Until quite recently whenever a person had the toothache, his friends one and all immediately gave him the sage advice, "Go and have it pulled." We extract teeth when necessary by the most painless method yet discovered and replace them with a plate or with crown and bridge work. BUT OUR PRINCIPAL BUSINESS IS SAVING AND FILLING TEETH.

If you have a cleft palate give us a call. We can refer you to cases in this province, that we have treated with wonderful success.

An Ottawa Gentleman Says:

"Life Was a Burden to Me, and No Living Mortal Could Describe My Sufferings."

THREE BOTTLES OF

PAINE'S CELERY COMPOUND

Wrought a Glorious and Happy Cure that Astonished a Whole Community.

In the ranks of sick and diseased sufferers, many men and women have become hopeless because of the failure of physicians and their medicines.

We would have all such dejected and despairing mortals take comfort this very day. We would impress upon them the blessed truth that Paine's Celery Compound is abundantly able to save and cure. A multitude of people saved from disease and death have given strong and incontrovertible testimony that Paine's Celery Compound can save even at the eleventh hour. Mr. F. Fioter, Ottawa, Ont. tells of his terrible condi ion his failures with physicians, and of his wonderful cure by Paine's Celery Compound; he writes thus:

"For four years I endured terrible agony and misery owing to pains in my head and chest. Life was a burden to me and no mortal could describe my sufferings. I was treated by doctors, and used many patient medicines, but nothing gave me relief until I used your Paine's Celery Compound. I thank God for the day it was brought to my notice in the Ottawa papers. I have taken three bottles of the medicine, and to-day I can truly say that I feel like a new man. I will recommend the remedy whenever I have the opportunity, as it is the best ever given to sufferers."

MESSRS C. C. RICHARDS & CO.

Dear Sirs.—While in the country last summer I was badly bitten by mosquotes—so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected—a few applications completely curing the irritation, preventing the bites from becoming sore MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly,

CONTINENTAL SYMPATHY WITH THE KING.

Testimony of An English Clergyman Who Travelled on the Continent—Prayers of Many Nations—Remarkable Story in Liverpool Post.

In the course of an eloquent sermon at St. Agnes's, Sefton Park, on Sunday evening, the Rev. C. C. Elcum told the following remarkable story:—I was on my way home from Italy, I had been chiefly in out-of-the-way districts, and had therefore, heard nothing of the King's illness and the consequent postponement of the Coronation. On Thursday evening however, I arrived at Milan, and having an hour to wait for the express, I was sitting at dinner when I heard a newsboy calling out something about "Il Re d'Inghilterra." I couldn't quite catch the words, so I called the boy and bought a paper. I was, of course, thunderstruck at the news, and the boy evidently noticed my shocked expression, for in that plaintive voice so characteristic of the Italian he said solemnly, "Ah! God will spare him! I pray for him, your King." I cannot convey to you at all the simple faith and confidence in which those words were spoken, but I assure you they made a very great impression on me. I slept that night at Como, and the next day resumed my journey homewards. At Airolo I changed into a restaurant car. Presently a big beaming, burly German got into the car, and seeing that he had in his hand a later paper than I had seen I asked him what was the latest news of the King. He very kindly informed me, and then seeing that I was an Englishman he said solemnly: "Your nation has all our sympathies and our prayers for your King." He was most sympathetic, and spoke with considerable feeling about the sadness of the blow to the British nation. Presently, however, he left the train, and I was alone in the carriage. On we went through the night, and at seven o'clock on Saturday morning arrived at the fortress town of Chalons. Here a smart French officer came into my carriage and opened a copy of that morning's "Le Petit Parisen." I enquired of him if there were any fresh news of the King, whereupon he most courteously handed me the paper his finger upon the spot where the telegram containing the latest bulletin was to be found. When I had read it he said: "You have the sympathy of all Frenchmen," he then solemnly raised his hand to his cap, saluted, and said quietly, "and you have also our prayers." I was very much struck by his demeanour I can assure you. Here, then, were three different persons of three nationalities; the small Italian newsboy, the burly German, and the smart French captain, all of whom told me that their prayers were being offered to God for the recovery of our King. remark it struck me very forcibly indeed

A WONDERFUL CASE.

Picked up a Newspaper and by so Doing Saved Her Husbands Life.

OTTAWA, Ont,. July 14th. (Special)—George H. Kent, of 309 Gilmore St, was dying with Bright's Disease.

He was in the very last stages, and the physicians had given him up.

At last one evening the physicians told his wife that he could not live until morning.

While watching at his bedside Mrs. Kent happened to pick up a paper containing an advertisement of a cure of Bright's Disease by Dodd's Kidney Pills.

A messenger woke up the nearest druggist and procured a box of Dodd's Kidney Pills, which Mr. Kent began to take at once.

He commenced to improve, and he was well and at work in two months. He has not lost a day through illness since.

That was seven years ago.

MRS. MAXWELL BARTER, Grand Cascapedia, Que., writes:

"I take great pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me and mine. A year ago my little girl, now nearly three years old, was attacked by Cholera Infantum. It was in the hot season and she was teething at the time. The doctor gave her up; in fact, I did so myself.

"I finally decided to try Dr. Fowler's Wild Strawberry. I procured a bottle and it did her so much good that I got another bottle and by the time it was finished she was completely cured. As for myself, it has saved me from inflammation of the bowels several times. I always keep a bottle in the house and cannot recommend it too highly."
