The entries in cattle, sheep, swine, dairy products, art, women's work, fruits, flowers, etc., are well above the average and make an exhibition that would be worthy of a provincial fair. # A DOCTOR'S DAUGHTER & Zam-Buk

## Well-known Salvationist Tells of Mother & Son Saved from Blood-Poison & Disablement.

"One cannot speak too highly of this wonderful Zam-Buk," says Mrs. Jane E. Zealley, an ex-Major of the Salvation Army and daughter of the late Dr. Bevan, of St. David's, South Wales. Cried upon at her home, 3, Business Avenue, Toronto, Mrs. Zealley said: "Eight years ago my boy Alfred scratched his leg with the brass tag of a shoe lace and blood-poisoning set in. I had used various ointments on the sore, without doing good, when, hearing splendid reports about Zam-Buk I decided to give it a trial. You can imagine my relief, when, after a few applications of Zam-Buk, I saw that healing had already started. Continued treatment quickly removed every trace of the obstinate sore. It made me realise what pain and suffering I might have saved the boy, had I got Zam-Buk at first. "When I fell over a steel fender and injured my knee badly, I again used Zam-Buk. My daughter, who was a nurse, thought an operation would be necessary to remove the mass of inflammation and pus, but I hadn't forgotten my previous experience with Zam-Buk. Again regular applications of the balm took out all pain and swelling and healed the wound in a few days. The knee has never given further trouble." Herbal Zam-Buk is 50c. box, all dealers.

# Prince Edward Island Hospital

## Annual Appeal for Financial Support

Three years ago the trustees informed the public of Queen's and King's counties that each year on the first of November, they would ask for a substantial collection to be made in each school district and that no other money collections would be made or authorized by the management. This arrangement has been strictly adhered to, the collections have been regularly made and the trustees wish to thank all contributors and collectors for their support which has made it possible to carry on the Hospital work.

This year, we are changing the date of the collections from November 1st to October 1st. We think it will be easier for the collectors to carry on their work during the usually finer weather of the first week of October and we also wish to avoid clashing with the collection dates of any other charitable institution or society.

This year we must ask you for more money than ever before. We closed our books last year with a deficit of \$4709.85, due to the increased prices of nearly everything used in the Hospital and also to the much greater number of patients treated than in any previous year.

We have installed a Laboratory this year which will cost us over \$2500.00 and we are adding a thoroughly qualified dietitian to the staff which will mean an added outlay, but one which will be in the best interest of the patients. The repairs to the building and replacement of equipment will be fully as great if not greater than last year, and in every way possible the trustees are trying to provide a thoroughly equipped Hospital where our sick may receive as good treatment as can be obtained in any Hospital in Canada.

All of this takes money, a very great deal of money, and we therefore strongly appeal to you for every dollar you can possibly afford to give us. The subscription must be larger than usual if we are to carry on. The collectors will call on you early in October, please encourage them in their work by a substantial subscription cheerfully given

TWO KINDS OF DOCTORS  
The Rev. Dr. Channing had a brother, a physician and at one time they both lived in Boston. A countryman in search of the divine knocked at the physicians door. "Does Dr. Channing live here?" he asked. "Yes, sir." "Can I see him?" "I am he." "Who? You?" "Yes, sir." "You must have altered considerably since I heard you preach." "Heard me preach?" "Certainly. You are the Dr. Channing that preaches, ain't you?" "Oh, I see, you are mistaken now. It is my brother who preaches. I am the doctor who practises."
