—Mrs. Morley M. Bell of Summerside, accompanied by her niece, Nancy Bell, spent the weekend in Moncton, travelling by plane.—S.

Bloomfield And Vicinity

Mrs. Carlyle Ramsay and son Carlyle Jr., returned to her home in Rosebank after spending a very pleasant visit with her parents, Mr. and Mrs. William Pound of Fredericton.

Mrs William Smith and son Sydney of Bloomfield were visitors to Summerside recently.

Miss Hazel Cocoran who is attending P. W. College at Charlottetown spent the Easter Holidays with her parents, Mr. and Mrs. John James Cocoran of Plusville.

Mr. William MacNeil who is employed at Mr. Sergeant Metherall's, Mill River, spent the week end at his home at West Devon.

Mr. George Gallant of Plusville, was a passenger by train to Summerside on Saturday.

The Bloomzeld Registered Egg Grading Station is doing a thriving business under the capable management of the egg grader, Mr. Leith Thompson whose customers are always well pleased with their grade. The eggs received at this grading station is so numerous that the manager is adding a new bench and a spare grader in the near future.

Much credit is due to one of our airmen, Mr. Keith Pratt who less than a year ago returned home from overseas. Keith immediately began to remodel and redecorate the store formerly owned by his uncle the late Mr. A. J. Pratt. Keith's many friends are pleased to learn that he is making such a success in his mercantile business.

Mr. Robert Hunter of Rosebank and Mr. David Horne of Bloomfield motored to Summerside on Saturday on business.

Mr. Perley Shaw spent the week end at his home in Roseville.

Miss Ruby Thompson of Roseville attended the Teacher's Convention at Charlottetown.

Miss Sybil Green spent the Easter holidays with her parents, Mr. and Mrs. Sanford Green of Mimingash.—Bl.

Why Wait?

We can Repair, Refinish and Upholster your furniture to look like new.

We also can make new legs to replace the ones broken on your table or chairs, so why throw them away?

Looking Ahead In Ottawa

(By the Ottawa Staff of The Canadian Press)

OTTAWA, April 28—(CP)—Canada's far north, a vast loneliness, may be in for better things in a medical way.

It is a subject Government officials treat with public reticence, but it is believed that consideration is being given to the subject of improving the harassed means and methods by which disease is combatted among its sparse and scattered populations.

The war has seen greater reliance on planes to fly ailing Eskimos south for treatment. To the initial, mild surprise that Eskimos got better instead of worse in a southern clime has been added a growing conviction that it might be better to use planes more often, even regularly, rather than trying to match the strategies of disease with the strategies of hospital placement.

Upshot of that might be an end of construction of hospitals to cover great reaches of scantily-populated areas and a beginning of hospital-plane service that would fly the sick into Canada's cities.

Tied in with that there might be greater inducements offered to doctors and nurses to go into the north.

Coal: Piece by piece, members of the Royal Commission on coal and their technical assistants are putting together the information which will go into the Commission's report, but when it will be completed remains uncertain.

Data which the Commission is compiling covers such subjects as markets, technical problems, *labor-management relations*, imports and transportation. The Commission had broad terms of reference and as a result has undertaken what is probably the most exhaustive study of all phases of Canada's coal problems ever made.

Government representatives have expressed hope that the report will eventually pave the way for adoption of a national fuel policy.

Homes for Diplomats: Elaborating on a Washington report that *United States officials are discussing* a State Department plan for erecting buildings in Canada, an official here said that these would include for the most part the *building of homes of American* consuls located in various parts of the country.

In each city where there is a United States consul, a new residence, appropriate for the occasion and "an adornment to the community" will be erected.

SYDNEY, N. S., April 28—(CP)—The freighter Simcoe, which ran aground on Petrie's Ledge at the Sydney harbor entrance last Tuesday, was refloated tonight and salvage workers said she was apparently not seriously damaged.

Sudden Death Of Travellers Rest Resident

Residents of Travellers Rest and vicinity were shocked to hear of the sudden death on Saturday morning of Milton Benjamin Montgomery of that district at the early age of 29 years. He was a patient in the Prince County Hospital and had died just prior to undergoing an operation to have his tonsils removed.

He leaves to mourn his wife, the former Ella Tuplin of New Annan; and one son Carl, one year old; also his parents, Mr. and Mrs. Talmadge Montgomery and one sister, Mrs. Floyd Caseley, Wilmot.

The funeral will be this afternoon at two o'clock (Standard Time) from the home of Mr. and Mrs. J.S. Tuplin, Travellers Rest. Burial will be in the People's Cemetery, Summerside.—S.

9 Violent Deaths In North Ontario

SAULT STE. MARIE, Ont., April 28—(CP)—Six persons suffered violent death in this district early Saturday to bring the death toll in Northern Ontario since Friday to nine. Four of the six—an entire family—died in a fire, while two persons were killed when the automobile in which they were driving was struck by a freight train 16 miles east of here.

Burned to death when fire destroyed their small home near here early yesterday were Joseph McDonald, 28, his English war bride, Dorothy, 22, and their two children, Peter, 4 and Patricia 2. Cause of the fire is unknown but an investigation is under way.

Apparently the McDonald's were overcome by heat and smoke which hampered their efforts in trying to reach the one exit to safety. Mrs. McDonald's body was found nearest the door, her husband was in the centre of the building, while the children were found at the rear. The remains were practically unidentifiable.

Two men—Miles Barber, 32, of Desbarats, and Alexander Bell, 25, of Gordon Lake—were killed and a girl companion, Marie Cliff, 23, of Echo Bay was injured when the automobile in which they were driving struck a Canadian Pacific freight train at an Echo Bay level crossing The training was proceeding to Sudbury from Sault Ste. Marie.

Friday, three children—all under four years of age—lost their lives when fire destroyed the home of Alfred Savage at Powassan. Mrs. Savage is fighting for her life in a North Bay hospital after suffering serious burns while trying to rescue her children.

Will Make Available $500,000 To Combat Venereal Disease

BY D'ARCY O'DONNELL
Canadian Press Staff Writer

OTTAWA, April 25—(CP)—(Advance)— Should agreement on new financial relations arise out of the current meetings of the *Dominion-Provincial* conference, the Federal Government will make $500,000 available to the Provinces annually to help them fight venereal diseases, on the upgrade *since the outbreak of war.*

In proposals to the Provinces, Federal Government offered to make the grant available to assist in the prevention and free treatment of syphilis and gonorrhea. The grant would be paid 50 per cent on the basis of population and 50 per cent according to the spread of the disease reported in the previous calendar year.

The provinces have been steadily improving their machinery to fight against the disease, but so far have been unable to gain the upper hand. The number of cases of gonorrhea increase from 15,479 in 1940 to 25,237 in 1945. Syphilis cases climbed from 10,087 in 1940 to 15,278 in 1945.

This breakdown by provinces for gonorrhea cases during the last three years:

	1943	1944	1945
P. E. Island	178	20	42
Nova Scotia	603	1,663	1,176
N. B.	376	913	1,079
Quebec	7,512	4,259	5,103
Ontario	6,390	7,908	8,224
Manitoba	1,670	1,737	2,336
Saskatchewan	978	1,123	1,658
Alberta	1,118	1,552	1,881
B. C.	2,577	3,137	3,708
Total	21,402	22,282	25,237

A similar breakdown for syphilis follows:

P. E. Island	86	35	34
Nova Scotia		96	654
N. B.	334	573	413
Quebec	9,142	7,120	6,037
Ontario	6,849	5,365	4,936
Manitoba	578	663	622
Sask.	277	360	410
Alberta	603	573	599
B. C.	1,255	1,290	1,569
Total	19,667	16,475	15,278

The figures covered cases both among the armed forces and the civilian population.

Disease On Increase

Army venereal disease control officers last month disclosed that the rate of gonorrhea and syphilis in the army had increased nearly two-fold since last summer, and that many of the new cases were contracted from the Canadian civilian population.

In the early part of the war most V.D. infections were acquired in leave centres or in large metropolitan areas, but now that picture had changed, said the officers.

"Cases now originate in all types of community—in cities, towns, villages and rural areas. Thus, *much venereal disease previously* hidden in our civilian communities, is being brought to light by army personnel reporting the contacts from whom they have *allegedly acquired their infection* while on disembarkation leave."

The statement of the officers followed closely on the heels of an announcement by Health Minister *Claxton that about 500 new cases* of gonorrhea and 300 new cases of syphilis were being reported in Canada each week.

Most provincial governments *now are providing free* medical treatment for suffers of venereal disease. However, provincial officials agree there still are too many cases *undiagnosed and untreated due to reluctance*, ignorance or carelessness in obtaining prompt treatment.

Gardeners Assured Of Marketing All Vegetables Grown

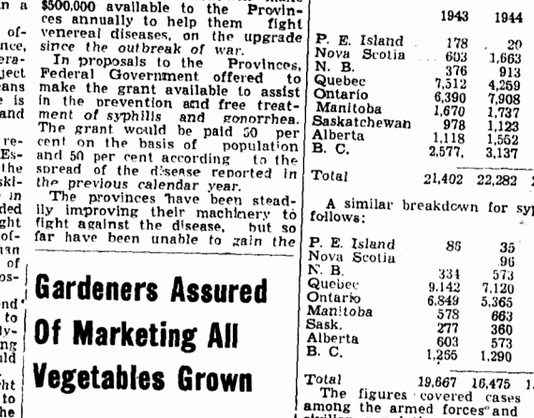
OTTAWA, April 28—(Special)—Assurance that the market-gardener or professional vegetable-grower will not suffer from competition of amateur victory gardeners in Canada was given over the week end by *senior officials of* the Department of griculture.

In view of famine conditions in Europe, the department is giving utmost encouragement to *amateur gardeners this season* and caused some anxiety among vegetable-growing organizations.

"Vegetable-growers anywhere in Canada need have no *fear of competition from amateurs*", a market branch official told The Guardian. "The 1945 crop of vegetables and fruits was just 50 per cent of normal and today our *reserve stocks have completely disappeared.*

"Even if there was a bumper vegetable and fruit crop this year from Prince Edward Island to the Okanagan Valley in B. C. there would still be no surplus or drop in price. From present indications the domestic market will absorb the total production easily, taking into account the need of building up reserves. If by any chance there was a surplus, every pound would be eagerly sought by countries in the famine areas.

"The Canadian vegetable-grower can be certain of a market for 100 per cent of his produce this year, and every pound that amateur gardeners can raise will prove a boon for a hungry world."



Police Lieutenants Roy Reeves (left) and Roy McAuley (right) search pockets of a bandit who was shot and killed by Rex Moonshower, manager of the Hoosier Mint Co., in Indianapolis, Ind., during an attempt to hold up Moonshower's office. In the dead man's pockets police found cards bearing the name of Arthur Claycamp Buchanan of Willowbrook, Calif. Moonshower was shot in the back by the robber and seriously wounded.

Items of Real Interest

Boys And Girls Week Program

At a meeting in the Summerside Town Hall on Friday evening of a committee, drawn from different agencies of the town interested in youth welfare, a program was drawn up for Boys and Girls week which will consist of the period from April 28th to May 4th. Observance of this week has been carried on *since 1921, spear-headed by Rotary*, and had spread all over the world before the war and is now being revived.

The following program has been *arranged:*

Tuesday evening, the Rotary Club will sponsor a "Father and son and daughter" banquet at the Olympia.

Wednesday, *commencing* at 3 o'clock, visits by the upper grades of the schools to industrial plants, civic and other buildings in charge of teachers and members of *service clubs. The purpose of these* visits is to acquaint the youth with the various activities of the town. At 7.30 in the evening, there will be a program at the High School *auditorium open* to children and parents. This will consist of physical training exhibitions such as tumbling and acrobatics under the supervision of Mr. Charles Sexsmith, S.Y.C.I. instructor and a musical program under the direction of Miss Nellie Morrison, music teacher at the school. No admission will be charged.

Thursday afternoon visits to industrial plants will continue. On Thursday evening, the Y's Men's Club will hold a "Father and child" banquet with a suitable program.

On Friday afternoon from 2 to 5 p.m., there will be an exhibition of handicraft and sewing at the Knights of Columbus Home. This will consist of work done during the season by pupils of St. Mary's Academy under the direction of the sisters of the convent. All adults and children will be welcome to this showing. At four o'clock on Friday, there will be a parade of school children headed by the S.Y.C.I. band and including Scouts and Guides.—S.

"STOCK" WITH SUIT

NEW YORK — Wear checked, plaid or plain taffeta "stocks" with your spring suit, tied high under your chin and pinned with a mammoth size jewel-set gold pin, often in bow knot design.

CARMARTHEN, Wales — (CP) —Carmarthenshire Women's Institutes are collaborating with other institutes in England and Wales to make a tapestry commemorating women's war work.

SORE THROAT MISERY
Soothed - Relieved

Nothing will put you down faster than a deep-seated cold on the chest. Bacteria-laden mucus will clog the throat—this produces coughing and upsets digestion. You may pave the way for serious illness when you neglect a bad Cold—delay can be dangerous for you and for others near you. Why not be sensible and treat your cold *now*—**to day.** Rely on **Polson's Cough Syrup,** it quickly attacks the bacteria that keep up the irritation. Help to clear out the congestion! Help your sore throat due to Cold! Get rid of the mucus! Stop coughing! Ease that parched feeling at the back of the nose and throat! A helpful remedy is **Polson's Cough Syrup.** Use it regularly and try for better health. **Polson's Cough Syrup,** by the way is a tonic as well as a remedy for coughs and colds. Sold by all good druggists in 35c bottles.

POLSON'S COUGH SYRUP

LONDON — (CP) — Thieves who broke into a Mayfair house, presumably by pushing a boy through a small window, stole whisky and cigarets, left a note saying "Wot, *no money?*"

BRIGHTON, England — (CP) — Feeling he is at last "a little too old for the job," E.J. Hamilton, 93, retired as treasurer of the London-Road Congregational Church after 36 years.

TENDERS

Tenders addressed to Mr. Charles E. McNeil, c/o Murphy Motors Ltd., Summerside, will be received up to May 1st for the erection of a brick or tile building containing a filling station, showroom and garage to be located on the property bounded by Fitzroy, Spring and Foundry Streets in Summerside.

Plans and specifications may be seen at Murphy Motors Ltd., Summerside.

Lowest or any tender not necessarily accepted.
