

"SOLDIERS" AND "TIGERS" TIE 3-3

East And West At The Arena

Moose Jaw Tigers, notwithstanding a few defeats in the East, are gaining an enviable reputation as puck chasers of a high calibre, their losses and defeats may be weighed heavily, but not found wanting.

Coming to the Maritimes and playing under rules absolutely "foreign" to them, they have demonstrated that "on the puck" is the biggest asset of any aggregation.

They meet Abegweits tonight, "without the kick" in centre ice, and will endeavor to demonstrate that "on the puck" will make the red and black travel to gain the verdict.

WORLD CHAMP TO SEARCH FOR MATERIAL

BOWEN, March 14.—Convinced that young men of unusual physical power are lurking in the small communities of the Maritime Provinces, Gus Sonnenberg, heavyweight wrestling champion of the world, plans a trip through New Brunswick and Nova Scotia, meeting "all-comers" in nightly matches, in an effort to unearth title prospects, and thus increase interest and confidence in the mat game.

"Sonny" seeks no private plums, for the trip is contemplated wholly "on his own." He will ask no guarantee, and the admission fees will be reduced to such a figure that there will be no profits. Gus has cleaned up \$30,000 in his first three months as champion, and his sole object in "scouting the country" is to build up the game around which there is so much suspicion, by discovering and developing a potential phenom.

"I'm going to the Maritimes, because they tell me the boys up that way have unusual strength and are particularly adapted to a rough sport-like wrestling," commented Gus. "All a fellow has to have to meet me is strength, combined with a fighting heart. If I think he has prospects, I'll open a lucrative career to him, teaching him all the fine points I've picked up."

Sonnenberg plans his "tour of exploration" directly following several matches he has in view, and his first stop will be in Saint John. N. B. He plans to work in conjunction with leading sports sponsors in the communities where tryouts will take place relative to details of the exhibitions.

Sonnenberg the originator of the "flying tackle" hold, is heralded as the world's most spectacular grappler.

Canadian Youths To Visit Britain

MONTREAL, March 9.—Following a custom inaugurated last year a party of Canadian schoolboys representing the leading public schools in the Dominion will visit Great Britain this summer under the auspices of the Oxford and Cambridge Empire Tours Committee and under the personal direction of Rev. E. S. Fellows-Farrow, M.A., F.R.G.S., of Cambridge University, assisted by a staff of Oxford and Cambridge men.

Canadian schools represented in the 1928 party were Bishop's College school, Lennoxville, Trinity College school, Windsor; Lower Canada College, Montreal; Upper Canada College, Toronto; and Brentwood college, Victoria.

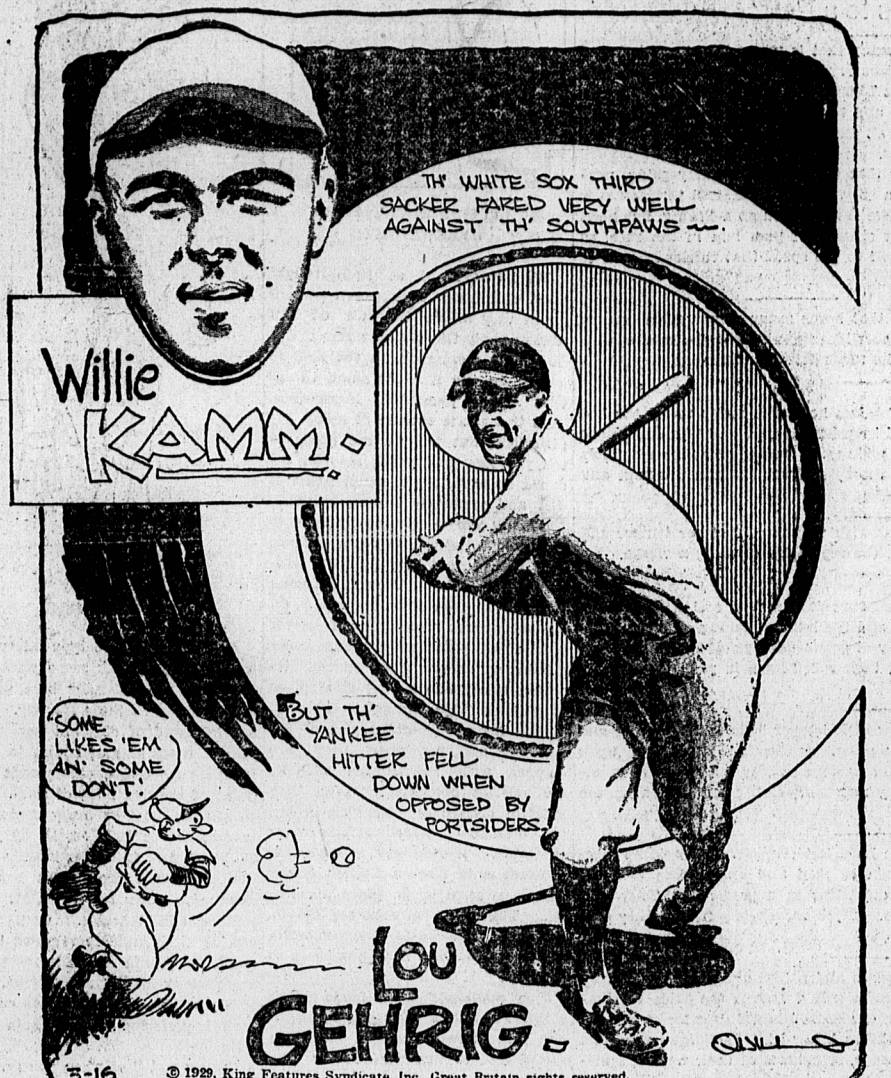

The object of the tour is to bring together the youth of Great Britain and Canada during the formative years of school life and to encourage them to understand the points of view of one another by means of personal friendship with a view to making them realize more acutely that they are a part of the British Empire.

Last year the boys were received by the Lord Mayor of London and were welcomed most enthusiastically wherever they went; this year it is anticipated that the welcome will be even more fervent.

The party will sail from Montreal on July 6 on the White Star liner Laurentic.

Some Fancy Southpaws

BY QUIN HALL

On the other hand, Willie Kamm, the Chicago White Sox third baseman, who has quite a reputation as a hitter, seems to like the left-handed service better than he does the righthanders. That is, if we're to go by last year's figures, when we find the hot-corner guardian slapping the portersiders at a .343 clip, whereas against the righthanders he hit .296. That's getting a little nearer to closeness, but still there is enough difference to make it noticeable.

Then there is the case of Goose Goslin, mighty mace of the Washington Senators. Goose seems to take them as they come, and he is, incidentally, fairly successful at coping with either brand of pitching. Last year he batted southpaw offerings at a .376 clip and the others at .380. That's not varying much more than the width of a baby's hair.

Goslin, you will recall, led the American League hitters home by virtue of a 1-point margin over Heinie Manush, the St. Louis Browns' fence buster. Heinie, too, didn't seem to vary much when it came to right or left hand service. By a small margin he seemed to favor hitting the portersiders, as his record shows .388 against that brand and .374 against the righthanded flingers.

Al Simmons, of the Philadelphia Athletics, fared the best against left handed pitching in the American League. If he could have nicked the righthanders as he did the left-handers, he might have been the batting champion of the younger circuit, for he knocked the left handed offerings for a total of 420, but fell down to .355 when he was hitting against the other breed of delivery.

Babe Ruth worked better against the right handers, the figures being .331 against .296.

Sam Rice also liked the right handed service as the figures show a comparative batting power of .338 against .317.

Jimmy Foxx, of the Athletics, wasn't so particular, as .336 for the left handers and .324 for the right handers indicate.

As stated, the batters didn't have to face as much southpaw as right handed pitching, and this, too, may have something to do with the totals.

We just note that this story hinges around the A. L., but we imagine that the same comparative figures could be dug up in the N. L. "There's them that likes southpaw pitching and there's them what don't."

Crystal Sisters And Canning In Draw Game

The Crystal Sisters of Summerside still remain unbeaten this season, though, in the Crystal Rink on Wednesday night the Canning, N. S., ladies' hockey team played them to a draw.

The game was scheduled for Tuesday night, but the visiting ladies were out in the ice on board the car ferry that night and did not arrive at Summerside until Wednesday morning's train, along with other distinguished passengers, including Premier Saunders. So the game was put on at 8.15 p. m. prior to the carnival also held in the rink Wednesday night.

The Canning team got a royal welcome to Summerside and made a fine appearance on the ice. The game not only went scoreless through every period, including ten minutes overtime play, but throughout the whole evening the Canning ladies never got a shot at the Crystal Sisters' goal. It was due entirely to the former's fine defence and sterling goal keeping of M. Robbins that they did not meet defeat, as their goal was frequently bombarded. For all this, the teams were very evenly matched, the chief difference being that one played an offensive and the other a fine defensive game.

The outstanding player, apart from the goalie, on the Canning team was Miss K. Harris, whilst the Misses Riley and M. Biglow showed up to great advantage. For the Crystal Sisters, Miss E. Gay and Miss Helen Leard played a fine game throughout.

The lineup:
Canning—M. Robbins, goal; K. Harris, M. Biglow, defence; M. Riley, M. Goldsmith, L. Biglow, forwards; C. Meek, F. Goldsmith, A. Due, subs.
Crystal Sisters—T. McNeill, goal; R. Campbell, P. McLellan, defence; A. Green, H. Leard, E. Gay, forwards; N. Green, Z. Linkletter, M. Gaudet, subs.

The game was refereed by Mr. Ralph Billiphant, captain of the Crystalis.

The Canning ladies were accompanied by their manager, Mr. Harry Euston, and chaperon, Mrs. C. L. Bowley, who both expressed themselves as pleased with the reception they received and hoped they would be able to get across another year. The visitors were entertained by the Crystal Sisters after the carnival.

The hockey game was followed by the Fancy Dress Carnival. The costumes were striking and unique and a number of them caused a good deal of merriment. The lady's prize, a handsome hand bag, for the most original costume was won by Miss Doris Woodside, who was very prettily dressed as a white rabbit. Mr. Edward Arsenault carried off the gentleman's prize, a pair of braces, dressed as a clown. Altogether the affair was considered a great success and very much enjoyed.—S

VICTORIAS ELIMINATED BY ROVERS

Last night the League of the Cross Alleys were the scene of one of the closest and most exciting games ever rolled on these alleys. The game which was being rolled was to decide the winners of second place and the right to meet the Crescents who won first place, for the championship of 1928-29.

The game last night kept the fans on their toes all the way through, especially in the last game when the Victorias, who proved themselves strong finishers put up a desperate fight to even up matters and win for themselves a chance to grasp second place and the right to meet the Crescents, but were nosed out by the small margin of 54 pins. It was a great fight to the finish, the Victorias commencing the last frame with great hopes of nosing out their opponents, but it was not until the last two men rolled that their hopes were downed, when these two men, having luck against them got very bad breaks which shattered their hopes of coming out on top. The Victorias captured high individual honors again last night when Rev. P. McMahon rolled high single of 284 and also high three of 691, which is an excellent total for playoff games. The scores:

ICE RACING

LAKE VERDE ICE RACES.

Owing to the inclement weather and the bad condition of the roads, there was not a very large attendance at the races held here on Saturday March 9th. There were only two classes called with two horses in each class. The horses were evenly matched which made a very interesting race finishing close in every heat. It is hoped that the weather will be more favorable next Saturday, as a large number of speedy ones are being lined up.

Tommy Daly Is Signed

MONTREAL, March 14.—Tommy Daly, veteran catcher from Saint John, N. B., has at last come to terms with the Montreal Royals and is now on his way to Daytona Beach, Fla., where the Montrealers are doing their Spring training, according to business manager Hapgood, who stated here today that the Royals' holdout list now only consisted of two pitchers, Bob Shawkey, Chester Falk and two outfielders, Bucky Gaudette, and Einky Haines. Daly was first string backstop with the Royals last season.

Fast Time In Trials

(Canadian Press)
LONDON, March 14.—The fastest time recorded by either of the crews preparing for the Oxford-Cambridge boat race, was recorded by Cambridge today when they covered the full course of 81.4 miles in 18 minutes, 35 seconds. This is only six seconds behind the record boat race time set by Oxford in 1911. Oxford in a full course trial yesterday occupied 19 minutes 13 seconds.

ICE RACING
