Kensington, P. E. I.

SYDNEY BASIC SLAG

(Fortified with Phosphoric Acid)

It is more interesting to know what one of our most prominent agricultural experts has to say about Slag, than anything we can tell you, and we quote what Professor Cumming said at the Fruit Growers Association meeting held at Windsor, N. S., in January, 1921.

Professor Cumming said:

"That from the standpoint of the "theroetical chemist, I would" "have always said, theroretically" "that Acid Phosphate was better" "than Slag; but we started in" "1914 a pretty extensive experi-" "ment on an orchard land. I" "watched results, and went over it" "carefully this year, and I see an" "AMAZING DISAPPOINT-" "MENT IN THE RESULTS" "FROM ACID PHOSPHATE. I" "AM CONVINCED THAT SLAG" "ON THE AVERAGE WILL" "BEAT ACID PHOSPHATE. We" "have results for six years on" "clover, on grain, wheat and oats," "and then last year we had car-" "rots on that land, and taking" "the average all the way through" "THE SLAG IS THE LEADER" "IN EVERY CROP."

Professor Cumming attributes these results to the following constituents, which are contained in the Slag-Phosphoric Acid, Lime, Magnesia and Manganese.

Gouraud's Oriental Cream

Toilet Needs for Young People

Parents know the necessity of training the children early in the care of their teeth.

The first step is to get one of these tooth brushes made especially for children's use.

TOOTH PASTE
No trouble to get children to clean their teeth regularly with our tooth paste.

It is pleasant to the taste, cleanses the teeth thoroughly and does not harm the gums.

HAIR BRUSHES
A good way to avoid danger from hair or scalp trouble—give the children their own hair brushes.

You can buy a good suitable brush here for 50c or \$1.00.

WEDDING BELLS.—A very pretty though quiet wedding took place at the Belait Catholic Church Thursday morning, November 23rd, at 8 o'clock when Mary Elizabeth Carbone, niece of Mr. and Mrs. Alex. Carbone, was united in marriage to Mr. Frank Bernard Connelly of Dunford, Me., by Rev. Father T. D. Mahoney. The bride was daintily gowned in white wore tulle veil and orange blossoms and carried white carnations and maiden hair fern. The bridesmaid, Miss Mary McAuley, cousin of the bride, wore pale yellow organdy, black hat and carried yellow and white chrysanthemums. The groom wore the accustomed blue and was attended by Mr. Roy Carbone, brother of the bride. After the ceremony the bridal party motored to Swanville, where a delightful breakfast was served by Mrs. McAuley. The young couple left on the 1.10 train for Bangor. The bride wearing a navy blue gown trimmed with iridescent beads, black seal coat with grey fur collar and cuffs and black hat. The couple will make their home at Great Works, Me., where Mr. Connelly holds a position with the Penobscot Development Co. The bride is a grand daughter of Mr. E. T. Carbone of Charlottetown and also of the late Mrs. Mary McAuley.

Islander Wins High Honor

The following letter which speaks for itself will be read with interest as Mr. Wendell Holmes Gordon is an Islander who is doing exceedingly well in his adopted country.

Mr. Gordon who is undergraduate Law Editor of the Boston University Law Review, and Executive Secretary of the Intercession Club of Boston, a resident of Boston, has just set, composed of fifty-one law volumes is known as the Dr. Mack Prize and is valued at \$334.00. Mr. Gordon is an Elk, Oddfellow and a Knight of Pythias.

COPY OF LETTER

The American Law Book Company, Brooklyn, N. Y.

To Mr. W. H. Gordon, Boston.

Dear Mr. Gordon: It affords us a great deal of pleasure to inform you that you have achieved an average of 92 per cent in your work in answering the questions in the Legal Research Course.

This percentage, being the highest ever achieved by any student at the Boston University Law School entitles you to the award of the prize of Corpus Juris Cyclopaedia of Law and Procedure which is on display in the Boston University Law School Library.

We feel that you are indeed to be congratulated and it is our belief that this excellent work on your part may be accepted as a strong indication of your future success in the practice of law.

Very cordially yours,
THE AMERICAN LAW BOOK COMPANY

PEOPLE LOCKED IN CHURCH WHILE AUTOS ARE LOST

CHATHAM, Dec. 2.—High Constable Peters is investigating the theft of twelve buffalo robes from automobiles at a church near Port Alma a few nights ago. It appears that while the car owners were attending a meeting in the church the robes, which had been thrown over radiators of the cars, disappeared.

IN MEMORIAM
MR. JAMES FAY

On November 18th Newport was called upon to bear the loss of one of its most loyal citizens, in the person of James Fay. Although not in robust health for about a year he was always able indirectly to attend to his business till on the above date a severe epileptic stroke seized him from which he never recovered. Mr. Fay was born at East Point in 1862 where he received his early education. After graduating from high school he spent a number of years in Newfoundland in the employ of Forest & Shearer as bookkeeper. Then returning to his native province he purchased the Dalton property at Newport where he did an extensive business in produce and general merchandise. Mr. Fay was a man of shrewd business ability, a plain and unassuming gentleman, his kindness and charity will not soon be forgotten by those who were in need, he was a true friend and his neighbour was always his first thought. He married Theresa Campbell of Mitchell River; to them were born four sons and one daughter all of whom are living except John D., who died about five

A Fuel Saving Secret

This is a message to conscientious housewives, and a piece of advice to all.

The shortage and high price of cooking fuel has brought to light many things which might never have been known otherwise. Here is one thing, for instance. Did you know that good enameled ware cooking utensils heat more quickly than utensils made all of metal, such as copper, brass or aluminum? It's true. Try it!

Take a good grade of enameled ware saucepan, and a similar sized saucepan made of copper, aluminum or brass. Put two quarts of cold water into each. Set them on the fire and time them—see how long it takes each to boil. Over a moderate heat, water in the enameled ware saucepan will boil in approximately ten minutes. But the water in the all-metal saucepan, with the same heat will take approximately eighteen minutes—almost double the time—to come to the boil!

Think of the wasted heat and the amount of wasted money it must represent! Just figure what this would run into in a year!

Use enameled ware utensils for cooking and save heat and money. Don't purchase cheap, flimsy enameled ware. Get the best, either Diamond Ware, which is sky blue and white outside with a snowy-white lining, or Pearl Ware, which is a beautiful pearly grey and white mottle inside and out. Another enameled ware of really super qualities is snow-white outside and inside with deep blue trimmings. It is called Crystal Ware and is now used in many of Canada's finest homes.

All three of these wares carry a green and red shield shape SMP trade mark on every utensil. Don't buy enameled ware unless it carries one of these trade marks. You can buy SMP Crystal Ware, Diamond Ware or Pearl Ware at any hardware store. Don't accept substitutes.
