SOLACE

Oh, let me lay my head tonight Upon your breast, And close my eyes against the light— I fain would rest.

I weary, and the world look sad; This worldly strife Turns me to you and oh, I'm glad I am your wife.

Though friends may fail, or turn-as-ide, Yet I have you; And in your love I may abide, For you are true.

My only solace in each grief, And in despair; Your tenderness is my relief, And soothes each care.

If joys of life could alienate This poor weak heart From yours, than may no pleasure Great enough to part.

Our sympathies fall to my lot I'd e'er remain Bereft of friends, though true or not, Just to retain.

Your true regard, your presence bright, Through care and strife, And oh! I thank my God tonight I am your wife.

SCANDAL OVER SALE OF BABES IN BERLIN.

LONDON, Nov. 11.—While the Lokalanzeiger is attacking Canada with regard to the lot of immigrant, the Paris Matin reveals child farming scandals in Germany which suggest that the Teutons had better put their own house in order before looking over seas. Recently Berlin appointed a female to the police force, Frau Arendt, who discovered wholesale systematic selling of young children for a premium, finding advertisements in forty-one different newspapers in one month. A sample advertisement was an offer to sell a healthy girl of four years, promising entire renunciation, for which a trifling premium was named.

Frau Arendt, who blames the leading papers for inserting such advertisements, asserts that in further researches she discovered a woman acting for the agents who sell children, that many of the babies were being ill-treated, and that she had taken one to the police.

PING-PONG TO BE A WEDDING GIFT TO MISS WILSON

LONDON, Nov. 11.—It was learned yesterday that Ping-Pong, the three-months-old Pekinese puppy which was escorted to the boat train for America Friday by the American Embassy staff here, is to be presented to Miss Wilson, daughter of the President, as a wedding gift. Ping-Pong is being tenderly cared for en route by Mr. Harold Fowler, private secretary to the Ambassador, and Miss Fowler.

It was all a secret, of course, but Ping-Pong's promotion from Embassy mascot to White House society is too good to keep.

CARGOES OF PRODUCE. The schooner Jessie Brown which was loaded at the railway wharf by Messrs. Carvell Bros., with general produce for Pictou, N. S., completed taking in her cargo last night and left shortly afterwards for her destination. Messrs. Carvell Bros. are also loading at the same wharf the schooner Hazel Dell with produce for several Cape Breton ports.

INTERESTING DEBATE.—The subject debated by the Prince of Wales Debating Society on Tuesday last was:—"Resolved that city life is better adapted to study than country life." The speakers were:—Mr. Adele Landrigan, M. Newsome, Florence MacSwain, L. MacEwen, Con. Grace Messervy, J. MacLean, Florence Murray, E. Auld. The vote resulted in a victory of 22-12 for the negative. The critic was Bessie Rattee.

RETURN GAME.—It is understood that, burning to avenge their defeat by St. Dunstan's in the Rugby game played on Thursday last week, the Connaughts are arranging a return game against the Collegians, to be played on the same grounds. If they want to wipe out the beating they got last week, the Connaughts will have to put in some arduous practice before the date of the return game. Any way, the match promises to be very interesting.

WEDDING BELLS.—A quiet but pretty little wedding was solemnized at Kinkora on Tuesday last, when Miss Fanny Ranaghan, of that place, and Mr. John L. McAleer, of this city, were joined together in the bonds of holy matrimony. The bride was very effectively dressed. The bridesmaid was Miss Katie McEder, sister of the groom, while Mr. Edward McCormell, of Kinkora, did the honors as groomsman. The happy couple received the congratulations of their many friends at Kinkora where the bride enjoys a very wide and popular acquaintance. They came to Charlottetown by Wednesday evening's train and will reside in the city at 84, Elm Avenue.

HOME AGAIN.—Beaten but not disgraced, the St. Francis Xavier football team which came over from Antigonish and played a game against the lads of St. Dunstan's on Wednesday afternoon in which they were defeated within the last few minutes of play, returned by the Northumberland to their home yesterday morning. After the game, on Wednesday evening the visiting players and some friends who accompanied them across to witness the match, were entertained at supper at St. Dunstan's College. Among the visitors present were Revs. Dr. McPherson, of Antigonish, Dr. Chaisson of Rustico, and J. A. McDonald of Grand River. An excellent menu was heartily enjoyed and a pleasant time was spent by all.

THE CASCAPELIA.—The above-named steamer arrived here yesterday morning from Montreal, after an excellent passage. She came here later than usual owing to her departure from Montreal being behind scheduled time in consequence of bad weather delaying her arrival at that port. Consigned to Messrs. Carvell Bros. she brought a full general cargo, in which there were about 1,500 barrels of flour. She loads a large quantity of produce principally potatoes, at this port for Montreal, and on account of being behind in her running will not go over to Pictou to coal, and come back here to load as usual, but will load at once, and then call in at Pictou for coal on her way to Montreal.

FREE SEATS.—Zion Church is certainly to be congratulated upon the advanced step taken at the congregational meeting on Wednesday evening, 12th inst., when it was unanimously decided to throw open their beautiful new church to the public, and make every seat absolutely free,—so that every person, whether the man on the street, students or other young people away from home, but living in the city,—the stranger who may be visiting the city as well as the regular congregation may feel that they are at liberty to sit anywhere without let or hindrance, and without having to feel that they are trespassing on the rights of some other person. Such generosity deserves, and should meet with a hearty response from all classes. This certainly is an evidence of faith combined with works; faith to believe that a church can be sustained without taxing seats for its maintenance, and works in erecting such a beautiful and well equipped building to accommodate the regular congregation as well as providing for the wants of all others who may be looking for a church home. Zion Church has ever been noted for its workers, and with Mr. Taylor, the indefatigable Pastor who is fully organizing every department of the congregation's activities, greater things are looked for in the future. One evidence of the spirit of the congregation may be gathered from the fact that notwithstanding that the fine edifice, referred to above, was erected; some of the members, who have already made great sacrifices in connection therewith, have recently, in addition to their ordinary contributions to Missions, decided to support two native workers in Corea, and also pay the college expenses of another bright young man until he is an ordained minister. The Suny School is one of the largest in the province, and a large number of students attend the services. The choir has made excellent progress under the able instruction of Prof. McIntyre.

SPAL RIVER STOCK.—Attention is directed to the ad. of The Seal River Bick Fox Company, which appears in this issue. This company have added another pair of silver black foxes, making in all eight pairs, to their well equipped ranch, and now offer a small amount of stock to the public at par, \$100 a share. Mr. George E. Auld is the President, Mr. C. P. Fletcher, Vice-President, and Geo. A. B. McDonald Secretary-Treasurer. The ranch is ideally located and the proposition should be looked into at once by intending investors before the shares are all taken up. 2669.

LOCAL MARKET SHORT.—The local market has been short of butter and eggs, and in fact of all kinds of produce, during the past few weeks, but it is expected that there will be a better supply from now on. The bad weather has made the roads heavy in the country, and consequently farmers have not been disposed to do much heavy hauling, besides, they have been busy finishing up the Fall's work. Dealers who are in close touch with the markets state that they do not expect the price of butter to advance much more beyond what it has risen to already; the prices now being paid for butter being as high as they have ever attained at this period of the season within recent years. It is stated that there is a large supply of dairy butter which is being held by farmers throughout the country in the hope of the market going up still more. The people who handle empty butter tubs say that they have sold enormous quantities this year, and this indicates that there has been plenty of butter made, but only a small proportion of it has as yet been marketed. Eggs are somewhat scarce but the moulting season is about over, and this coupled with mild weather will no doubt make a larger offering available later on. The present price quoted by buyers is about 27 cents, and the retailers are asking 28 cents a dozen.

WIFE BEYOND CONTROL.

MONTREAL, Nov. 11.—Because he averred that he had no control over his wife, John S. McDonnell was granted a separation by Mr. Justice Beaudin, yesterday. The wife, Pearl Sweet, according to the allegations of the husband, indulges in visits to cafes in the company of other men and thus neglects her duties to her children. The husband claimed that she had often come home in the wee hours of the morning, and though remonstrated with, has paid no attention to the counsels of her husband. The wife did not file any plea to the husband's suit, and hence judgment was handed down in her absence.

PARALYZED IN PEW PRAYED 14 HOURS.

NEW YORK, Nov. 11.—Beginning the day in prayer as she had always done, Hannah Moran, a seamstress, fifty years old, was stricken with paralysis while kneeling in a pew in the Church of St. John the Baptist yesterday. Many worshippers and priests of the church saw the woman in prolonged meditation, but it was not until after a service last night that any one sought to investigate the cause of her long prayer. The fact was discovered that she had suffered a stroke, was faint with hunger and unable to rise from her kneeling position. At a hospital where she was taken, Miss Moran explained that after she felt the pangs of the paralysis in her legs she continued to pray, believing that her devotions would help her and only revealed her condition after fourteen hours when forced to do so through weakness and hunger.

DAUGHTER FOUND ... OTHER HANGING.

MONTREAL, Nov. 11.—Mrs. Alice Beaulieu, of 1216 Cartier, committed suicide last night, by hanging herself in her room. Coming home from school her little daughter, Yvonne, 14 years of age, found her mother dead. She was terrified, but was consoled by neighbors. Mrs. Beaulieu had been ill for some weeks. Assistant Coroner Biron enquired into the case this morning, and gave a verdict of suicide, without a jury.

MORMON PRESIDENT'S BIRTHDAY

SALT LAKE CITY, UTAH, Nov. 13.—The seventy-fifth birthday anniversary of President Joseph F. Smith of the Mormon Church was observed today by members of his family and dignitaries of the church throughout Utah, Idaho and other States. The anniversary finds Mr. Smith strong and active. Only recently he returned from a long journey to Chicago and the East, in the course of which he presided at the dedication of several churches belonging to the sect of which he is the head. President Smith was born in the town of Far West, Mo., in 1838. As a boy he drove an ox-team in the Exodus of 1846 to the Salt Lake Valley. After serving a number of years as a missionary he gradually rose through the several offices of the church until he succeeded Lorenzo Snow in the presidency in 1901. Mr. Smith is the nephew of the Joseph Smith, who founded the Mormon Church and the cousin of the Joseph Smith who is president of the Missouri-Iowa branch, which is known as the Reorganized Church of Jesus Christ of Latter Day Saints.

CAMPAIN TO BANISH THE BAR IS STARTED.

WINNIPEG, Man., Nov. 11.—"Banish the bar" was the slogan at a Christian Endeavor rally last night in Central Congregational Church, when the following message from N. W. Rowell, the Ontario Liberal leader, was enthusiastically received: "Congratulations to young people of Winnipeg on inauguration of educational campaign against the bar. It is a grave social menace wherever it exists. May the good fight continue until the bar is wiped out."
