**Put Fox Industry
on Commercial Basis**

TORONTO, Ont., February 15.—The fact that the real future of the fox farming business lies not upon commercial development, but upon Dominion Live Stock Commission, told the Ontario branch of the Silver Fox Breeders' Association that they should look into the matter of peat sales. Briefly, Mr. Arrell proposed the establishment of an organization somewhat similar to that of the wool growers.

"You all know that in the old days there was an attempt to grade wool before selling," he stated. "Dirty, burry wool, often moistened with water to increase the weight, was taken to the dealer, who was forced to make a liberal discount in price to cover any possible losses. Under this system there was no encouragement for a man to turn out good stuff. Today, however, with an independent growers' organization grading and valuing the wool before sale, each man gets exactly what he is entitled to. I think something ought to be done along this line in the selling of fox pelts. Your success in the future absolutely depends on the commercial end of your business." The incoming executive were instructed to co-operate with the Dominion Live Stock Branch in investigating this matter.

Satisfaction was expressed over the inspection and registration service of the Ontario Government, and a resolution was passed against turning this service over to the Canadian Silver Fox Breeders' Association, which body was claimed to be largely dominated by breeders on Prince Edward Island. The association also protested against any possible monopoly in the matter of exports of live animals by Prince Edward Island.

Officers for 1926 were elected, as follows: President, W. H. C. Ruthven, Alton; Secretary-Treasurer, C. K. Waldron, Director—Three years: W. H. C. Ruthven, Sim Coll, Ridgeway; J. E. Pattee, Peterboro. Two years: L. B. Pollock, Keswick; Dr. G. White, Platon; E. C. H. Tidale, Beaverton. One year: J. M. Rumford, Orillia; H. L. Clippam, Sparrow Lake; J. M. McGilvray, Peterboro. Director Pattee and the Secretary were appointed delegates to the convention of the parent organization in Prince Edward Island.

(Canadian Press)
MONTREAL, Feb. 15.—Cattle receipts 849. Buyers were reluctant to pay prices asked for cattle and trading was not keen. The top load of steers averaged 12.00 and was sold for 10.00 and a load of light cattle of fair type but well finished brought \$7.25. The balance of the cattle were weighed up in smaller lots at prices corresponding to the following quotations:

Quotations: Butcher cows, good \$7.00 to \$7.50; medium \$6.50 to \$7.00; common \$4.75 to \$5.00; butchers heifers, good \$6.50 to \$7.00; medium \$5.75 to \$6.25; common \$4.50 to \$5.25; butcher cows, \$5.00 to \$5.50; medium \$3.75 to \$5.00; common \$2.50 to \$3.25; butcher bulls, good \$5.00 to \$5.50; common \$3.50 to \$4.75.

Calf receipts 547. Calves were generally a shade easier. Most of the straight lots of ordinary calves sold for \$11.00. A few of the best calves were picked out at \$11.50 and \$12.00 was paid for a few tops. Commons brought from \$9.00 to \$10.00 and grass calves \$5.00 to \$5.50.

Quotations good veal \$11.50 to \$12.00; medium 10.50 to \$11.00; common \$9.00 to \$10.00; grassers \$5.00 to \$5.50.

Sheep receipts 202. The few sheep and lambs offered sold quickly at from \$11.50 for lambs and \$5.00 to \$7.00 for sheep.

Quotations ewes \$5.00 to \$7.00; lambs, good \$11.00 to \$11.50; common \$10.00 to \$10.50.

Hog receipts 2,093. A few very light hogs were picked out at \$14.50 but the ruling prices for straight lots of good quality hogs were \$14.75. On one market where there was not enough hogs offered to supply one smaller dealer \$15.00 and \$15.10 was paid by local butchers. Selects were quoted at \$15.00 and sows \$12.50 to \$13.00.

**I. O. D. E. Overseas
Scholarship
Awarded**

Mr. Mark Inman a graduate of Acadia University has been awarded the Overseas Scholarship for Prince Edward Island for 1926 given by the Imperial Order, Daughters of the Empire.

Mr. Inman, who is a son of Mr. Peter Inman, of Argyle Shore, was born in 1899. He took his collegiate work at Acadia Academy and entered on his university course in 1921, graduating in 1925 with honors in History. In the summer of 1916 he enlisted in the 10th Siege Battery but was rejected on account of his age and minor physical defects. He later joined the Royal Air Force with which he served until the end of the war.

The I. O. D. E. Overseas Scholarship, which is a part of the War Memorial of that Order to the men who served during the Great War, is awarded annually. It is of the value of \$1,400 and is tenable for one year only. It offers a greatly prized opportunity for study abroad for the young men and women of our universities. In awarding the scholarship, other qualifications being equal, preference is given to men who served in the Great War or to their relatives.

It is Mr. Inman's intention to pursue his studies in History and Economics at Oxford University and in view of the fact that he had already won high distinction in his chosen field of study, we congratulate him on a successful post-graduate course, with additional honors in the wider sphere of study and research.

**SIEGE OF MALPEQUE
A HISTORIC INCIDENT**

Troops Sent to Quell Rebellion in Malpeque in the Good Old Days When Knighthood Was in Flower in Prince Edward Island.

An event in Prince Edward Island of which nothing is told in the authorized versions of Island history is recorded in the report of the Land Commissioner's Commission in Charlottetown during the summer of 1860 to enquire into the differences relative to the rights of Land Owners and tenants. The Commissioners were Hon. John Hamilton Gray of New Brunswick, Hon. Joseph Howe and John Wilton Ritchie of Nova Scotia.

The following excerpt from the evidence given by Mr. Alexander Stewart of Lot 18, speaks for itself:

"I would impress upon your honor this fact, that the people who were brought to this country were basely deceived. This country was in fact which would astonish you. Among other things, the siege of Malpeque was remarkable."

Com. Howe—I have heard about the siege of Derry, etc. Will you tell us something about the siege of Malpeque?

Mr. Stewart—Governor Fanning issued orders for a muster of Militia about the year 1802, which order was disregarded by the inhabitants of Malpeque. The Governor being indignant at their disobedience forthwith ordered a detachment of soldiers and others to accompany him to Malpeque. On his arrival there, not a man was to be found; all had fled to the woods. After remaining some days, and threatening what he would do, if he could not take them, the people had at last pledged themselves to do them no injury, providing they would muster. They having been made acquainted with these promises, immediately came and mustered. The Governor, on being asked if they might do so, replied that he might do so. When he returned to Charlottetown, he drew up a despatch, representing the whole island as in a state of rebellion, and that he had besieged Malpeque, the principal stronghold of the rebels, and completely subdued them. He at the same time gave a list of the killed and wounded, accompanying it with a draft for no inconsiderable amount to defray the expenses of the siege. One of the officers, who was represented as being wounded, but who merely got his trousers torn on his way thither, applied for, and received a pension. This despatch was followed by another, equally false, representing all the Townships on the island as having the full complement of settlers required by the original grants. When between Summerside and the North Cape there was not a single settler; from the North Cape returning on the north side of the island to St. Eleanor's there were not over 25 settlers, with the exception of the Acadian French; and from St. Eleanor's to Charlottetown, there was an unbroken forest, with not one settler.

Com. Ritchie—These despatches are not to be found.

Mr. Stewart—This much I know that one time Governor Fanning's Secretary came to my father's house, as he entered he struck my father on the shoulder and said, "Well Charles, what do you think, our population is thirty-two thousand." "It is impossible," replied my father, "for I know every man on the island, and there is not one fourth of that number." These speeches I have often heard spoken of by the whole circumference, but never heard the fact of their being written disputed. These despatches I always understood were got up for the express purpose of preventing the Escheat Bill of 1803 from going into operation.

**Sills Shines in
First Star Role**

One of the finest characterizations Milton Sills has yet given on screen.

That is our opinion regarding the Making of O'Malley, which played yesterday at the Seward Theatre with Sills in the role. Incidentally, it is the time in his career that he has officially "starred" in a movie, and he amply supports the performance the wisdom of National executives in him.

His love interest, pathos, suspenseful dramatic situations, medley—all of these are in this picture. For genuine pathos which includes the tearful making of O'Malley" which had been desired.

Nothing romance of a girl's love and a society girl's welfare work. The burly influence lifts this and in "cop" to a new fold; as the action unfolds, threads of a love Sills' a splendid charge of the rough handed a rollie who when duty is fast acted him revolves love stor, chuckles and you can hme charm. Now that local and Summerside hockey fans are aware, to a certain degree, of the prowess of the Abbie Sisters and the Crystal Ladies as well, the writer would suggest that after tonight's contest, the Red Macs ladies hockey team be given a chance to play the winners, or either of the teams one or a series of games for the Island championship. The Red Macs have an excellent lineup this year and are only waiting for the word to measure their hockey ability with that of the other lady aggregations.

**Bronchitis More
Than a Cold**

Often develops rapidly into pneumonia—relief is found in Dr. Chase's Syrup of Lined and Turpentine.

Any cold is serious enough when its dreadful possibilities are considered, but when there is soreness or tightness in the chest and a dry hard cough you can look for bronchitis, which is often confused with an ordinary cold.

It is usually known by aching limbs and body pains, chilly feelings, weariness and weakness, pain in the chest and a tight, tearing cough. Fever, dry skin, thirst, coated tongue and constipation are other symptoms.

Dr. Chase's Syrup of Lined and Turpentine seems almost like a specific for bronchitis because it is so successful in loosening up the cough, soothing inflammation and preventing the inflammation from reaching the lungs.

THE MARKETS

(Canadian Press)
MONTREAL, Que., Feb. 15.—There was no improvement in the export trade in grain here today, as the bulk of the cables received only asked for offers. The domestic and country demand will be restricted with the result that only a small amount of business was done. The tone of the market for our wheat was steady and the prices were unchanged. Business on the local flour market was reported quiet but the undertone to the market for spring wheat grades was steeper. Owing to the renewed strength in the United States market for millfeed of late and the advance of \$2 per ton there was an increased inquiry from that market for bran today. The local market was steady with a moderate amount of trade present.

Manitoba bran sold at \$2.25, shorts 32.25, and middlings 30.25 per ton, including bags extra, less 25c per ton for spot cash. There was no change in the condition of the market for baled hay, prices being about steady with only a small amount of trading done.

Steady feeling in the local egg situation prevailed in the market however was small and prices remain as quoted on Saturday. Prices for storage eggs were fully maintained today under an increased inquiry for supplies and some what smaller offerings in a wholesale way. Sales of fritt were made at 23 cents and seconds at 20 cents per dozen, the latter showing further advance of 1 cent per dozen. There were no changes in potato prices.

AN EVENING WITH ST. VALENTINE.—Last evening the Salvation Army barracks was packed to capacity when an excellent and much enjoyed musical program was carried out under the direction of Adjutant Davis. The entertainers, all children, were attractively and artistically costumed and gave some excellent renditions of songs, recitations, dialogues, etc. The hall was beautifully decorated, red and white colors predominating all blended in harmony with the dresses of the children. During the evening a short address was given by Adjutant Davis who briefly stated the object of the gathering and gave a history of the life of St. Valentine. At the conclusion of the program refreshments were served. The accompanist of the evening was Mrs. J. Richards whose playing added much to the enjoyment of the evening.
