100 Men And A Girl At Capitol, Summerside

The current attraction at Capitol Theatre, Summerside, "100 Men and a Girl" delighted a large audience last night.

The story's theme stresses the drama and comedy of human life and Deanna Durbin, who has won the hearts of screen audiences everywhere, plays the leading role as a musician's daughter and takes on the herculean task of saving the careers of 100 musicians who are down and out. How well she succeeds, the movie fully appreciated by seeing this unusual picture for yourself.

This picture is in the news spotlight and features many players noted in the screen world. Deanna Durbin, Alice Brady and Mischa Auer, who scored in "Three Smart Girls", and many others. The picture is the more remarkable for the fact that Leopold Stokowski, leading musical figure in America, has in this film devised a new method for enriching screen music and giving it perspective in sound.

If you were not able to see this show last night don't miss it tonight. The show is made up of the best of the best. The picture is a masterpiece of the art of the camera. The music is a masterpiece of the art of the composer. The acting is a masterpiece of the art of the actor.

eastern coast until I hit Dublin. "I then headed out for Baldonee and here I am. I have no plan for returning to America. But I don't believe I will fly back.

"I had intended to fly across the Atlantic to Ireland and had my hand on the door of the West Indies but I was heading back to Los Angeles. Honestly."

At the words there was a sparkle in the airman's eye. There was another man in the room. "Come on and have a bath and dinner," the Minister said. "I have a bed for you at home."

Mechanics tucked the airplane away in a hangar.

NEW YORK, July 18.—(AP)—The considerable Irish population of New York rallied round tonight to put up any necessary defence Douglas Corrigan may need for flying to Ireland without official sanction.

"Congratulations," cabled Charles J. Hallett, U.S. commissioner of transportation, on your wonderful flight. Your error in landing in Dublin instead of California pleased many people. If you are successful, be assured that there are many thousands here who will be glad to renew any assistance possible.

NEW YORK, July 18.—(AP)—Lately discovered intelligence about an unpredictable airman who became famous overnight by breaking all the rules.

The Advertising Club of New York offered to pay expenses for Douglas Corrigan's return from Europe. William B. Leeds, triplane king, once worked for him as a mechanic, telephoned his European representative to advise him to return to Ireland and help "Non-Stop" out of any difficulties encountered.

Associations' representatives scrambled all over Floyd Bennett field attempting to discover whether Corrigan used their products. He used several brands of fuel lubrication. One had offered five gallons of oil if Corrigan would sign a release permitting use of his name in advertising. Corrigan refused, offered to pay for the oil and got it free.

American Air Lines has a contract which would have paid Corrigan \$500 for the fly line one trip making all stops, in his jaunt. He completed the transatlantic round trip, from New York to California, by skipping a radio report, scheduled for Sunday afternoon when he was far out over the Atlantic.

Corrigan got his weather reports from "CAP" STUBBS and TIPPET

Was Native Of Summerside

VANCOUVER, July 18.—(CP)—Funeral services were held today for Mrs. Sara Verner M. MacKay, 61, who died here Saturday. She was born in Summerside, P.E.I., and lived here 18 years.

Surviving are her husband, a daughter, Muriel MacKay of Victoria, B.C., a sister, Mrs. Charles MacKenzie of Charlottetown, P.E.I., and a brother, Louis Montgomery of Westakwin, Alta.

Effective Ways To Treat Poison Ivy

Of all skin-irritant plants, poison ivy and the related but less frequently met poison sumach and the far western poison oak are the most virulent. The active principle of poison ivy is an oil which is present throughout root, stem, leaf, flower, and fruit and even to the easily detached hairs.

Tearing or bruising of any part of the plant liberates the oil, which comes in contact with the exposed parts of the person touching it. The first sign of infection is usually a slight itching followed by a faint bluish of the skin. The itching sensation increases, and from a few hours to some days, numerous small blisters appear. In a mild infection, there may be no more than shiny dots upon the skin and go no further.

Other blisters eventually burst, to become irritating, oozing sores from which contagion may spread to other parts. The sores finally form a scab, which may be very itchy. If the blisters are scratched, the infection may be carried to other parts of the body.

Recommended Treatments—Treatments without need have been proposed and used, often indiscriminately without effect. The Paris-Sour treatment for affected parts most widely recommended in recent years, potassium permanganate has for long been a favorite remedy for forming a crust over the blisters.

Persons who have been affected by the poison ivy should be treated as follows: 1. Wash the affected parts with soap and water. 2. Rub the affected parts with a solution of potassium permanganate. 3. Rub the affected parts with a solution of boric acid.

ANTIGONISH, N. S.—(CP)—The fourth annual meeting of the Nova Scotia Credit Union League will be held in Antigonish Aug 15 and 16. It was announced by President John Foote. Great progress has been made during the past year by the cooperative organization in this province.

In Memoriam

MRS. FRANK MACRAE
The death occurred at Summerside, the residence of her son, Fred MacRae, of Mrs. Mary MacRae, widow of the late Frank MacRae.

Mrs. MacRae had resided most of her life at Hill's River near Alberton and was well known and highly esteemed by all who knew her.

For the past four years she had been residing at the home of her daughter, Mrs. Edward Mollins, of Bedford, Mass. and she returned to Summerside last May to be with her son.

She leaves to mourn one daughter, Addie, Mrs. Mollins, three sons, Edgar, Charlottetown, Ralph in Broadacre, Sask., and Fred in Summerside; also one sister, Mrs. J. J. Fausse of Melrose, Mass.

Following a short service conducted by Rev. Mr. Davies at the home of her son, Fred, in Summerside, the body was then taken to Alberton where service was conducted in the United Church by Rev. Mr. Charman and Rev. Mr. Christie, after which she was laid to rest in the People's Cemetery. The pallbearers were, Howard Clark, W. C. Leavitt, John Wells, J. W. Waugh, Gordon Hardy and Thomas Keefe.

Special Meeting Of S'ide Town Council

It was decided last night at a special meeting of the Summerside town council to pave Cedar Avenue, Willow Avenue and Russell Streets.

The decision was arrived at after Mayor Campbell and councilors had heard the petition of residents, money for paving of the streets had been secured.

Mr. Norman McLeod was spokesman for the delegation. Dr. J. C. Simpson and Mr. L. G. Lewis also spoke. They stated that they were ready to use the street for their cars for about six weeks in the spring, and they were put to great inconvenience on account of the general condition of the street.

A delegation was also at the meeting from Ottawa street, Mr. Jerry Doucette, Mr. R. J. Doucette and Mr. J. Doucette also speaking on the petition.

Mayor Campbell replying stated that he would give the request careful consideration. There was an apparent injustice that these streets had not been paved, but sometimes these things were not controllable. The town will have expended a quarter of a million dollars on streets in three years, by the fall if present plans are carried out. That is a lot of money for a population of about 4,000. The Council is responsible to the citizens for the expenditure and control of funds and these things must be considered with an open mind and without prejudice.

The question of drainage on these streets was brought up. Councilor McLeod stated that these streets could be paved without special drainage. The Mayor and Councilors then went into caucus to discuss the matter and after an hour's adjournment returned with the following resolution:

"That the Council will pave Cedar Avenue, Willow Avenue, Ottawa and Russell Streets, one inch less in thickness than the present paving. Curb and gutter to be laid on Willow Avenue." By a unanimous vote.

Mr. Keir McDonald spent a few days at the home of Mrs. Basil McNeil.

Miss Bernadine Morrissey, Tignish, was a recent visitor at the home of Mrs. A. O'Brien.

Mr. Keir McDonald spent a few days at the home of Mrs. Basil McNeil.

Many western horse fans motored to Milligan's Races on Wednesday and were loud in their praise of the good racing and enjoyed a real day's sport.

Extensive work is being done to the United Church property at Elmsdale, and an addition is to be built to the main building. When work is completed a marked improvement will have taken place in the expenditure. There will also be some other slight changes.

The resolution further stated: "That no more street paving be considered this year."

Another resolution brought up was a grievance of the truckman regarding the distribution of work-reports of Councilors. It is reported that there appeared to be grounds for the complaint, but that it appeared to be largely the fault of the individual. However, a special effort will be made to see that all hands received their share of work-reports.

Mr. Phillips spent a week visiting relatives and friends in Elmsdale.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks punk.

A mere bowel movement doesn't always get the cause. You need something that works on the liver as well. It takes those good, old Castor Oil Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a laxative but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Rubbory refuse anything else. 25c.

Elmsdale and Vicinity

Misses Eileen O'Brien, B.A., principal of Elmsdale School and Gertrude O'Brien are visiting friends in Montreal.

Mr. Willard O'Brien, B.A., graduate of St. Dunstan's University, Montreal, is at present in training at militia camp, Charlottetown.

Mr. and Mrs. John Bulger, of Boston, accompanied by Mrs. Pearl Eckmann and her two children of California, motored to their paternal home at Elmsdale, the guest of Mrs. Dennis O'Brien. They are enjoying a delightful holiday with their many friends on "The Island."

Mr. and Mrs. Rafferty of Providence, Rhode Island, and Miss Nettie Kinch of Boston are numbered among the visitors to Alma and vicinity.

A miscellaneous shower was held at the home of Mr. Emmerson Matthews, Alberton, on Thursday night. Misses Alfreda Wallace, who is soon to be a participant in an interesting event, many and varied were the gifts received. Lunch was held by the hostess, assisted by the ladies.

Mr. Michael O'Brien, Elmsdale, is spending a pleasant visit at the home of her niece, Mrs. Roach O'Brien, Lauretta.

The monthly meeting of the Elmsdale Women's Institute for July was held at the home of Mrs. J. W. O'Brien with a large attendance of members and visitors. Miss Annie O'Connor gave an interesting report of the W. I. Convention at Charlottetown where she was a delegate. The entertainment in aid of school was postponed to a later date. Next meeting to be held at the home of Mrs. Emmerson Hardy. A miscellaneous shower was held at the home of Mrs. Emmerson Hardy. Lunch was served by committee.
