It is worthy of note that since Feb. 2nd there has not been an arrest for drunkenness or rowdyism by the Summerside police, nor a case of any kind tried in the police court. This is a clear record for the month.

St. JOHN papers of the 23rd of Feb. arrived yesterday afternoon via the capes. There is nothing to indicate where they have been lying all this time but it is presumed that the recent thaw has reduced the snow drift at Cape Tormentine. As spring advances it is possible that some more old papers may turn up.

Two laundries for Summerside under Sing Lee.—Sing Lee is about to establish a branch of his laundry business on Central St., next door to Y. M. C. A., which he will run in connection with his establishment on Water St., and which will be open next Monday. The former will be in charge of his brother John, who conducted the business while Sing was in China last year. He will have two men employed—he himself acting as superintendent. mar 3 2i

Pain in the Back

Heart Disease.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLES.

Do Not be Alarmed But Look For The Cause.

Heart troubles at least among the Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomach, of poor digestion.
 Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.
 The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nervous system, the Sympathetic and Pneumogastric.

In another way, also the heart is effected by the form of poor digestion, which causes gas fermentation from half digested food; There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.
 Poor digestion also poisons the blood making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe pleasant and effective digestive preparation like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain a valuable, harmless digestive element in a pleasant convenient form.
 It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time, will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free address: F. AdA. Stuart, Co; Marshall

Boils Kept Coming

But after B. B. B. was used they permanently disappeared.

From the days of Job to the present boils have been one of the great afflictions of the human race.
 Very few people escape having them at some time.

All the poulticing and lancing you may do won't cure them and stop more coming.

Boils are bad blood bursting out. And the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and removes every particle of foul material from the blood.

Then never another boil comes and health and strength are permanently restored.

Mrs. Roland B. Keith, Butternut Ridge, Kings Co., N. B., made the following statement with reference to her brother's cure of boils by B. B. B.:

"My brother was terribly afflicted with boils for a considerable time. They were of large size, and when one went away another came. I attended him, and poulticed with different things, and he had a doctor attending him, but still the boils kept coming. At last we got a couple of bottles of Burdock Blood Bitters, and started giving it to him. There was soon a change for the better, and the boils stopped coming in a week's time, and by the time he had used 3 bottles of B. B. B. his blood was purified, all the boils went away and he has never had one to trouble him since."
