MRS. FRANCIS BAIN.—Mrs. Francis Bain aged 60 passed away at her home at North River, Saturday morning, as the result of a paralytic stroke. This was the second stroke Mrs. Bain had suffered and she succombed almost instantly to its effects. Mrs. Bain was formerly Caroline Clarke, daughter of the late David Clarke of Cavendish and widow of the late Francis Bain one of the foremost geologists of his day and to whose memory a memorial was erected and still stands in Queen Square gardens, Charlottetown. There are four sons, Waldo Gifford, John and Addison, and three daughters, Nellie, Carrie and Laura, all in this Province, one brother and four sisters who mourn the loss of a loving mother and sister. The funeral services on Monday at 2 p. m. will be conducted by Rev. Mr. McLaren of North River.

MRS. ALCHORN DEAD.—The many friends of Mrs. T. B. Alchorn, formerly of Charlottetown, will deeply regret to learn of her death which occurred at Wheaton, Ill., at the home of her sister, Mrs. Charlotte G. McKay, on Sunday, Dec. 29th, ult. The funeral took place on New Year's Day. On account of the lateness of the season, her son George C. Alchorn, well known in Charlottetown, now in the banking profession in the city mentioned, deemed it advisable to defer the bringing of the remains back to P. E. Island until the spring. Accordingly the casket containing the body was placed in a vault at Rose Hill Cemetery, Chicago, where it will remain until the last week in May, when it will be brought to the home of the deceased and laid to rest among her own people. The late Mrs. Alchorn had been in failing health for over a year, although her condition was not considered serious. During last summer, she began to fail noticeably and by the fall her physician had very little hope of her recovery. Through all her illness she did not suffer any pain but as the inevitable drew nearer she became very weak and on the evening of the last Sunday, it was noticed that she fell into a deep sleep from which she never awakened and her spirit passed away about ten o'clock that night, to Him who gave it. All that could be done to comfort her and alleviate her sufferings was seen to by the very kind friends and relatives about her. She never forgot her Island home, says an exchange, and she often referred to Charlottetown and the friends whom she formerly loved and knew so well.

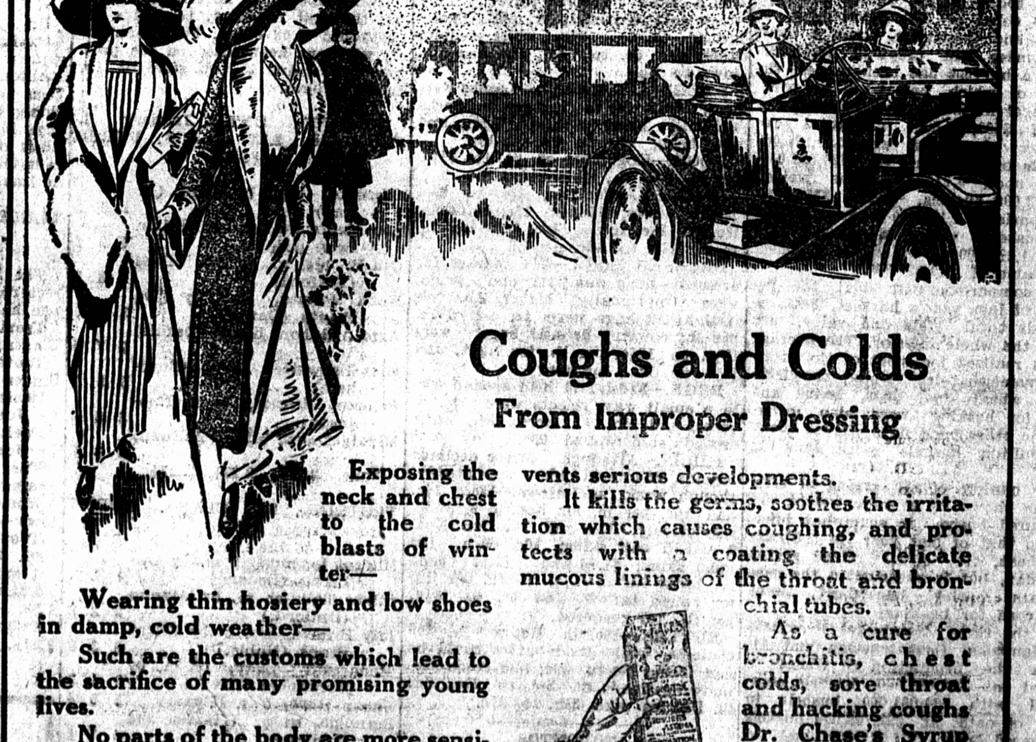
PROMINENT MAN DEAD.—One of the most prominent agriculturists of King's County, passed away Monday, as already referred to in The Guardian, in the person of Frederick George Bovyer, of "Broadlands," Georgetown Royalty, about three miles from Georgetown. His death came very suddenly as he was able to be out and around the previous Saturday, when he drove to Georgetown. On Sunday he was seized with the illness which terminated fatally. The late Mr. Bovyer was born January 1st, 1842, at Bunbury, Lot 48, on the old family homestead, which originally comprised 2,000 acres. He was a son of the late Stephen Bovyer, whose father, John Bovyer, was an ardent United Empire Loyalist, who immigrated to Prince Edward Island from Rhode Island during the American Revolution. Fred G. Bovyer received a district school education, and then took up farming as his life work. In 1872 he purchased Broadlands, containing about 200 acres. Here he carried on farming extensively and enthusiastically. For a number of years he made a specialty of breeding Shorthorn cattle, and Southdown sheep, with which he often carried off the majority of prizes at the Provincial and County exhibitions. He also went into fruit growing on a large scale, his orchard being one of the best in the province. For a time he was engaged as Fruit Inspector of this province. He was a close student of agriculture, a believer in advanced methods and a ready writer on agricultural subjects. He was a man of decided views, but square and honourable in his relations with his fellow men. He leaves to mourn a widow, daughter of the late Hon. Stewart Burns of Freetown, and one son, Chester Lowe. He was a brother of Franklin Bovyer of Bunbury and Mrs. George Bremner of Charlottetown.



Coughs and Colds

From Improper Dressing

Exposing the neck and chest to the cold blasts of winter—

Wearing thin hosiery and low shoes in damp, cold weather—

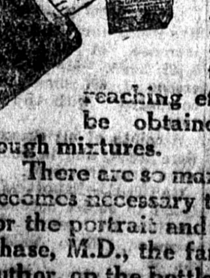
Such are the customs which lead to the sacrifice of many promising young lives.

No parts of the body are more sensitive to the influence of cold and dampness, and the result of exposure is coughs, colds, bronchitis and pneumonia.

Like the healing vapors from the turpentine groves, Dr. Chase's Syrup of Linseed and Turpentine brings relief and cure to the sufferer from affections of the throat, the bronchial tubes and lungs.

Used at the critical time when a cold is settling on the throat and chest, this great medicine brings relief in a wonderfully short time, and positively prevents serious developments.

It kills the germs, soothes the irritation which causes coughing, and protects with a coating the delicate mucous linings of the throat and bronchial tubes.



As a cure for bronchitis, chest colds, sore throat and hacking coughs Dr. Chase's Syrup of Linseed and Turpentine stands alone. It has a thorough and far-reaching effect, which cannot be obtained from ordinary cough mixtures.

There are so many imitations that it becomes necessary to warn you to look for the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the bottle you buy. 25 cents a bottle; family size, 60 cents. All dealers, or Edmanson, Bates & Co., Limited, Toronto.
