

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"My health was poor and I suffered much from hives and kidney trouble. After taking two bottles of Hood's Sarsaparilla I was cured. I regard this medicine as superior to all others." Mrs. Joseph HOLLINHEAD, Harrison, Ontario.

Hood's Sarsaparilla promises to cure and keeps the promise.

ALL NEWS OF LOCAL INTEREST

The floor of the drill shed, where the Coldstream Band is going to play on Oct. 7th and 8th has been nicely boarded.

The smoke stack of the Stanley now at Pictou was placed in position last week by the united crews of the steamer and the Foundry Co. who are engaged working on the boat. It is a substantial piece of work.

She had also four passengers William and Mrs Harris, Beach Point; Capt Chapman, Murray Harbor; Wm Taylor, Murray Harbor North.

OVER one thousand passengers crossed and re-crossed to Charlottetown last week. Although the "Princess" is an A 1 boat the accommodation is too limited for the increasing trade. What is required for next season is a second boat for the passenger and light freight service.—Pictou Standard.

A LATE issue of the Victoria, B. C. Colonist says: "A. H. B. McGowan has been asked to run in the conservative interests. He will allow his name to go before the convention." Mr McGowan is a Prince Edward Island man, a son of the late William McGowan, Esq. He formerly resided in this city and will be remembered by many citizens.

A VERY quiet wedding took place at St. Peter's church yesterday morning, at 6 o'clock, when Miss Lizzie Hornbrook, of Cody's Station, Queens county, was united in marriage to Louis McNeill of this city, formerly of Grand River P. E. I. The bride, who was given by her brother, Walter Hornbrook, wore a navy blue broadcloth suit, with hat to match. She was attended by Miss Annie M. Tierney, niece of the groom, who was gowned in white with hat to match. The nuptial mass was celebrated by Rev. Edward Souilly, C. S. S. R. After the ceremony the bridal party repaired to the home of Edward Tierney, where a dainty wedding breakfast was served. Mr. and Mrs. McNeill leave this evening for their future home in New Hampshire. They were the recipients of many beautiful and costly gifts.—St. John Telegraph.

MANY friends in this city and throughout the country will be saddened to hear of the death of Miss Tina A. McKenzie which took place at her home in Flat River yesterday after an illness of a few months. Though for some time her death had not been unexpected still it will come as a heavy blow to those who watched the light of life become dimmer and dimmer day by day, till yesterday the gentle spirit passed peacefully away to Him who gave it. Hers was a lovely and lovable character and in the family circle and among her companions her associations were of that bright happy, and self-sacrificing character which endeared her to all. The expressions of sorrow for her untimely demise are mingled with the fond recollections which entwine in loving sympathy the brief life of labor of a truly Christian girl.

Beautiful lives are those that bless, Silent streams of happiness, Whose hidden fountains but few can guess.

THE friends of the late Wallace E. McKenzie, son of William McKenzie, Thorn dyke, Lot 48 have received word from friends in Ark. stating that Mr. McKenzie's death announced in The Guardian several weeks ago was caused by malaria. He had had several attacks during the summer but the last proved fatal. Mr. Mackenzie had been in Arkansas about two years and during that time had made many friends. He had every care during his illness. Two doctors were in attendance and did everything for him that could be done. The remains were interred in St. Paul's Cemetery, Little Rock, Arkansas.

UPTON.—The harvest is nearly finished in this section, for the season. with the exception of some small patches of late sowing. The crops are good in general, you can hear the hum of the threshing mill on every side now.—The St. John N. B. tourists have come and gone for this season; judging by the number of boxes they took with them filled with speckled beauties they have done remarkably well on this angling tour. They are refined, kind and obliging gentlemen. The people of Upton would like very well to see them coming oftener and staying longer among us.—When the milldam broke in the spring it is alleged that some of the trout went down the stream; but be that as it may they have good luck in their angling and shooting and no doubt they will appreciate it in the near future.—They have erected a residence on the banks of the lake equipped up in all improvement. We would like to see more of these gentlemen coming among us, no doubt they could not find a more beautiful spot in our Island by the sea for a summer resort than in and around Upton Lake.—The people here are kind and hospitable and respectable. The Fishery Warden of this lake, Adolphus Turner is a kind and obliging gentleman and will guard the interest of the Club with a keen eye to see that no poachers will intrude without permission of the members of the club.—The entrance to the lake is narrow but when you enter the mouth of it you will enter on a wide expansion of water about one mile long. The entrance is something like the R. ver Foyle in the north of Ireland.

BONSHAW.—The farmers of this vicinity are busily engaged completing their harvest, which is somewhat later than usual, owing to the unfavorable weather recently.—Our enterprising merchants J. A. Robertson and S. Beaton are doing a rushing business and have secured a goodly supply of dry goods, groceries, etc., to meet the demands of the public.—Bradford Boyce has disposed of his beautiful carriage horse for which no doubt he received a handsome sum.—Some of our young men seem of late to be in a state of dependency owing no doubt to the departure of some of the fair sex to another country.—Miss Lillian Coles, Charlottetown is visiting friends in Bonshaw.—Donald Gordon, Appin Road spent Sunday in Bonshaw, the guest of his uncle Alex. McDonald.—What might have proved a serious accident, occurred a few evenings ago, while D. J. McLean of Argyle Shore was returning home his horse took fright and ran into another team, and had it not been for the skillfulness of the driver, the result might have proved fatal.—On the eve of their departure for Roxbury Mass, a large number of the young people of Bonshaw and vicinity assembled at the home of Mr. and Mrs. John McNevin, Argyle Shore, to bid farewell to their daughters, Misses Charlotte and Florence and also to Wm Flemming of Roxbury, who has spent the last two weeks on P. E. I. The evening was pleasantly spent in music, singing, games etc, until the wee sma' hours arrived when after the singing of "God be with you till we meet again", the company dispersed feeling that they had spent a most enjoyable evening.—"Try Again" Division S. O. T. is continuing to progress.—On their last night of meeting the following officers were elected for the ensuing quarter.
