Looking 'Em Over

(By Tec.)
Shoot For Halifax

The Inter-Maritime Rifle match between teams of eight men from Nova Scotia, New Brunswick and Prince Edward Island, which was to be fired on Thursday of this week, has been postponed until Thursday, June 18th when it will be shot at Bedford Rifle Range near Halifax. A strong team will represent this province.

A Big Saving

The custodian of baseball for Brooklyn says: "National League clubs will save \$25,000 by the use of the new ball this season. The loss of balls has been cut down at least one-third, maybe closer to a half, he says. The average of balls lost in a game is now the lowest in many years. We have been using only an average of 20 to 25 a game. In one game we got away with 14; it used to be three dozen."

Greatest Pitchers

Billy Evans, former American League umpire and now general manager of the Cleveland baseball club, rates Bob Grove and George Earnshaw as the greatest two man pitching staff in baseball history. "You know," said Evans, "I used to think that some of these days Grove and Earnshaw would get dead-armed by pitching so much. But I have changed my mind. They are the equal of five good pitchers and will cop the pennant again for Connie Mack." . . . Evans also has changed his mind about the greatest "all time" baseball catcher. "I used to think Ray Schalk was the greatest catcher who ever lived," he said. "Now I know its Cochrane. Mickey can do anything Ray used to do, is faster and hits more than 100 points higher."

East Ice Team Ever

"I think that the Canadian team which will represent the Dominion at the next Olympic Games will be the best aggregation of puck chasers that ever wore the Maple Leaf on their sweaters and without trying to reflect on the ability of previous Canadian Olympic teams that the 1932 outfit is the best ever selected to represent Canada," was the statement made by J. P. Mulqueen, of Toronto, prominent Canadian sportsman, as he sailed for Europe on the maiden voyage of the Canadian Pacific Empress of Britain.

Loves The Game

"I play tennis because I love it, not because it is a matter of life and death whether I win," said Helen Jacobs, world's woman tennis champion from Berkeley, California.

Regrettable Accident

A young horse, the property of Mr. James Arbing, Elm Avenue, took fright and ran away just opposite Worthing's grocery store last evening about 7 o'clock. The horse tripped over a manhole and fell, breaking his neck and dying immediately. The loss is a considerable one, as the animal showed promise of speed.

At The Track

Some good workouts were registered at the Charlottetown Driving Park yesterday morning. Lucky Lindy was a mile in 2:22, with the last half in 1:07; final quarter in 31 seconds.

Mr. Henley, a green pacer got the eight in 15 seconds quite easily.

Golden, a trotter in the MacKinnon stables went a mile in 2:20.

Calumet Bernice, a three-year-old pacer was clicked for the mile in 2:33. And the incense stepped the same route in 2:18; final half in 1:08.

Altogether there are at present forty-seven horses on the Grounds and things will be livening up as the racing programs draw near.

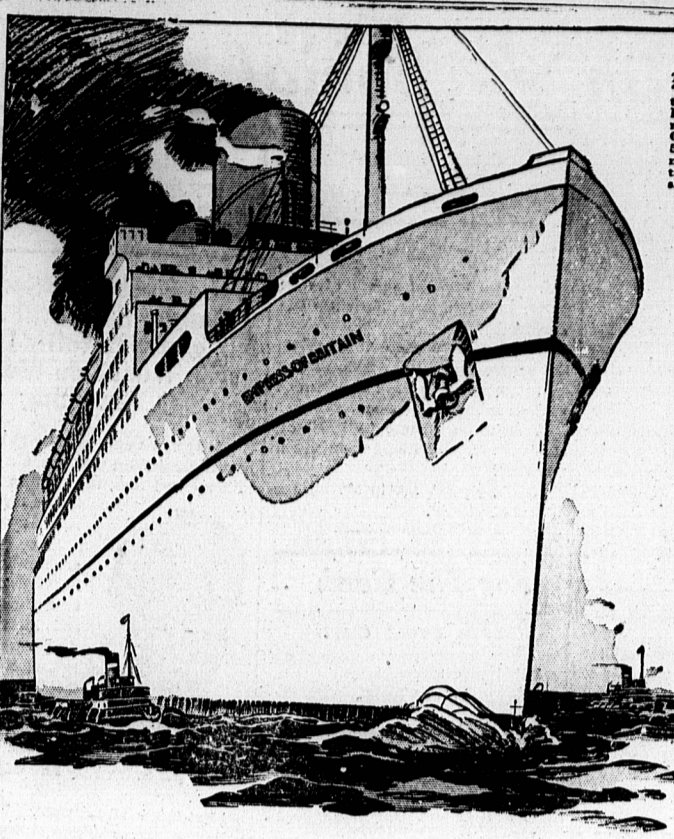

Would Like Nothing Better

In connection with the paragraph in yesterday morning's Guardian stating that Mr. Charles Ballard is on the warpath for torres for his July meeting, particularly Volo Rico, the owner of the horse says that nothing would afford him greater pleasure than to pay a visit to Cape Breton, but as Volo Rico is suffering from lameness and will not be able to take any fast work for at least two or three weeks, it would be foolish to think of starting him there, where he could not contribute to the competition.

Public Training Stable

Horsemen and race fans in general will be pleased to note that a couple of our best young horsemen have opened a public training stable at the Charlottetown Exhibition Grounds, namely, Messrs. James McInnis and Peter McKenna. Both have had wide experience in caretaking, training and handling trotters and pacers. Mr. McKenna was with the MacKinnon Stables, Frank Boutlier, H. Hooper, Peter Conroy and others, and is without question one of the best conditioners and caretakers in the business. He has ever been known as a faithful and reliable man with a horse, and has good judgment regarding the preparation for races and also possesses a light hand and a good head for driving.

Jim McInnis has taken care of horses in all three provinces, having had some of the very best campaigners passed through his hands in an

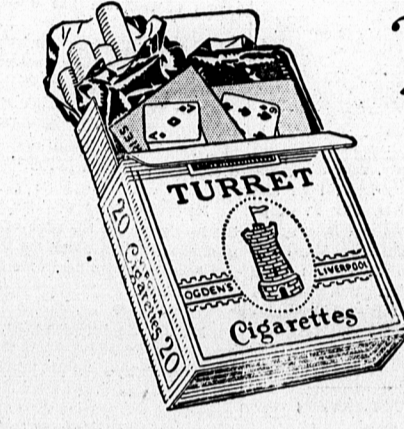

The Empress of Britain—'Canada's Challenger' of the Canadian Pacific Atlantic Fleet, on her maiden voyage, made the crossing from Cherbourg to Quebec in 8 days, 5 hours and 25 minutes—the record for a trans-Atlantic crossing by the short St. Lawrence Seaway.

The RECORD SPEAKS for ITSELF

THE Empress of Britain's new record adds another chapter to Britain's supremacy on the seas, and brings to Canada a record of which it may be justly proud.

Turret cigarettes' supreme popularity with Canadians is a proud record, established and maintained.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred."

Late Market News

(Canadian Press)

OTTAWA, Ont., June 9.—Egg markets show little change today with a generally easy feeling continuing to prevail at Montreal and Toronto.

Toronto—The demand for eggs in a wholesale way continues slow here and the market is again slightly easier. Brokers are making sales of graded shipments from Ontario country points at extras 19, firsts 16 to 16 1/2 seconds 13 1/2 to 14 delivered. Dealers are quoting producers and country shippers for ungraded eggs extras 16 to 17, firsts 13 to 14, seconds 11 to 12, delivered, cases returned.

Montreal—Egg receipts here today 204 cases for the corresponding day were 5,031 cases as compared to 3,147 last year. The market is very quiet and generally unchanged. A sale is reported of a shipment of seconds from the west at 15 delivered. The general asking prices today for graded shipments to wholesalers are extras 22, firsts 18, seconds 15.

Saint John—This egg market is quiet and unchanged. Extras are scarce and firm but firsts and seconds are quite plentiful. Dealers paying prices to country-shippers have advanced on extras to 17 and 18. The other grades are unchanged at 13 to 15 for firsts and 11 to 13 for seconds.

Halifax—Receipts of local eggs on this market have been light for the past week and the market is firmer with some slight price increases. Dealers are quoting producers and country shippers for eggs extras 17 to 18, firsts 15 to 16, seconds 12 to 13 pack 16 1/2, November refrigerators delivered, cases returned.

Chicago—Spot 15 3-4 June storage 22.

MONTREAL, Que., June 9.—A decline in wholesale butter prices was the only change on the produce and dairy market here today. Cheese, egg and potato quotations were unchanged.

On the butter market fresh numbers one pasteurized lost a quarter of a cent at 20 1/2 cents a pound. To the gruesome job.

CHINA HANDLES THE BANDIT PROBLEM

(British United Press)

PEKING, June 9.—China wastes no time over bandits—once they are caught.

When six men were caught robbing a shop in broad daylight at Tatumtu they were at once marched to the centre of the city where preparations for their executions were made. Thousands watched as the executioners, exercising their grim task for the first time for some months, chopped the heads off, a not entirely speedy process.

Afterwards the authorities offered one penny to anyone who would carry a head to the city gates and hang it up as a warning to other bandits. There was a rush for volunteers for a cent at 20 1/2 cents a pound. To the gruesome job.

You Couldn't Buy Better Quality Malt Syrup at ANY PRICE

STROHM'S PURE MALT SYRUP

BUY what you will—pay any price, still you can't get a better Malt Syrup than "STROHM'S."

It is prepared by an exclusive direct-fire process which brings out the full flavor of the barley and hops. If you want the best quality Malt Syrup, buy "STROHM'S."

HOOF BEATS

Tronia Britton, 204 3-4, daughter of the Nova Scotia Government-stallion, Great Britton, 202 1-4, in the stable of Will Crozier, recently went a mile in 2:12 1/4. Hollywood Jacqueline, 203 3-4 at 3 years, is to be bred to Peter Volo, 202.

SAMPSON PEN LEADS EGG LAYING CONTEST.

Mr. William Sansom's B. R. pen No. 11 leads the egg laying contest for the week ending June 5th with 66 eggs; 78.6 points; Mr. John B. Poole's White Leghorn pen 3 was second with 59 eggs, 67.4 points; Mrs. J. H. MacPhail's B. R. rocks pen 14 were third with 60 eggs, 68.9 points.

Mr. William Sansom's B. R. hen No. 5 leads the contest for individual production with 185 eggs, 2,125 points. The Experimental Farm, Charlottetown, B. R. Hen No. 4 in pen 7 is second with 172 eggs, 195 points; Mr. Sansom's hens numbers 8 and 4 are third and fourth with 171 eggs, 149.7 points, and 169 eggs, 187.3 points.

The pens leading in total production are: First—Pen 11, Mr. Wm. Sansom, Durham Bridge, N. B., 1533 eggs; 1787.4 points. Second, pen 10, Experimental Farm, Fredericton, N. B., 1487 eggs, 1604.3 points. Third, Pen 15, Mrs. James Tuplin, New Annan, P. E. I. 1924 eggs, 1929.9 points. Fourth, Pen No. 2, Mrs. Roland Easter, New Wiltshire, 130 eggs, 1327.4 points.

The production for the week was 1007 eggs, and to date 22208 eggs.

DRINKS 42 CUPS OF COFFEE PER DAY

(British United Press)

VIENNA, June 9.—An unusual type of "drunkard" walked into a Vienna clinic the other day, and begged physicians to cure him of his strange craving for coffee. He drinks 42 cups of coffee with milk and sugar every day. In fact, he said, he drinks up his whole income.

What perplexes the Vienna Society of Physicians is that although the patient consumes yearly 900 gallons of coffee and 700 pounds of sugar, he has not grown fat nor suffered from stomach disorders. Apparently the evil effects are only on his pocket book.

HEARST MAY PRINT MAGAZINES IN TORONTO

TORONTO, June 9.—Hearst interests may dodge the newly adopted magazine tariff by farming out printing of Cosmopolitan and Good Housekeeping magazines to a Canadian printing firm.

William V. Reidy, district supervisor for the International magazine Co., stated the adoption of the plan would depend largely on the outcome of the conference begun yesterday at Ottawa between magazine publishers, distributors and retailers and the government.

A year ago, when the tariff threat was first made, the Hearst interests, it was said, ascertained the two magazines with a circulation of 150,000, could be printed in a Toronto printing house. While the Hearst magazines are published in New York, the printing is done by a Chicago firm, said Mr. Reidy.

WHITE MARBLE FOR MEMORIAL

AUSTIN, Tex., June 9.—(U.P.)—Red isn't a suitable color to connect with the courts, so a Texas Bar Association committee, decided on George white marble for a memorial to the first supreme courts of the state. Legislators, declaring for patronage of home industry, held out for native Texas red granite and refused a permit for erection of the memorial of foreign stone.

PAY BOOST DIDN'T HELP

AUSTIN, Tex., June 9.—(U.P.)—Legislators do not work any better at \$10 a day than \$5, many Texans have decided after allowing an increase of legislative pay and a session of 120 days. No more was accomplished than in former 90-day sessions with \$5 a day pay. The joke is on the voters, for they cannot change the pay back to the old standard.

WORLD "Y" CONFERENCE TO BE HELD IN TORONTO

TORONTO, Ont., June 9.—Comparison of the problems of youth in all lands, pooling of the experiences of men who are interested in young manhood, and promotion of international friendliness and understanding are the aims of the World Conference of the Young Men's Christian Association to be held here late in July.

The conference will draw prominent Y. M. C. A. workers from all parts of the world. Speakers will include Dr. David Z. Yui, of China; Dr. T. Kawafa, of Japan; Bishop Asariyah, of India; Dr. John Mackay, of South

10 TO 1 YOU'RE NOT AN ATHLETE 2 TO 1 YOU'VE GOT "ATHLETE'S FOOT"

Even the daintiest of women, the most fastidious of men, are victims of ringworm of the toes, now commonly called "Athlete's Foot." It's caused by a vegetable parasite which actually thrives in clean places—the very places where we go for health and recreation and cleanliness—on the edges of swimming pools and showers—on locker- and dressing-room floors. And from all these places, it is being tracked into countless homes.

It is no disgrace to have it, though most of us don't like to talk about that moist, white skin condition between the toes. It seems hardly "nice." Again this infection may show itself in redness, or by tiny itching blisters; or an unnatural dryness with little scales. Official reports show that "at least half of all adults suffer from ringworm (of the toes) at some time."

Relief is easy and generally certain, for it has been found that exacting laboratory tests that Absorbine Jr. penetrates flesh-like tissues deeply and that wherever it penetrates it kills the ringworm germ.

Take no chances! At the first sign of infection douse Absorbine Jr. on the feet morning and evening. Use it to prevent infection after every exposure of bare feet to damp floors. If it does not yield readily, see your doctor.

You have always found Absorbine Jr. fully efficient in relieving rheumatic aches and pains, strains, sore muscles and bruises—and in healing cuts and sunburn—you will find it just as good for "Athlete's Foot." At all druggists—\$1.25. W. F. Young, Inc., Lyman Bldg., Montreal.

Absorbine Jr. Kills this Germ and Checks "Athlete's Foot" Safely!

Relief is easy and generally certain, for it has been found that exacting laboratory tests that Absorbine Jr. penetrates flesh-like tissues deeply and that wherever it penetrates it kills the ringworm germ.
