PROSPECTUS OF THE Bonanza Fox Breeding Company Limited

Situated at
MURRAY HARBOR, PRINCE EDWARD ISLAND
Authorized
Divided into shares of \$100.00 each
\$150,000.00

DIRECTORS
President—J. F. STERNS, Souris.
Vice-Pres.—J. M. McLEAN, New Perth.
Sec'y-Treas.—W. H. PROWSE, Murray Harbor.
FLETCHER JORDON.
WILLIAM KEEPING.

BANKERS
ROYAL BANK OF CANADA
Charlottetown, P. E. I.

Organization
The Bonanza Fox Breeding Company, Limited, is being formed for the purpose of breeding Silver Black Foxes, Minks and other fur-bearing animals in captivity with an authorized capital of \$150,000.00 divided into shares of \$100.00 each.
The organizers are all sound business men of good judgment and standing in social commercial and financial circles, as will be seen from a preceding page.
Of the above capital stock it is proposed to issue \$64,000.00 on the basis of \$16,000.00 a pair for four pairs of foxes. This includes a thoroughly equipped Ranch, completed ready to receive the foxes.

The Foxes
The Company has been fortunate in securing four options on 1914 pups from the silk of the Black Fox Blood of Prince Edward Island. They are in a position to procure two more pairs if it is found necessary to do so. The Directors have power to further increase that number if they deem it necessary and hope to have at least eight pairs of foxes in the ranch by Oct 1st.

The Ranch
It will be one of the most modern thoroughly equipped and efficiently managed in the Province; will be situated in a luxurious grove of wood; will be as perfect an imitation of the natural haunts of the fox as man can devise.

Ranch Management
The ranch will be under the direct care and supervision of William Keeping who was born in Newfoundland where he learned from nature all the cunning and traits of Mr. Reynard. He is perfectly familiar with their habits and conditions; nothing will be left undone to assure safety and success to the enterprise.

Veterinary Surgeon
A qualified veterinary specialist can be secured whenever his services may be required at a comparatively low fee.

Ranch Expenses
For the feeding, caring and suitably ranching the foxes, the keeper will receive a yearly salary of one thousand dollars and Five per cent of value of increase from what foxes are put in the ranch this year. The balance of increase, after paying Secretary's salary and other legitimate expenses, will be paid to stock holders pro rata, according to their holdings. The agreement with the Rancher to run for five years from Sept. 1st, 1914.

Stability of the Fox Business
That the demand for furs of all kinds is increasing every year to an enormous extent we cannot deny. Also we know that many of the fur-bearing animals are becoming less and less every year. With these facts staring us in the face we are bound to believe that the fox business is good for many years yet at its present value, and when it comes down to a fur basis it will be among the gilt-edged investments of the day.
If all the fur pelts that are in P. E. I. today were put on the world's market, they would not last two hours.

P. E. Island Black Fox Home
The Buffalo and the Beaver are nearly all gone. The Sea Otter and Seal are becoming very scarce and now, of the really valuable fur-bearing animals, the Black Fox or Silver Fox is the only one that is bred in captivity, and Eighty-five per cent. of all these are in Prince Edward Island.

Application for Stock
Stock of the Bonanza Fox Breeding Company, Limited is offered at \$100.00 per share. Application for stock may be made to any of the Provisional Directors, or to The Canada Fox Exchange and Investment Company, Limited, Stamp Block, Charlottetown, P. E. I. Terms of payment as follows: Twenty per cent with application; Thirty per cent to be paid on July 1, 1914, the balance, or fifty per cent, to be paid on August 15, 1914.

Mink and Other Fur-bearing Animals
Arrangements are being made for the purchase of a number of pairs of mink and other animals, the ranching of which promises to be a profitable industry. From the reports of those who have been in the Mink business on this Island, it is learned that they have had as high as two hundred (200 p. c.) per cent profit for the year 1913. This as a side line will go a long way to defraying expenses connected with our ranch.
That the above proposition is meeting with the approval of the investing public is shown by the way the stock is selling. A large quantity has been placed in Newfoundland, also in Great Britain and various parts of Canada and the United States. The low capitalization and reasonable cost of ranching is a great recommendation to careful investors. If you intend to get into the Fox business, here is a proposition that has everything it should have—good foxes, low cost, reasonable keep, good location for ranch, experienced management and a board of directors who will take good care of the interests of the shareholders. Make your application for stock at once.

APPLICATION BLANK
Date..... 1914

W. H. PROWSE, Secretary Treasurer,
The Bonanza Fox Breeding Company, Ltd., Murray Harbor, P. E. I.

DEAR SIR—I hereby make application for..... shares in the stock of the
