Synopsis of Canadian Northwest Land Regulations

THE sole head of a family or any male over eighteen years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Office or Sub-Agency for the District. Fee of \$10 may be made at any Dominion Lands Office but no Sub-Agency on certain conditions.
Duties—Six months residence upon and cultivation of the land in each of three years. Homesteader may live within nine miles of his homestead on a farm of at least 80 acres, or certain conditions. A habitable house is required except where residence is performed in the vicinity.
In certain districts a homesteader in good standing may pre-empt a quarter-section on alongside his homestead. Price \$200 per acre.
Duties Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.
A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$500 per acre. Duties—Must reside six months each of three years, cultivate 50 acres and erect a house worth \$100.
The area of cultivation is subject to reduction in case of rough, rocky or stony soil. Live stock may be substituted for cultivation under certain conditions.

PREMIER ARSENAULT DISCUSSES CONFERENCE

Provincial Premiers and Colleagues Discuss Important Questions With Members of Federal Cabinet.

Premier Arsenault who returned to Ottawa on Tuesday, Wednesday, Thursday and Friday, last, was the largest and most important ever held in Canada. It was attended by the Premiers of all the provinces and each of them was accompanied by from one to five of his colleagues. Hon. F. B. Carvell, Minister of Public Works, presided. Hon. Sir Thomas White, Acting Prime Minister; Hon. Mr. Calder, Minister of Immigration and Colonization, and Hon. Mr. Meighen, Minister of the Interior attended all of the conferences.

The subject of the Conference was two fold.
1st. The Government of Canada desired to lay before the representatives of the Provinces a very full and detailed statement of what was proposed to be done in matters pertaining to Demobilization Settlement of Soldiers on land and Land Settlements as it affects immigrants, Reconstruction and Labor questions.

2ndly. The question of the proposed transfer by the Dominion to the western provinces of their lands and natural resources.
Among other subjects also discussed were Technical education and permanent public highways. On all of these subjects the Government

INCREASE BABY'S STRENGTH

Everybody loves a baby and everybody wants a baby abundantly robust. There are many young children to whom

SCOTT'S EMULSION

given in small portions at intervals during each day, would be an important factor in overcoming malnutrition and starting them well on the road to robustness. Every drop of Scott's is pure, rich nourishment, the kind that builds strength and promotes healthy growth.

Notice

The Annual Meeting of the Premier Silver Black Fox Co Ltd., will be held in the Bedque Hall on December 3, 1918 at 2'clock p. m.
T. MOYSE,
Secretary
2705-11-30 M 4i pd.

ment program was freely disclosed to the Provinces and objections and criticisms were invited.
After a preliminary conference of the Provinces and the members of the Federal Government on the question of the transfer of lands and natural resources to the Western Provinces, the Provinces were given an opportunity to discuss the matter among themselves. Several meetings took place on the subject but from the outset a distinct line of cleavage developed which subsequent conferences only accentuated. The position taken by the Prairie Provinces was that at the time they entered Confederation in 1905, their lands and natural resources should have been given them; that they were now only asking for what they should have been given them at the time of entering Confederation. They further contended that in as much as a great portion of these lands had been alienated by Canada since 1905 they should be allowed to retain their subsidies as compensation for the lands so disposed of by the Dominion. On the other hand the Eastern Provinces contended that as these Provinces were organized with the consent of those representing the Provinces, merely given jurisdiction over the Territories that in as much as these Territories and land belong to Canada as a whole, if they were now transferred to the Prairie Provinces the other Provinces affected should receive compensation. In this is where the line of cleavage occurred as the Western men denied a right to be considered and their claim met with little sympathy from a quarter. It was felt that financially these two provinces are really in a better position than the Dominion. Moreover, the fact that they receive large additional to their territories in 1912 was considered as more than representing any claims that they might have in the premises.

The following is a copy of the minutes of the Chairman of the Conference, Mr. Carvell.
"Whereas, The representatives of the government of Canada have invited to the conference that they consider favorably the request of the provinces of Manitoba, Saskatchewan, and Alberta that the ungranted or waste lands and other natural resources within their limits, now vested in his majesty in the right of Canada be transferred to his majesty in the right of the said provinces under certain conditions and restrictions; be it therefore

"Resolved, That the representatives of the following provinces, namely: Ontario, Quebec, Nova Scotia, New Brunswick, Prince Edward Island and British Columbia desire to put themselves on record as declaring that in the event of the special allowance in lieu of lands provided for by the Act of Parliament being maintained in whole or in part, a proportionate

allowance calculated on the basis indicated in the said Act be granted to each of the other provinces of Confederation—reserving, however, any special claim on the part of any province in respect of the proposed transfer or arising out of the Acts of Parliament, or upon any other ground whatsoever; and the representatives of the maritime provinces asserting their right to have their special claims referred to herein adjusted at the same time as the lands and natural resources are transferred to the provinces of Manitoba, Saskatchewan and Alberta."

The latter part of this resolution was added at the suggestion of Premier Arsenault who considered that the Western Provinces received their lands and natural resources and obtained a special claim peculiar to P. E. Island alone would arise. Prince Edward Island, like the Western Provinces has no public lands or natural resources and, as in the case of the Western Provinces, receives a subsidy in lieu thereof. If then the Western Provinces get both their lands and subsidies, Prince Edward Island should be treated in the same way. As there are no lands to be given to this Province then it should receive a substantial increase of its present subsidy in lieu of such lands. Before leaving Ottawa the Premier filed a memo setting out the Island's case fully. In the memo is pointed out the fact that the subsidy in lieu of public lands paid to the Provinces is paid on the basis of population and for that purpose these Provinces, at a time when the joint population of Saskatchewan and Alberta did not exceed 162,000, they were paid subsidy in lieu of public lands on an assumed basis of 250,000 of a population each. Manitoba, in the case of P. E. Island receives a subsidy of \$45,000 per year for want of public lands, but this was in 1912 changed to correspond with the other two Prairie Provinces. The Premier claimed that P. E. Island should be treated in the same way and should receive subsidy in lieu of lands based on an assumed population of 250,000 which would amount of \$375,000 per year. This claim is well founded and a justice and equity cannot be successfully contradicted. The whole matter, however, is now in the hands of the Dominion Government and the Premier has not lost hope that a satisfactory settlement will be yet arrived at.

On the question of Demobilization Prince Edward Island is to be made Dispersal Area No. 1, on land at Halifax Island troops will be sent directly to Charlottetown where proper accommodations will be given them. They will then be discharged and returned home. Hereafter all returned Soldiers, discharged, will be allowed to retain their uniforms and will also be given a sum of \$35.00 to purchase civilian clothes. In this connection the Premier wishes to acknowledge the valuable assistance of Lieut-Colonel Arthur Sullivan who is Demobilization Officer for obtaining Dispersal area for this Province.

As to Soldiers' Land Settlements, the Land Settlement Act is to be amended and the terms made much more favorable than at present. Full information on this subject will be available at an early date. Every Province has at present a large number of vacant or unoccupied farms and it is the desire of the Dominion that these farms shall not lie idle but shall be made available for settlement. For this purpose it is proposed that each Province take the power to appropriate these lands, if found necessary, in order that they may be available for purchase by Returned Soldiers. In the matter of borrowing the terms being granted Returned Soldiers to improve and purchase farms, also for the purchase of stock and implements are very liberal.

On the question of Reconstruction and Labor arises the problem of not only re-establishing the Returned Soldier in Civil life but also the placing of men taken out of employment by reason of the closing of munition factories and other war industries. For the purpose of dealing with this question, Labour Bureaus and Organizations will be established in all the Provinces and some Central bureaus established in the east and west which will act as clearing houses for the distribution of labor where it is needed in the different provinces. These Labor Bureaus come under the jurisdiction of the Department of Labor of which Senator Robertson is the head. The Soldiers' Employment Bureaus, however, will be a different organization and will come under the Department of the Soldiers' Civil Re-establishment Department of which Senator Loughheed is head.

The matter of a Federal Grant for High-Way Construction also Technical Education was also the subject of discussion and the proposals along this line were very favorably received by the Dominion Government and there is every reason to believe that at the next Session of parliament some action will be taken along these lines. The Premier took occasion of his visit to Ottawa to attend to a number of Departmental matters, in many of which he was quite successful.

These marks on Rubber Footwear distinguish a **DOMINION RUBBER SYSTEM PRODUCT**

Do You Appreciate the Meaning of RUBBERS in Winter?

RUBBERS are in the same class with Overcoats and Heavy Underwear—they are health protectors.

Rubbers and Overshoes mean dry feet—and when your feet are warm and dry, you are not apt to catch a cold, grippe or pneumonia.

WHICH IS CHEAPER?

THIS MAN WORE RUBBERS
THIS MAN DID NOT

There are six brands of Rubbers, sold by the leading shoe stores, any one of which will give you long wear and satisfactory service—

- "Jacques Cartier"
- "Merchants"
- "Granby"
- "Maple Leaf"
- "Dominion"
- "Daisy"

These are made in all styles and shapes to perfectly fit all shoes worn by men, women and children.

Ask for these brands—they are the best to buy.

Your Very First Baking

with Beaver Flour, will show you the difference between this perfect blended wheat flour—and the usual western spring wheat flours.

The light, flaky Pie Crusts, Cookies and Doughnuts—the delicious, "homey" nutlike flavor of the Bread and Rolls—will be doubly welcome after the tough, almost tasteless bread made with western spring wheat flour.

BEAVER FLOUR

MILLED OF BLENDED WHEAT
is the choicest Ontario fall wheat, strengthened with western spring wheat; and is equally good for bread and pastry. Order a trial barrel today.

DEALERS—write us for prices on Feed Coarse Grains and Cereals. 207
