BRITISH CAPITALISTS ARE KEEN ON CANADA

QUEBEC, Dec. 13.—In an interview here today on his arrival from England, Major-General Sir David Watson said that what he had noted particularly in England was the unqualified interest which English capitalists and the public in general manifested in Canada and the desire of business men to come and invest their money in the resources of this country. He was very much impressed with the successful organization of the British Empire Steel Corporation, which had aroused keen interest in British financial circles. It could now be considered a certainty, Sir David said, that the big corporation, which meant so much for Canada, had been completed and \$25,000,000 subscribed. English business interests were enthusiastic over the oil fields of Northern Alberta, and he knew of three companies that had been organized with a capital of \$100,000 each to exploit oil in Western Canada. This was only a prelude to what would follow as soon as the political horizon cleared in England and conditions improved.

C.N.R. Men Say They Will Take Drastic Action

Sydney, N. S. Dec 14.—Notification that the brotherhood men of the Canadian National eastern lines are preparing to take decisive action to back up their striking comrades in the steel yards at Sydney has been served on the C. N. R. management, it was announced at strike headquarters here today. The action on the part of the brotherhoods is the most important move made by either side since the switch engineers, firemen and train men employed in the yards of the Dominion Steel Corporation walked out three weeks ago today, to obtain the standard rates of pay awarded the Canadian National Railway men in this district. Chairman of the railway brotherhood committees on the eastern lines of the Canadian National Railways served official notice on the C. N. R. general manager that unless steps were taken by himself and his associates to obtain a compromise from the Dominion Iron and Steel Company and the Nova Scotia Steel and Coal Company, the C. N. R. men would be forced to take decisive action "even though it may be necessary, to

SINN FEINERS DECLARE WAR ON ALL BRITISH TROOPS IN IRELAND

DUBLIN, Dec. 13.—A proclamation declaring that "the public must at once realize that Ireland is in a state of war with forces of the British Crown," has been issued over the signature of the officer commanding troops of the Irish Republican Army in County Monaghan. The proclamation which sets forth that armed gangs in County Monaghan have been attacking and murdering inoffensive citizens, says that "while we extend the hand of friendship to all Irishmen, murder gangs and their guides and informers shall be summarily dealt with." The proclamation further explains recent raids for arms carried out in County Monaghan by stating they were ordered in anticipation of a similar order by the British Government. vary from the past conservative and well-known practices of these organizations to support the striking railwaymen in the Sydney and Sydney Mines yards."

Endowment Campaign For Mount Allison

SACKVILLE, Dec. 14.—That the Board of Regents of Mount Allison intend to throw all their energy into the proposed endowment campaign was evidenced at a joint meeting of the Board of Regents and their zone chairmen held at the University today. The most minute details of the plan of campaign were discussed and it was decided that the plan of organization should be carried into every Methodist church in the Maritime provinces, for while the Mount Allison Institutions are not restricted to students of the Methodist faith, it is the only Methodist University in the entire British Empire with the power to confer degrees. At the joint meeting here today, practically every quarter of the provinces were represented, the following members being present, Col. Frank M. Black, General Campaign Chairman, B. C. Borden, D. D., D. C. L. President, Hon. J. Wood, Treasurer, J. M. Palmer, Secretary, Sackville; J. T. Burchell, Sydney; St. M. Brookfield, Hal. Rev. Robert Fulton, Halifax; J. B.
