

Sad Fatality Near Mt. Pleasant

A sad fatality occurred near Mount Pleasant on Saturday night when Mrs. Charles Waite an old lady 82 years of age died from cold and exposure near her home. Her body was found on Sunday morning by neighbors. She lived with her husband who is a semi-invalid, in 15 chairs back from the Western Road near Mount Pleasant. Late Saturday afternoon she went to bring home the cow from the pasture and when she did not return at dark her husband became alarmed and put a light in the window thinking she could not find her way. Being an invalid and almost blind he was not able to go to her assistance. In the morning he found his way to a neighbors house and a search party was at once organized and the old lady was found near her home but life was extinct. Dr. Champion of O'Leary was called and found that death was due to cold and exposure. Mrs. Waite was subject to weak spells and it is supposed that as it was a very cold and windy night that she had been overcome trying to battle against the wind. The old couple lived alone. They have one son Charles Knutsford, who was immediately notified of the tragedy. The sympathy of all goes out to the bereaved husband and his son. The funeral is to be held today.—S

Loses Mother And His Wife

The Winthrop Sun of East Boston gives an account of the double loss sustained by Mr. Thomas J. Terrell, former resident of Milton, Prince Edward Island, but now of Winthrop. His mother, Mrs. Louise Terrell, late of Milton, passed away at the ripe age of 92, on October 6th, and his wife, Mrs. Louise MacKay Terrell aged 71, passed away the next morning at 10 o'clock. The elder lady was born in Richmond, England in 1840, and was the widow of the late Henry Terrell, also of England and was resident of Milton for many years, and later of East Boston. She is survived by one daughter, Mrs. Thomas Bell, of Halifax, and two sons, William Terrell of Boston and Thomas J. Terrell of Winthrop. The younger lady was born in Scotland in 1861 and over forty years ago was united in marriage to Thomas J. Terrell. Her death, following an operation, came as a shock to all who knew her, and her husband has the sincere sympathy of a large circle of friends. There was a double funeral held at First Church, Winthrop, conducted by Rev. C. Oscar Ford, D. D., who spoke feelingly of the fine qualities of the two departed ones. The floral tributes were many and beautiful. The funeral was largely attended, as both ladies had a host of friends. Interment was in the Winthrop cemetery.

Annual Meeting (Continued from Page 1)

urer's report, Mr. Warren, Assistant Commissioner in a short address, stated that the progress made in the movement during the past year was highly satisfactory, and that judging from his numerous visitations to the various troops the result of good leadership was everywhere evident. As a result of discussion, it was decided to limit the Associated members fee from two to one dollar. It was thought advisable to postpone the holding of an "apple day" until a future date, and regarding the Jamboree to be held next summer in Hungary, it was thought that the Association should endeavour in some manner to raise funds to send at least two scouts, and that the Secretary send full particulars to each troop regarding qualifications, etc. A concert, which would include all troops was suggested to be put on in Charlottetown and Summerside. The Annual Scout Parade was decided to be held to St. James Church, and the Church of the Holy Redeemer at the invitations presented by the churches. An invitation extended to the Scouts to take part in the Remembrance Day parade was discussed and found favour amongst those present. The outcome was left in the hands of the Assistant Commissioner. Reference to the departure of Mr. G. R. Filiter, President, Mr. and Mrs. Preston McLaine, Scoutmaster and Cubmaster of Zion Church respectively and Mr. Karl Vinnicombe, of St. Peter's Troop was made, in which regret was expressed at the loss the Association sustained in their absence from the Province. At the close of the meeting a vote of thanks to the City Council was moved by Rev. G. T. Spriggs, seconded by Rev. Canon Malone and unanimously carried.

COMMISSIONER'S REPORT

To the Provincial Council of the Boy Scouts Association of Prince Edward Island at this time assembled in annual session in Charlottetown, October 1932. "What to do with our boys" is a problem of ever increasing perplexity. For many the Boy Scouts Association supplies an attractive and effective answer for by its means character is often formed and built up. Our former Chief Scout, Viscount Byng of Vimy, once said, "we want our boys to be Canadians, Citizens and Christians." The Boy Scouts are potentially all this if they receive the complete training. The work accomplished in this Province has been directed with this end in view and during the past year has been of a steady nature rather than spectacular. Concert, The Charlottetown troops organized in the spring of 1932 a concert which netted a considerable sum to help finance the Provincial Camp. This enterprise deserves great credit and brought the movement before the public in a most commendable manner. I would suggest that if possible such an entertainment be arranged when out of town troops could participate and the public of the Province be given an opportunity to attend. Church Parade. Again the troops of the City arranged a church parade. The boys formed up together as one unit marching through the principal streets; they then divided, the Protestant boys going to St. Paul's Church, where, during the service, an investiture was conducted most impressively to all concerned; and the Roman Catholic boys to the Church of the Most Holy Redeemer. Camps. Three camps were arranged during the summer months. The provincial camp at Fairview; the Bedeque and Freetown Troop camp at Fernwood; and the Summerside troop camp at Fernwood. It was my privilege to visit the first two of these and to find them conducted in such an excellent manner. The outstanding feature in each was the Scoutly appearance and spirit. I am confident that the boys will have benefitted immensely by the time spent together under camp conditions. I regret that all the City troops did not avail themselves of the camp at Fairview which was ably conducted by the Assistant Commissioner, Mr. Warren; under such management and leadership the boys derived a vision of what Scouting really is. From information received I gather that the Summerside Troop camp conducted by Mr. Hallett was run on strictly Scout lines and his deserves great commendation for all that was accomplished. Once more I can report "no accidents" either on land or water. Patrol Leaders Conference. This annual event held this year in the town of Summerside was managed excellently from start to finish.

Annual Meeting (Continued from Page 1)

The type of lad in attendance, the keen spirit and interest maintained throughout, all go to show the Conference was well worth while. All troops represented will reap lasting benefit from the energy and thought of those who took part in the programme, which included instruction in "How to Instruct," "Discipline," "Proficiency Badges," "Spare-time Activities," "Court of Honour," "Games," etc. Visitation. The Assistant Provincial Commissioner has been a great help in carrying on almost continuous visitation of the Troops in the City. Thus he has been able to give needed instruction on many subjects and has materially assisted the Scoutmasters. I have visited the Bedeque and Freetown Troop and the Summerside Troop. The personal touch thus gained by benefitted all concerned. "Cubs." There are several Cub Packs doing splendid work in inculcating the elementary knowledge of Scouting to the younger lads. A pack should exist near every Scout Troop, as it is from the ranks of the Cubs that we often get our best Scouts. I received great inspiration when I was able to visit the Pack at St. Peter's, Charlottetown. Rovers—This branch of the work has made a small beginning in our Province and I trust will continue to grow. Our Association would be much strengthened if we could enrol all former Boy Scouts and Scoutmasters in the Rovers. Gilwell Course—Again our Province has had representation at the Maritime Gilwell camp conducted during the year, namely the 2nd Summerside, under the auspices of St. Pauls R. C. Church. Cub Packs were also organized at St. Pauls Anglican Church and at Zion Presbyterian, Charlottetown, where scouts have been carrying on for sometime. Scoutmasters Warrants, signed by the Chief Scout for Canada, His Excellency, The Governor General, were issued to three scout leaders, namely: Rev. Wm. Phillips, Alberton; Mr. E. J. Hallett, Summerside and Mr. J. Harold Arsenault, Summerside. Group Charters were issued to three groups: The 7th Charlottetown, the 1st and 2nd Summerside. The Gilwell Woods Badge and Certificate were presented to Rev. A. G. Crowe, Central Bedeque, and Mr. R. C. Parent, Charlottetown. These are given to those who take both the Practical and Theoretical courses in Scouting, and who are recommended by the Provincial Commissioner. Three of the Island Scout Leaders, Messrs. Fred Driscoll, Harold Arsenault and Stuart Leigh, attended the N. B. Gilwell Training Camp at Sussex in July and Mr. Stewart Leigh attended the Rover Meet in Halifax. These courses are doing much to keep the standard of scouting high in this province. During the months of July three Boy Scout Camps were held. The Provincial Camp at Fairview with 23 boys and three leaders; First Summerside Camp at Fernwood with 30 boys and three leaders, and the First Bedeque and Freetown Camps at Fernwood with 18 boys and two leaders, a total of 79 Scouts and leaders. In addition to the benefits in health and fellowship many tests were passed. There were no idle moments. One of the outstanding events during the year was the holding of a Patrol Leaders Conference in Summerside on Oct. 1st. Forty-six scouts and eight leaders were present. The afternoon was spent in short talks, discussion and games. At the banquet an inspirational address was given by Rev. Bennett McDonald, which was highly enjoyed. At the Camp Fire perhaps the most interesting feature was the presentation of badges. Two of our Scouts, namely Charles Batt and Phil Stavert are at the present time working hard on the "Fisher Body Model." This model requires a tremendous amount of painstaking work and when completed will be very beautiful. These same two Scouts entered model airplanes in the Model Airplane Competition at the Air Pageant. Phil Stavert won gold medal for the best model and Charles Batt a silver medal for the second best model. Six Charlottetown Scouts and leaders took advantage of the First Aid Course put on by Mr. F. W. Freeman, Regional Organizer, First Aid, C. N. R., during September and October and successfully passed the required examinations. By far the most encouraging feature of Scouting this year was the great increase in the awarding of badges. These included: 60 Tenderfoot, 17 Second Class, 9 First Class, 2 King Scout, 1 Grade A all Round Card, 1 Grade B all Round Card, 90 Proficiency Badges, as follows: 2 Airmen, 11 Ambulance, 2 Artist 10 Athlete, 2 Camp Cook, 5 Carpenter 10 cyclist, 1 Electrician, 1 Engineer 6 Firemen, 5 Friend to Animals, 2 Forester, 1 Handyman, 1 Healthyman, 6 Horsemen, 1 Laundryman, 3 Musician, 4 Pathfinder, 2 Pioneer,

close watch on the progress of various activities. One officer was stationed throughout the evening in the Brighton district and another in the eastern section of the city. About half a dozen lights had been reported broken at midnight, in most cases in the Brighton district. About 10.30 a bomb, which had been placed on a window ledge on the east side of West Kent School exploded, broke five large panes of glass, and shattered the window frame. A Willys-Knight car was pushed into the Government Pond by some too-enthusiastic celebrants. A number of fences were also pulled down or destroyed. In accordance with time honoured custom, the students of Prince of Wales College gathered en masse to serenade their professors. Governor Dalton, Mayor Stewart, Mr. C. H. B. Longworth, president of the Alumni Society, were among others whom the students visited. Cheers and college yell enlivened the city throughout the evening. The conduct of the students was in every way exemplary, and not a single questionable incident marred the progress of the large group as it passed through the streets. By midnight the usual quiet reigned in the city.

PRIME MINISTER

The Prime Minister spoke of the renewal of trade and business activity and of the restorative processes in the complicated world economic structure. And then Mr. Bennett observed "so far as Canada is concerned, I believe we stand in a particularly advantageous position to benefit from the improvement in world conditions." The statement of the Minister of Finance was equally buoyant. "The record of Dominion financing since the early days of the war when the first internal bond issue of the Dominion was offered for public subscription, down to the present time is an enviable one, Mr. Rhodes declared. In his statement issued to the Canadian Press, the Prime Minister stated: "The public offering of an issue of securities of the Dominion of Canada is a matter of significance, not only to investors as such, but to all whose interests are bound up in the welfare of the country. "The Dominion invited its people to purchase \$80,000,000 of its bonds, at a price which, in the case of the long term securities, will yield the investor the equivalent of 4 1-2 per cent per annum. "A year ago in the National Service Loan, Canada gave a remarkable demonstration of financial strength and national purpose. Over \$221,000,000 were raised, and there were in this Dominion of but ten million souls, nearly 100,000 individual applications contributing to that result.

NEW RULE TO DEAL WITH HOLD-OUTS

(Canadian Press) TORONTO, Ont., Oct. 31.—Suspension faces National Hockey League hold-out players if terms offered them by their clubs are considered fair by the President of the League. Move to this end was made by the board of governors of the N. H. L. at their meeting held here today. Under the new method of dealing with recalcitrant contract signers, the club will report its dealings with the player or players concerned to President Frank Calder. If President Calder deems the player has been fairly treated he has the power to suspend him.

Ritchie McCoy Again Stars

MONTREAL, Oct. 31.—M. A. A. A.'s English Rugby fifteen qualified for the MacTier Cup final against Glace Bay Caledonia at the M. A. A. A. Westmount Grounds Saturday afternoon. Unbeaten all season and with only a tie against it, the M. A. A. A. squad was severely pressed until brilliant work by Ritchie McCoy relieved the situation and Vickers was put on the defensive. Play was fast from the outset with the ball travelling from end to end, and after ten minutes the Wheelers were forced to touch-down in self-defence. For some time after that they were pressed until McCoy turned the tide.

Brown Wins

(Associated Press) MANCHESTER, Eng., Oct. 31.—Jackie Brown, British title-holder, stopped "Young" Perez of France, recognized in some quarters as world's flyweight boxing king, in the 13th round of a 15 round championship bout here tonight. 1 Public Healthman, 4 Swimmers, 4 Safety Men, 3 Rescuer, 2 World Friendship, 1 Cub-House-Orderly, 1 Cub Collector, 1 Swimmer. Everyone of these badges requires a considerable amount of work on the part of the Scout and gives some idea of the diversity of training in the Scout Movement. By working over various badges after a boy discovers that work for which he is especially adapted, parents would be well advised to encourage their boys when they are working on these tests, for they very likely will be assisting them in finding their life's work. Everyone of these badges requires a considerable amount of work on the part of the Scout and gives some idea of the diversity of training in the Scout Movement. By working over various badges after a boy discovers that work for which he is especially adapted, parents would be well advised to encourage their boys when they are working on these tests, for they very likely will be assisting them in finding their life's work.
