### The More You Spend

the less you have to set aside for illness, old age, adversity of any kind.

Regular saving is the only way to affluence open to the man who does not inherit wealth.

The history of all self-made men is the same in principle. They saved by small amounts to begin with. They saved regularly till they had sufficient for a safe investment.

They were most concerned about the safety of their investment.

The Dominion Trust Company fills every requirement of the man who desires comfort in old age.

Savings are accepted and 4 p. c. interest is allowed and added quarterly.

When sufficient is saved for an investment, then sound, safe securities are recommended. Just exactly the same ones as the company holds for itself, just the same ones as the directors of the company hold for themselves. You will make no mistakes by owning this kind of security.
