ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

THE loss to the Plant Line Co. in the Halifax fire was $28,000.

Horace Simmons, formerly with John Coombs, is home on a visit from the States.

George Campbell and Fritz Campbell, of New Bedford are visiting ther home in Pownal.

A SEVERE wind storm accompanied by rain passed over the city last night about ten o'clock.

THE plan of seats for Mr. Earle's first Exhibition Concert will not be at the usual places before Thursday morning next at 10 a. m.

THE regular meeting of the C. M. B. A. will be held to night. All the members who wish to hear the report of Mr. McCarey, the delegate to the convention recently held at Toronto should attend.

A WOMAN named Mrs. Murphy, just home from the States with a three year old child, arrested Saturday for drunkenness was released in the evening and taken in charge by a charitable woman.

SAMUEL ACKLAND, Central Bedeque; Miss Maud Hayes, Montague; Miss Christina Long, Mt. Herbert; Miss Lizzie Noonan, Cape Traverse; Miss Annie Clarke, M. A., Hampton; and Henry McLean, Mt. Herbert leave this morning for Guelph where they take a course preparatory to Rural School work.

THE pulpit of the First Methodis Church was supplied yesterday by Rev. Mr. Ball of Bideford. Rev. Mr. Dobson preached in the Methodist Church at Summerside which celebrated its 10th anniversary yesterday. A lengthy sketch of this thriving congregation appeared in The Guardian last July at the time of the Old Home Week.

THE P. A. A. C. Football team began practice for the season on Tuesday. Probably the first match will be with the Abegweits at Charlottetown. Arrangements are also being made to have Acadia College team call here on their regular Fall trip. The management of the Club have also practically decided to send their team on a tour to Cape Breton.—Pictou Advocate.

THE S. S. City of London left for Crapaud at 4 p. m. on Saturday with a full load of general merchandise and agricultural implements and returned yesterday morning with a dozen passengers. The return cargo consisted of 260 bushels potatoes, 27 dressed hogs, 25 boxes butter, 15 cases eggs, 5 lambs, 12 lbs and 3 cases merchandise and half a car load of iron and rope.

THE funeral of the late Hon. Benjamin Davies took place yesterday afternoon and was very largely attended, many of all classes paying a last tribute to a universally respected citizen. Services were conducted by Rev. Leo Williams and the pallbearers were: Chief Justice Sullivan, Lieut. Governor McIntyre, Senator McDonald, Richard Heartz, James Barrett, John H. Gates.

JOHN PINAUD, Sydney, writing to The Guardian takes exception to an article in the St. John Sun reproduced by The Guardian which says in effect that he blamed the crew of the Cabot for the boat's defeat. He says: "I don't recall having made such an assertion to any one. The Cabot's crew were as good as could be expected under the circumstances and the main cause of the wide difference of the time of the two boats was our unpreparedness for such a race. Where The Sun got the information that I am owner of the Cabot, or that I have anything to do with the disposition of her is something that I know nothing of."

Was She Complimented?

A certain literary woman, feeling herself under an obligation to a very eminent authoress and wishing to show her appreciation, bought a box of candy, meaning to present it to the novelist at the earliest opportunity. On the same shopping excursion she bought herself a box of tooth powder, the two purchases making packages of similar size and appearance. Then she sought out her benefactress.

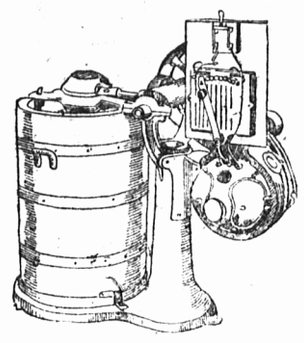
"Have you a sweet tooth?" she inquired and presented one of the neatly wrapped purchases. The offering was accepted gracefully, and the donor departed, much gratified at the accomplishment of her act of recognition. When she got home she unwrapped her remaining package to try the new tooth powder. Removing the last piece of wrapping paper, she read on the box cover, "—— Chocolate Bonbons—Extra Quality."—Harper's Weekly.

Wear Trade Mark D Suspenders Guaranteed. Sold everywhere.

Our Compound Syrup of Hypophosphites.—This preparation leads them all when it comes to toning up the nerves, and giving strength and energy to the body. It never fails to give benefit in the worst cases of nervous debility—Try it and be convinced. Only 75c bottle. A. W. Reddin, Phem B. Central Drugstore.

ELECTRIC ICE-CREAM.

At some of the excursion resorts during the present summer the proprietors of the refreshment stands have done a land-office business by announcing "Electric Ice Cream." Unsuspecting couples have been lured inside the place by the sign expecting to experience entrancing sensations of electric shocks with each spoonful of the delicious coolness delivered into the face. Electric ice cream is really no different from any other, but by the use of the electric current it is now possible to make the ice-cream in much cleaner and more economical manner than heretofore, and device by which this is done is shown in the accompanying cut. This is an electric motor mounted on the frame which supports the tub and was introduced during the present summer for the first time. The use of the motor is said to represent a great economy over



MOTOR ON THE ICE-CREAM CAN

all other methods of beating the material in the can and bringing it to the proper consistency for consumption. It is economical principally for the reason that the process is very rapid, as it is possible to set up a great speed on the part of the paddles. For a 25-quart can a motor of two-thirds of a horse power is made use of, and it is mounted on a stand which has also accommodations for the can and its contents, which practically makes a single unit of all the different pieces necessary to comprise the whole. The motor has a capacity of 900 revolutions per minute, and the larger ones are capable of greater speed.

RICH RED BLOOD, BASIS OF HEALTH

Strong Blood Fortifies the Nerves, Strengthens the Heart, Keeps you in the Swim. How to Nourish the Blood.

To keep abreast in the unceasing race that confronts us, both energy and reserve strength are essential. Strength is power. Power is money, that's the way we resolve it today; yet even when evidence of failing strength and dwindling power becomes manifest, very few of us face the actual condition and deal with it as we would with something involving monetary value.

Thousands of people are falling behind in the race of life simply because they are failing in strength. Instead of using Ferrozone, which revitalizes all the functions of the body, forms rich, red blood, improves digestion, thereby renewing vitality and endurance, they simply drift along until the doctor or undertaker confronts them.

If Ferrozone was unpleasant to take or if its action were not immediate and permanent, if physical improvement were not of the highest value to the individual there might be some excuse for deferring the use of this remarkable tonic.

If your health is inconsequential, then Ferrozone may be dispensed with. But if health and vigor give you more power and comfort, can't you see the foolishness of denying yourself the many advantages of using such a grand medicine?

Do the fair thing by yourself, go right to your druggist and get Ferrozone. You will then know what perfect health, good spirits, and strong nerves really mean.

Ferrozone, like other good things, is grossly substituted, so insisit on getting Ferrozone, which is prepared in tablet form and sold only 50c boxes, six boxes for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston Ont., and Hartford, Conn., U. S. A.
