WILL NOT TOLERATE SOVIET INTERFERENCE

British Govt. Has Sent Sharp Note to Moscow Accusing Bolsheviks of Contributing to Strike Fund.

(Special to The Guardian)
LONDON, June 11.—The British Government has sent a sharp note to Moscow protesting against the endeavors of the Soviet to send money to Great Britain during the general strike.
The note sets forth the belief that this money will be intended to foster a movement to bring about a change of Government in Great Britain. The note declares that definite proof of this is in the hands of the British government that a share of money offered the Trades Union Congress from Moscow during the general strike came from the Soviet government. This action, the note states, is regarded as unjustifiable interference in the internal affairs of the country and a violation of the Anglo-Russian agreement.
A second note dealing with the money the Soviet is sending to the British Miners Federation is being considered by the Cabinet and will probably be forwarded to Moscow soon. The British government in this case also contends that part of the money is contributed by the Soviet Government and not as claimed by the Russian Miners.

(Canadian Press)

The seven cardinals are Cardinal Bonzano, Papal Legate the first official representative of the Pope ever to come to the United States; Cardinal O'Donnell, Primate of Ireland; Cardinal Dubuis, Archbishop of Paris; Cardinal Y. Casanova, Archbishop of Toledo and Spain; Cardinal Piffli, Archbishop of Vienna; Cardinal Oseroth, Archbishop of Budapest and Cardinal Faulhaber, Archbishop of Munich.

French Forces in Syria Totally Inadequate

(Canadian Press)
DEIRUT, Syria, June 11.—Military authorities have succeeded in convincing the French High Commissioner's office that more troops are needed to pacify Syria—that the 30,000 soldiers now here are totally inadequate to cope with Sultan Atrash in the Djebel Druze and at the same time keep the lid down on the boiling pot of rebellion in other parts of the country. Retforcements are expected from Senegal.
Damascus has been a besieged city since May 7th. With handbills holding the gardens around Damascus, French forces are said to be too weak to relieve it. France might as well give up the mandate for Syria, the general staff told the High Commissioner, unless more troops were forthcoming.

(Canadian Press)
VANCOUVER, B. C., June 11.—Following the withdrawal of all other candidates Mrs. J. A. Mrs. Nelson is at present convener of the League of Nations Committee.

Scotsmen Parade To Welcome Mr. Heughan

In honor of the professional visit of Mr. William Heughan, the famous Scottish operatic vocalist who is touring the world as the official representative of the Burns Clubs Federation, the Caledonian Club, headed by its Pipe and Drum Band, paraded to the Railway Depot last night. A large crowd gathered at the station to join in the welcome to the world-famed singer.
Immediately on stepping to the platform, Mr. Heughan was formally welcomed by Mr. J. G. McFarlane, President of the Caledonian Club, and ex-Chief White, who afterwards introduced him to the classmen, and he, in turn, introduced Mrs. Heughan and his secretary, Mr. Kennedy.
Mr. Heughan expressed his extreme pleasure in receiving such a cordial reception and said he was sure the Burns Federation in London would also appreciate the honor conferred upon their representative on his visit to Charlottetown. Mr. Heughan also expressed the delight he felt in travelling through such a beautiful country and said the Scotsmen who located here had certainly made no mistake in their selection of an ideal new home land.
The parade was then reformed, including Mr. Heughan and Mr. Kennedy and marched to the Hotel Victoria at which Mr. Heughan and his party are guests until after their recital at the Prince Edward on Monday and Tuesday.

PATE NAUDE STANDS WITH MEIGHEN

Breach in Conservative Party in Quebec Now Closed.

MONTREAL, June 10.—"I am happy to hail with favor the declarations of Mr. Meighen and to align myself with him in his work for our country." In these terms, the Hon. Esloir L. Patenaude, in a statement issued to the newspapers this afternoon, definitely closed what was regarded as a wide breach separating him from the Rt. Hon. Arthur Meighen, federal leader of the Liberal-Conservative Party, and indicated that the difficulties which rent the oppositionists in Quebec throughout the course of the last election campaign have now been composed.
Hon. Mr. Patenaude's statement is as follows: "I have read with much interest the speech delivered by Mr. Meighen at his meeting at the Forum. The important declarations made by the chief of the Liberal-Conservative party on those political questions which were the main subject of discussion during the past federal campaign attracted the attention of both the press and the public, and have created everywhere a profound impression.

Public Affairs

"During those years of turmoil that we recently experienced, the two great political parties of Canada had sallied forth from behind their respective boundaries and had shattered the equilibrium necessary to the ordinary conduct of business. I am of those who think that public affairs should be administered through the intermediary of definite political parties."
"The experience which I have been able to acquire has convinced me that the well-known main principles and doctrines of that party known as the Liberal-Conservative are applied in good faith and with understanding, are the only ones which make for the prosperity and the peace of this country. One can affirm that Canada as she is today is the product—the result—of the application of these principles and this doctrine. It is therefore elemental that the best interests of the country demand that the Conservative Party be united and that its ranks be straightened out again.

On Brink of Crisis

"This necessity becomes evident if one but looks at the government at present in power, that so-called Liberal government which riding on the brink of a crisis, submits itself to the mastery of outsiders in order to weather the storm. It gives from day to day thanks to a blood transfusion which the Progressive Party feeds in small doses exacting in return heavy compensations to the detriment of the prosperity of the country."
"The declarations which we have just heard coming from the mouth of our party chief on the question of autonomy, be it of Canada or of its provinces, of the rights of minorities, of the French language and its influence throughout the country, brings the Conservative party back to its ancient traditions and vindicates our campaign of last autumn. We present them what we believed to be the true Conservative doctrine again on the lips of the present champion of the Conservative party.
"Remembering the past, and inspired by the thoughts and aspirations of the fathers of Confederation, Mr. Meighen is endeavoring to gain both unity within his own party and unity within the Dominion of Canada. Speaking in my own name, I desire to associate myself with these sentiments, and I have confidence that all true Conservatives will do the same.
"It has happened that I have differed in opinion from my chief's and I have at the time explained my reasons for so doing without hesitation but with regret for the necessity of doing so. I am happy to hail with favor the declaration of Mr. Meighen and to align myself with him in his work for our country."

In Message Announcing Resignation from League Council—Will Remain Faithful to American Ideals.

(Special to The Guardian.)
GENEVA, June 11.—Brazil's message to the League of Nations announcing her resignation from the League Council was made public today.
Calling attention to the dangers confronting the League Brazil says she firmly intends to leave to the great powers the responsibility they seek to undertake and for her part to remain faithful to "the American ideals without which the world never will succeed in terminating the race of armaments or obtaining the reign of peace on earth."
Referring to her veto of Germany's admittance to the Council at the last meeting, the Council Brazil says she used the right sorrowfully, but it was inevitable. She desired her action to be understood but falling in this decided not to insist.

King Criticised By American Magazine

(Canadian Press)
OTTAWA, June 11.—Quoting an editorial in the American Mercury Magazine H. C. Hoeken, (Toronto, West Centre) asked in the House of Commons this afternoon "if that kind of magazine is to be allowed to enter Canada."
Premier King assured Mr. Hoeken that Mr. Boivin, Minister of Customs, who was not in the House, would consider whether the articles were of such a character as should be prohibited. He added that like Mr. Hoeken, Mr. Boivin was anxious "not to make this a casus belli in any way."
The editorial criticises King and local police officials, Ham will appear in court tomorrow morning to answer the charges.

D. R. ENDICOTT NEW HEAD OF UNITED CHURCH

Unanimously Elected Moderator of Second General Council—A Great Preacher.

MONTREAL, June 10.—Rev. Dr. James Endicott, of the Presbytery of Winnipeg, was this evening elected Moderator of the second general council of the United Church of Canada, representing 700,000 members, the council commenced deliberations which will probably continue for two weeks, and during which the completing of the co-ordination of the United bodies of Presbyterians, Methodists and Congregationalists of Canada, will proceed. The date is the anniversary of the accomplishment of union and the council is the first to meet with the experience of a year of union to guide their decisions.

Election was Unanimous.

The election of Dr. Endicott to succeed Rev. George C. Pigeon, of Toronto, was unanimous, without other nominations. Rev. J. W. Woodside, of Ottawa, moved the nomination, seconded by Dr. E. H. Oliver, Saskatoon.
Dr. T. Albert Moore, Toronto, was unanimously reappointed General Secretary, and the following as assistant Secretaries:—Rev. J. R. Watts, Ottawa; Rev. C. E. Crowell, Halifax; Dr. J. A. Cormie, Norwood, Man.; and Rev. Dr. W. T. Gunn, Toronto.

Practising from Zachariah 2:15, on the City Without Walls, Dr. Pigeon delivered his retiring Moderator's sermon and pictured the United Church not as an enclosed body, protected, and unable to expand beyond its walls, but as a spiritual home, safe from attack because of her spirit.
"There is but one danger," the speaker said, "that I see before the United Church of Canada—that it should be dwarfed into a sect in the eyes of the community, and to be an enemy from without can injure the church of the living God, but a failure of the spirit within may stunt her growth and rob the nation of the service which her own church should render. The sectarian spirit draws sharp lines between itself and others, and allows itself to be hemmed in by strong positions taken on minor issues.
"A New Testament church is built on the central realities of the Gospel, which experience shows to be vital. Loyal to truth already revealed, her mind is open to any new manifestations of the spirit of God. She is, therefore, tolerant in spirit, comprehensive in her sympathies, devoted to the welfare of the community, and, to that end, every factor in it, including other religious bodies. Withal she has a vital experience and clear-cut message of salvation."

Gratitude in Hearts of All

Later, in his Moderatorial address, Dr. Pigeon said:
"Gratitude is the dominant feeling in the minds and hearts as we gather together this evening."
The retiring Moderator paid tribute to the memory of the late Rev. Prof. W. H. Warriner, of the former Congregationalist Church and remembered that Prof. Warriner had been present at the accomplishment of union last year.
The speaker had visited the churches of the Old Country during the year and the United Church had been accepted as a constituent member of the Alliance of Presbyterian Churches of the World, meeting at Cardiff. The eccumenical council of the Methodist Church had accorded similar welcome and the Congregationalist bodies did likewise.
The history of union in Canada would give a unique position to the United Church in the advancement of reunion of the churches of the world, said the retiring Moderator.
Recent events in the church in Canada showed that the people were further advanced in their convictions in regard to union than their leaders had dreamed of. This was particularly shown by the large number of local unions.
In the serious questions which faced the Council he asked for the same spirit which had characterized the church throughout the land.

A Great Preacher

Nomination of Dr. Endicott followed Dr. Pigeon's address, and in naming him Rev. J. W. Woodside termed him a great preacher, a High Tide this morning at 11:33 master on the platform, a master craftsman, and a great missionary. Dr. Endicott had been nominated by forty Presbyterians out of the one hundred and thirteen in the church.
Following his appointment Dr. Endicott thanked the Council in an address sprinkled with witticisms and later than Charlottetown.

Interprovincial Conference to be An Annual Event

(Canadian Press)
TORONTO, June 11.—Commenting in a general way yesterday on the Ottawa conference of provincial premiers, over which he presided, Premier Ferguson declared he could not speak too highly of the spirit of co-operation and understanding evidenced at the conference, and the readiness of representatives attending to discuss questions from a dominion-wide viewpoint, rather than from that of provincialism.
So profitably spent was the three days conference, according to Mr. Ferguson, that it is to become an annual affair. The Ontario representatives were unanimous in their advocacy of a yearly round table discussion of the country's problems.

Tariff Changes Assurance Continuance of Motor Industry

(Special to The Guardian.)
TORONTO, June 11.—Mr. T. A. Russell of the Canadian Automobile Manufacturers Association, returned to Toronto today after a visit to Ottawa where he has been engaged in interviewing the government in regard to tariff concessions for Canadian motor car manufacturers.
The turning point was reached with the elimination of the 5 per cent luxury tax he told the Star today "and from discussions I have had with motor manufacturers since, I am convinced that that is the thing which assures the continuance of the industry in Canada." He said there had been nothing further in the situation since then.

It would be a very poor Moderator indeed who could hurt the church of which we heard tonight." He referred to the practice of the Presbyterian Church of having long term ministers and short time Moderators, while the opposite had been the case with the Methodist body. "I am sure," he said, "that every former Methodist here would be glad if Dr. Pigeon could have remained a permanent Moderator."
The retiring head of the church would always be remembered as its first leader.
Dr. W. J. Clark, Westmount, Que., moved a resolution of thanks to Dr. Pigeon which was heartily endorsed by the Council. "There is a great multitude of hearts throughout Canada hoping that the spirit Dr. Pigeon has expressed tonight may animate us," the mover said.

NEW BRUNSWICK HAS A REAL SENSATION

Strong Box Smashed and Envelopes Containing Exam. Papers for Teachers Licenses Opened.

FREDERICTON, N. B., June 10.—The most serious scandal that has ever occurred in connection with the annual provincial teachers' license examinations in New Brunswick became public today when officials of the Education Department admitted that a strong box in which the examination papers to be written by the 3644 candidates at the Provincial Normal School here had been opened and every envelope in the box had been skillfully opened by cutting around the official seals and the contents apparently removed for the purpose of learning the contents of the papers.
The belief in official circles is that most of Tuesday night was spent by the marauders in first effecting an entrance to the locked room on the third floor of the Normal School Building, then opening the strong box which was locked with two padlocks, and then opening each of the envelopes and finally closing them up again in such condition, that although the fact that the box had been opened was discovered yesterday morning, it was not until late yesterday afternoon that it was found that the actual envelopes containing the examination papers had each been opened.
The result has been the cancelling of all examinations which were written yesterday morning and yesterday afternoon. No examinations were proceeded with last night, the schedule being set ahead a day so that new papers could be prepared last night and this morning examinations on the subjects which were written yesterday morning and afternoon were commenced again. In some cases the new papers had to be dictated to the candidates, there not having been sufficient time to have the new papers which had been prepared, printed; in other cases newly printed papers are being written.

Deputy Proposes Ceding French Land to U. S. A.

(Special to The Guardian.)
PARIS, June 11.—It is reliably reported that M. Outrey, deputy for French Indo-China, proposed recently in a session of the colonial commission that the Chamber of Deputies cede to the United States two million acres of land in Cambodia for the purpose of growing rubber. In return for that it was proposed that United States should cancel a large part of the French debt.
The question is said to have been referred to a sub-committee for further study.
