...Mrs. A. A. MacDonald of Georgetown, returned Saturday evening from a short trip to Charlottetown and Kensington.—G.

FROM FRANCE

The following letter was received by Mr. and Mrs. H. R. Lockerby, of Fortune Cove, from their son at the 72nd St. Andrews at Vancouver, B. C., where he was on the staff of the Canadian Bank of Commerce.

France, April 3rd, 1915.

Dear Father and Mother—
I think I answered your last letter, but I will write a few lines to-day, since I have a chance.

I had a letter from Pearl last night and she said you had not heard from me for over three weeks. My letters certainly must have been delayed somewhere, as I have been writing at least one a week all along. No doubt you have received them before this. We have lots of time to write when we are out of the trenches, but it is rather difficult to write an interesting letter, because one does not know just what he can say. It is no use to write a long letter and have half of it cut out by the censor. Anyway I am very glad that I can tell you I am in perfect health and have been all along. I certainly pity anyone who is not well, but not sick enough to be sent to the hospital. The weather is much warmer now, and conditions are much better in every respect. I don't know what it will be like in summer, as there are so many dead bodies of men and animals, in some places, that have never been buried. I am glad I have been inoculated. Do you know that only about one per cent of the cases of fever among inoculated troops prove fatal. I very seldom drink water. That is a great thing in my favor, of course all water has to be boiled. The mail service is splendid in this war. No doubt there is some delay in outgoing mail, but incoming mail is very regular. I always enjoy myself even in the trenches. Two of my bank chums are in the gun section, and we have lots of sport talking about old times, etc.

We had a very nice church service yesterday, (Good Friday). Canon Scott preached. Among other things he told us to be sure to write home as often as we can, but I guess I can do that without being told. We have been out of the trenches for a few days and have plenty to eat and a nice barn to sleep in—lots of straw for a bed, a good wash and a barn to sleep in look pretty good after about four days in the trenches. This is a wonderful experience. I would not miss it for anything. It will be something to look back on, if I come through it alright, and if I don't, "How can man die better?" You can't imagine how quickly a person becomes accustomed to being under fire. When we were out of the trenches the other night, several bullets hit the ground just a few feet from us, but nobody paid any more attention to it than if it had been a snowball.

I hope I have not written anything that will have a tendency to make you realize more the awfulness of war. I think you know pretty well what it is like. But no matter how bad it is, there are always some returns. I think it better stop, as the censor may get out of patience reading so much. Best of love to all. Your affectionate son,
J. E. LOCKERBY.

ENORMOUS VALUE GERMAN PROPERTY IN GREAT BRITAIN.

LONDON, April 25—The estimated value of German property in Great Britain now in the custody of the public trustee was given in the House of Commons this afternoon as the neighborhood of £85,000,000.

Russell Rea, who, on behalf of the board of trade, gave these figures, in response to a question from Lord Charles Beresford, assured the questioner that "these German assets will be available for such disposal as seems proper on the conclusion of peace." Lord Beresford's suggestion was that Englishmen owning property in Germany should recoup out of this fund, and that £1,000 daily should be compensated for every British officer subjected to ill-treatment while a prisoner in Germany.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c.
Take Hall's Family Pills for Constipation

FLOODS TAKE TOLL OF TWENTY LIVES.

AUSTIN, Texas, April 23—Floods that swept down Waller and Shoal Creeks here last night took a toll of 15 or 20 lives, according to estimates today. Houses were jammed in masses against the bridges and the high water flooded many business houses. Heroic work was done by citizens rescue parties and by the fire and police departments. Of eight persons in a house which was swept down Waller Creek, all but one are believed to have perished.

CHICAGO MARKETS

CHICAGO, April 25.—Market wheat no. 2nd \$1.62 1/2 A \$1.63 1/2; No. 2 hard \$1.62 1/2 A \$1.63 1/2; Corn No. 2 yellow 79 1/2c A 79 3/4c No. 4 yellow 78c A 78 1/2c No. 4 white 78c A 78 1/2c; Oats No. 3 white 57 1/2c A 57 3/4c; Standard 58c. Rye, nominal; Barley 75c A 82c. Timothy \$4.50 A \$4.25. Clover \$3.00 A \$2.75. Pork \$17.60 Lard \$10.00. Ribs \$9.62 A \$10.02.

CHICAGO, April 26.—There was a slight advance in the price of wheat, with a larger export business than has been done for some time. Corn had a lower tendency, while oats remained about the same price.

WINNIPEG, April 26.—There was an improved enquiry from foreign buyers for wheat, which caused a slight advance in price. The demand for oats was quieter and only sales of odd car loads were made.

TORONTO, April 26.—The grain market continues firm, with prices about the same as yesterday. The market for dressed hogs is still very firm, as supplies are not in excess of the requirements. The baled hay market is without any new feature. Sales of car lots of No. 1 hay were made at \$20 to \$21. Extra good No. 2 hay at \$19 to \$19.50 and No. 2 hay at \$18 to \$18.50 per ton, ex-truck. The demand for eggs was good at firm prices. An active trade is doing in the packing interests and the under tone of the market is firm. Prices remain the same as last quoted. Receipts were 3,283 cases against 3,015 for the same day last week.

CHICAGO, April 21.—There was a slight advance in the price of wheat today. The market closed one cent higher than yesterday. Corn made an advance of a quarter of a cent while Oats remained the same price. Winnipeg: There was a slight advance in wheat today, demand was not great. Oats were also quite and there was no demand whatever for barley. There was a fair offering of all these grains.

MONTREAL, April 21.—There was no developing in the local markets for grain today. The demand for oats was better and a sale of 25,000 bushels was made for shipment abroad.

TORONTO, April 21.—There was no variations in the grain markets this week as compared with last or in fact as compared with two weeks ago. Wheat has been \$1.45 per bushel and oats 56¢ per bushel. This is an advance of 45¢ on the price of wheat over the same wheat last year and an advance of 21¢ on oats. There has been a decline of 10¢ per hundred in hogs as compared with two weeks ago. The same as it was this week last year. There was an improved demand on the Montreal Market for baled hay and a firm feeling prevails. No. 1 Hay brings \$20, and No. 2 \$18, out of the cars. Eggs: There is no change in the situation today. The tone of the market is firm and the demand is from buyers for cold storage. Prices are 21¢ per dozen Montreal.

RUSSIANS WAIT FOR FLOODS TO SUBSIDE.

LONDON, April 22—"The Russians everywhere have suspended operations until the spring floods have subsided and conditions are favorable for manoeuvring" says the Daily Telegraph's Petrograd correspondent.

The correspondent says General Selivanoff, the victor of the siege of Pernoysl, who has returned to Petrograd, has paid a tribute to the sportsmanlike conduct of the Austrian garrison. "I consider it desirable to point out" General Selivanoff is quoted as having said, "that while the discussions of the surrendered of the garrison were in progress, no stores were set on fire and no ammunition was blown up. Such explosions as occurred were the result of fires lighted before the discussions began. It is incorrect to say that Pernoysl was forced to surrender owing to starvation, as stores sufficient for two weeks were found there. The surrender was due simply to the Austrians' great conviction that further resistance and sacrifice were useless. The men of the garrison suffered most severely from rheumatism which incapacitated thousands of them."

IS BRITAIN PAYING KRUPPS A ROYALTY.

LONDON, April 23—Lord Charles Beresford, who has been embarrassing the Government through the nature of his criticisms on lack of severity toward the Germans, will launch a new campaign next Wednesday. He announced today that he intends to demand of the Prime Minister whether England is paying the Krupps a royalty under the iron-clad agreement made previous to the use of a shilling each for the right to use Krupp patented shell fuses. He will ask if the money is being paid, how it is being transferred, and if not, whether it is being set aside for payment after the war. He will also demand to know how much the Krupps on the expenditure of ammunition at Neuve Chapelle alone.

MARION CRAWFORD'S SON KILLED BY BOMB.

LONDON, April 23—It is unofficially reported that Lieut. Harold Marion Crawford of the Irish Guards, was accidentally killed by a bomb explosion at Givency on April 16. He was the eldest son of the famous American novelist, Marion Crawford, and was 25 years of age.

Lieut. Crawford was born at Sorrento, Italy, and educated at Harvard. He joined the Irish Guards to serve at the outbreak of war. One of his brother officers writes: "Some time ago Crawford undertook the difficult and dangerous duty of instructing the officers and men of the Brigade in the throwing of hand grenades. He accomplished this in a way which admiration from us all."

DEATH TOLL OF CANADIANS NOW TOTALS 320.

OTTAWA, April 23—The heavy list of casualties reaching the militia department these days indicates very clearly that the Canadian division has again been in the thick of the fighting around Ypres and that the character of it has been desperate.

Charles Beresford, assured the questioner that "these German assets will be available for such disposal as seems proper on the conclusion of peace." Lord Beresford's suggestion was that Englishmen owning property in Germany should recoup out of this fund, and that £1,000 daily should be compensated for every British officer subjected to ill-treatment while a prisoner in Germany.

DR. A. W. CHASE'S 25c. CATARRH POWDER
