resolution since a free discussion had arisen between representatives of the government and the teachers.

Mr. McSwain moved an amendment to this effect, seconded by Mr. W. C. West. The amendment was voted down.

The resolution was then carried by a standing vote, only two opposing it out of the large number of teachers present.

Another motion was carried, moved by Mr. E. S. McPhail, seconded by Mr. A. D. Fraser, that the teachers appoint one commissioner, the government another and those two a third to enquire into the educational question, on condition that the government pay the expense of such commission and promise to consider its report.

The election of officers then resulted as follows:
President—A. P. Trowsdale, Victoria.
Vice-President for Prince—N. E. Carruthers, Kensington.
Vice-President for Queen's—W. S. Lea, Hampton.

Vice-President for King's—Parmentas McLeod, Georgetown.
Sec.-Treasurer—E. S. McPhail, Cra-paud.
Cor.-Secretary—Ira J. Yeo, Charlottetown.
Executive Committee—J. D. Seaman, J. M. Duncan, R. H. Campbell, C. W. Kiely, W. D. McIntyre.

SCHOONER HATTIE MAY

Capized at Sea. Captain and Three Drowned.

HALIFAX, Oct. 7.—[Special]—The barque Avola from Savannah reports she sighted the Halifax schooner Hattie May capized with two men clinging to her bottom.

She was capized Oct. 2nd. Capt. Vance, the mate, Jos. McHarr, and two seamen were drowned.
