HEAVY TURN-SUMMERSIDE OVER IN WATER SUPPLY MIL MARKET IS EXTENDED

Wheat At Winnipeg Closes With Gain of Around Five Cents to Reach New High.

Improvement Effect- ed In Supply System For Prince Co. Capital.

MONTREAL, June 27—(C.P.)—The heaviest turnover since Oct. 1929, and with 17 issues mounting new peaks for the year or longer, the Montreal Stock Exchange listed today staged one of the broadest advances of the year during today's trading.

For the past year Summerside has been deriving its entire water supply from two Artesian Wells, and these wells are today supplying as much water as when they were put down.

Trading continued at a hectic pace from the opening and the prices at times fell behind as thousands of orders swamped brokers. The total of 162,544 shares, the largest volume since Oct. 10, 1930 when 186,152 shares changed hands.

The town has, however, outgrown its present supply, a conservative estimate of the increased consumption being 5% a year.

Stocks churned in record volume in the Toronto Stock Exchange, early through huge turnover in military issues and great demand for implements. New tops were generated through these groups, distillers program gaining \$3, Hiram Walker and Canadian industrial alcohol up \$2.

To better the service to the consumer and to provide better fire protection, the Water and Sewerage Commission decided to extend the service and engaged The Trask Well Co. of Amherst, N. S., to sink enough wells of sufficient depth to assure the Town of an additional 200 gallons per minute.

Wheat at Winnipeg closed with gain of around five cents a bushel and together with agricultural implements seized the opportunity to break into new high territory for 1933.

A chemical and bacteriological test showed that this water was of the purest quality.

A second well has been sunk to a depth of 417 feet and shows 75 gallons per minute. At a meeting of the Commissioners held on Monday evening, it was decided to continue the drilling in this well to the 500 feet level.

The recommendation of the contractor has been carried out in regard to size of bore holes, location of the same and drilling has been continued to the depths specified, resulting in a very satisfactory undertaking to all concerned.

The town of Summerside is to be congratulated upon its now excellent and ample supply of nature's best gift to mankind, pure water.

SMITH

(Continued from Page 1)

Smith after his arrest on February 19. The statement was admitted at the preliminary hearing but defence counsel C. Guy Black said he would oppose its introduction at the trial.

Henwood's statement relates how \$130 was stolen from Mrs. Smith's home after she had been beaten unconscious and her throat slashed. It admitted he himself had cut her throat with a clasp knife, but said Trueman had first hit her over the head with a baseball bat.

Movements of her son during the hours in which police believe the murder occurred were detailed by Mrs. Smith, last of the Crown witnesses to testify before adjournment. Haltingly, in monosyllabic answers, the black-clad widow replied to the Crown prosecutor's questions.

Gently, the veteran prosecutor drew from her the information that Trueman had left his home with Alvah Henwood at seven o'clock that night and that they had returned together some time after eight o'clock. She said they went into a front room, where she heard Alvah ask for the loan of a magazine.

A few minutes later, Mrs. Smith proceeded, her son's chum left the house. He did not return until noon the next day.

Later in her testimony, Mrs. Smith said Trueman had contributed to the upkeep of the household out of an income of \$3 a week that he received from a beverage concern. He had given up the job on February 14 to visit an uncle in Sackville, N. B. It was there on February 19 that he was arrested.

LIGHT HORSE TO HAVE EIGHT DAYS' TRAINING

Visit to Summerside Will Be Included in Interesting Course.

The Prince Edward Island Light Horse will carry out eight days annual training from June 30 to July 7 during which they will march to Summerside and encamp at the Exhibition Grounds. It is planned to ride via the North Wiltshire, Bedeque road, leaving Charlottetown Friday morning, June 30, with "A" Squadron of Queen's County, carrying out an advance guard scheme on the way. At Rose Valley a halt will be made at noon when rations and forage will be issued. Near Middleton "B" Squadron of Prince County will be encountered and a sham battle fought. Following this the whole unit will bivouac on the property of Prof. W. J. Reid, Middleton, for the night with "C" Squadron from Montague on outpost duty. Major I. E. Croken, Regt. Vet. Officer, will inspect horses here. Saturday morning the regiment will complete its march into Summerside and erect its canvas on the field in the race track. During the afternoon while the Dominion Day races are in progress the regiment will put on a parade and mounted sports.

On Sunday the unit will attend church parade at the Presbyterian Church where the Regimental Chaplain Capt. R. Moorhead Legate, will occupy the pulpit.

On Thursday morning the return march to Charlottetown will begin on a different route, during which further manoeuvres will be carried out. The unit will conclude its training on Friday, July 7.

The following officers will attend: O.C., Lt.-Col. F. I. Andrew, M.M., A.D.C.

2nd in Command, Major L. T. Lowther.
Adj't., Capt. M. Nash.
Paymaster, Capt. A. E. Power.
"A" Squadron, Major R. H. Duvar, Lieut. J. E. Andrew.
"B" Squadron, Major E. W. Johnstone, Capt. R. R. Ings, Lieut. D. S. Montgomery.

"C" Squadron, Capt. F. W. Hyndman, Lieut. John Mustard.
Lieut. W. Phillips, "A" Squadron, will be absent at Royal School, St. John's, P.Q., and Lieut. L. E. Crue, Signal Officer, at Aldershot Camp, Kentville, N. S.

Chief Scout Commissioner Has Busy Day

Chief Commissioner Stiles of the Boy Scouts had a busy day yesterday. Accompanied by Assistant Provincial Commissioner Wm. Warren and Provincial Secretary, Mrs. Stiles, Mrs. Warren, and Mrs. Parent, he visited King's County, interviewing the Scout officials at Montague and inspecting the site of the Provincial Camp at Brudenell. He highly approved of the site chosen and thinks the Boy Scouts will have a wonderful time when they go there next month. He was surprised at the cheap rate being charged, \$4 for ten days for Charlottetown Scouts and \$5 for Scouts outside the city—the difference being due to the fact that the City Scouts raised \$100 towards their expenses by a concert and display. In the evening Mr. and Mrs. Stiles visited Zion Cubs under the direction of Miss Campbell and Mrs. Parent, Mrs. Stiles showing them some new stunts and games which they greatly enjoyed. Later a conference of Scout Leaders was held when the Chief Commissioner gave a very encouraging report of the progress of the movement, there being now 63,000 Scouts enrolled in Canada alone. He discussed difficulties and problems submitted to him, and altogether a very profitable time was spent. Today the Chief Commissioner visits Bedeque and Summerside and on Thursday will be in Alberton and Kensington with Provincial Commissioner Rev. G. T. Spriggs. On Friday he will return to Charlottetown for the week end, and on Sunday will preach in St. Paul's Church in the morning and in Montague Presbyterian Church in the evening. At both services Scouts and Cubs are expected to attend in uniform.

GOVERNMENT

(Continued from Page 1)

A resolution expressing deep regret at the indisposition of Premier the Hon. J. D. Stewart and hope for his rapid recovery was passed unanimously.

Resolutions were also passed commending the work of Hon. Dr. MacMillan as Acting Premier, Hon. G. S. Sharp and Hon. Thos. McNutt in their departments, and also commending the Government on the excellent condition of the roads and their practice of strict economy.

The meeting also expressed its high appreciation of the valuable services rendered Canada by Premier the Hon. R. B. Bennett during this difficult period in the history of the country, and commended the Conservative Government in providing better markets for Canada through the Empire trade treaties negotiated at Ottawa. The meeting went on record as looking forward with confidence to the results of the World Conference in London as being beneficial to Canada.

Mr. D. B. McDonald was unanimously re-elected as President.

Other elections were as follows: Vice President—Major F. May, Secretary Treasurer—Mr. J. H. McNairs.

Conveners, Third District—Messrs. John F. Arsenault, Frank Simpson.

Fourth District—Dr. McBride, Mr. Murdoch Dawson.

Fifth District—Messrs. Gordon Dawson, Arsene Poirier.

The proposed amalgamation of the East and West Prince Associations was very ably discussed and a committee appointed to lay the matter before the West Prince annual meeting today. Mr. Jas. Pendergast as chairman, Mr. W. J. Lidsone, Dr. McBride and Mr. W. B. McNeill were the delegates selected.

A warm vote of thanks was tendered to Mr. Myers and other speakers, and the meeting closed with the National Anthem.

AWAIT

(Continued from Page 1)

Australian states were firmly opposed to restriction and this made Australian adherence appear hopeless.

Must Fall in Line

Other delegates countered with words to the effect Australia must fall into line sooner or later, and the sooner the better. The near 500,000,000 bushel surplus of Canada and the United States was mentioned. It was intimated it has got to be disposed of somehow and if no agreement was reached there might be no other alternative than to put it on the market for what it will bring. The actual word "dump" was used by one of the Americans and it was said to have created a deep impression.

Anyway, the upshot was Mr. Bruce agreed to push the matter further with his Government and a definite answer is expected from Canberra in the next four or five days.

What Prime Minister Bennett called "an act of God, Providence or maybe Roosevelt" made its force felt late in the day when Prime Minister Ramsay MacDonald, Chairman of the World Economic Conference, took a hand. Perturbed over the near breakdown, he called Premier Bennett, Henry Morgenthau Sr., of the U. S., Mr. Bruce and Thomas A. Le Breton of the Argentine into conference.

Ticker tape meanwhile had carried the first word of today's dollar wheat in Chicago and the group of men which met Mr. MacDonald were jubilant at the improvement in marketing conditions, attributed chiefly to adverse weather and crop reports.

various speakers re fox exhibitions, etc. It was finally moved, seconded and carried that a fox show be held this fall.

Registered Foxes Eligible

The next matter to engage the meeting was the eligibility of foxes. Some members present were for admitting any marked fox, but it was pointed out that this was at variance with the rules of the Association. It was finally moved, seconded and carried that all foxes registered in the Canadian National Live Stock Records be eligible for exhibition. The matter of show dates was left to the in-coming Directors.

The election of officers to fill vacancies on the Directorate through the retirement rule resulted in Mr. Gavin Harding, Major A. S. Robertson and Lt.-Col. D. A. MacKinnon being re-elected for Queens County; C. C. Baker, Margate and C. B. Rogers, Summerside, for Prince County; W. H. Davison, Montague, for Kings County.

Immediately after the annual meeting of Directors was held at

which Mr. B. W. Robinson, Summerside, was elected President; F. G. Kennedy, Southport, Vice President; Walter Shaw, Charlottetown, Secretary Treasurer.
