

## Baby Needs Special Care During the Hot Months

We take particular pleasure in making it easier for mothers to insure Baby's comfort during the summer and we have many things that will prove a great help to you in caring for the little one.

It is very easy to put off buying the things you really need for Baby, but you should overcome this habit. We have planned to display some of our appropriate summer needs for Baby in our window and you are invited to come in and talk over the needs of your infant. Don't put it off. Come and talk about Baby's comfort now.

We feel confident we can offer some helpful suggestions.

**TRYING TO GET OUT.**  
While Jane, the new maid, was asking her first lesson on arranging the dining table, some one in the parlor kitchen put something upon the dumb waiter below.

What's that noise? asked Jane quickly.  
Why, that's the dumb waiter, responded the mistress.  
Well, said Jane, He's a scratch-in to get out!

## SOUTHWEST TORONTO

Sir:— From the Sentinel of Toronto, an independent Conservative organ, which voices the sentiment of both Liberal and Conservative voters note the following with regard to the election of Mr. Dewar whom the Patriot so loudly proclaims a Liberal. Here it is. The reader can decide:—

There has been a Provincial by-election in Southwest Toronto that held the interest of all people in Canada. Following close upon the contest in North Perth, where the liquor interests threw their weight against the Government, the Southwest Toronto campaign assumed an importance that otherwise it would not have had. It has not been a contest between the Liberal and Conservative parties, but an attack by the Hon. W. H. Hearst, because of the prohibition legislation enacted at the last session.

In that constituency the whiskey interest is strongly fortified. It is the best fighting ground it has in the Province of Ontario, that the trade were fully aware of the advantages which it possessed was manifested from the truculent threats made as soon as the vacancy occurred.

A series of developments that have no parallel in Canadian politics has been proceeding ever since, until in the final stages, the situation was more complicated than anybody could foresee.

The extreme anxiety of the provincial ministers to gain a victory in South Toronto is hard to understand. It seems to the Sentinel that the best course for the Conservatives to have adopted would have been to name their candidate and make the parent heading upon the legislation that has passed.

If Sir James Whitney had been in the place of the present Premier, he would have a definite and positive declaration that the Government intended to stand by what it had done, and he would have presented it to the people in the blunt and emphatic way which was one of his chief assets as a public man. The electors like a man of courage, one who is upright and downright. Consequently Mr. Hearst's hesitation, and the absence of that quick response to the challenge of the liquor interests, has tended to weaken him where he should be strong. This has been accentuated by the qualifying speeches of some of his ministers. The Attorney-General told one audience that he and his colleagues had their ears to the ground, and would take full note of what happened in the election. That was an unfortunate expression, and left the impression that if the liquor interests showed themselves strong enough to dominate the situation in South Toronto, it would probably result in new legislation at the next session.

The course of the liquor party is just what might have been expected if it was at their request that the re-

## Inflammatory Rheumatism Permanently Cured

**NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.**

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N.B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits end when The Gullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better. It eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me.

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 60c. per box, or six for \$2.50, sold by all dealers or direct from The Catarhozone Co., Kingston, Ont.

ferendum was postponed when the election came on, they made the passing of the act without taking a referendum an argument against the Government.

The Liberal candidate on this occasion was frankly and openly the candidate of the licensed victuallers. He has had their support almost unconditionally, and owes his election to them.

This adds to the complication. Mr. Dewar has been taken to the bosom of the Liberal party by the leading Liberal organs. He makes a strange bedfellow for N. W. Rowell, the chief advocate of prohibition. Unless Mr. Dewar moves to repeal the act of last session he will disappoint his constituents. If he does where will he put his party? It is conceivable that Mr. Rowell will go to Ottawa before the next general election, and Harpley Dewar become Liberal leader. Advocating a license system for Ontario. Then would be repeated the Massey Hall spectacle given by Sir George Ross in 1903.

## Scarcity Of Wood Pulp

Western Canada Newspapers Ask Government to Restrict Exportation of Wood Pulp.

CALGARY, Alta., Aug. 27.—At the session of the Alberta and Eastern British Columbia Press Association the following resolution was passed, with regard to restriction of the exportation of pulp wood:

"That in the opinion of this convention of the newspaper publishers of Alberta and Eastern British Columbia, the time has come in the interests of Canada and Canadian industry, for the Dominion Government to take steps to restrict or prohibit the exportation of pulp wood from Canada, and to thus give such encouragement to the manufacturers of paper in Canada as will result in a great benefit and advantage to the Dominion and in the interests of the printing and publishing industries of Canada; and that copies of this resolution be forwarded to the Premier of Canada and also to the secretary of the Canadian Press Association with the request that that organization be asked for its support."

## Iowa Corn Crop Means 200,000 Motors

In an estimate based on the Federal crop report, experts state that the Iowa farmers' corn crop this year will be worth \$52,320,000 more than that of last year, and that this means at least 200,000 motor cars in Iowa next year against the 175,000 this year. This will bring the mark up to one car for every thirteen persons. The crop last year in Iowa was 303,000,000 bushels of corn, while there is in prospect 365,000,000 bushels this year. The selling price now is 73c. as against 71c. in 1915. —From "Hardware Age" Aug. 24, 1916.

Instant Relief for

# Sick Headache

Nausea and Heartburn

You cannot have sick headache when your liver is right. Dr. Cassell's Instant Relief sets it right, and that is why it cures sick headache and other bilious troubles so quickly, so surely, so thoroughly. It is not violent, like so many preparations, and you don't need to keep on taking it. It just helps your liver to regain its power, and thus natural action and natural cure follow at once.

"Science Sitings," a prominent English scientific journal, says (April 11, 1916):—"Providence has given us the brains to devise means to compensate Nature for our ill-treatment of her. . . . The means at hand come from natural sources, and we have them embodied in such splendid combinations as Dr. Cassell's Instant Relief."

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, spots before the eyes, flatulence and windy spasms, acidity, heartburn, impure blood, and that dull, heavy feeling which is a sure indication of liver troubles.
