FELL DOWN STAIRS WITH CHILD

The following testimonial proves once again the superiority of "Nature's Healing Balm," Zam-Buk. Mrs. L. Spalding of 505 Erie St., Stratford, Ont., says: "Some time back I met with a peculiar accident while descending the stairs with a child in my arms. I slipped, falling heavily on my left arm and elbow, receiving a flesh wound. My arm was inflamed, swollen and very painful. I tried different preparations, but the wound kept discharging and refused to heal. About this time my brother suggested using Zam-Buk. I acted upon his advice. Zam-Buk thoroughly cleaned the wound, stopped all discharging and soothed the pain and in four weeks the wound was nicely healed. I have had perfect use of both elbow and arm ever since and owe this good luck to the wonderful healing balm Zam-Buk and would advise others to use nothing else." Zam-Buk cures cuts, bruises, burns, eczema, festering wounds and all skin diseases—of all druggists and stores—50c. box or post-paid from the Zam-Buk Co., Toronto. THE KING VERSUS EDWIN O. BROWN

Cont'nued from page 4.

that time I had not received a cent.

11. In consequence of Mr. McLeod's repeated refusal to give me money I gave up all hope of receiving any money from the office during my course and decided to ask him no further. Then I was face to face with the position that I could not tell him of the difficulty without leading to trouble which it was absolutely necessary to avoid.

Could not get money at home without telling this. Tried to borrow in other quarters and failed. Finally entered into correspondence with a firm in Montreal and eventually went into Stock transactions as a means of securing my education. This was long before stock fever was on in Charlottetown. Before I did that I was driven to the conclusion that I would never receive any money from McLeod and Bentley and that under the circumstancee there was no other remedy. Went in jointly with another friend and borrowed money at the Bank for the purpose.

12. Grew morose towards McLeod and Bentley, particularly the latter. Gave up all pleasures and devoted all energies towards work and attempting to relieve financial stress. Seldom ever going home. But it was absolutely necessary to have the facts concealed from the public in order to attain my own ends. From that time forward was incessant in application to legal work, bent on success in profession, in public affairs and to show that I could beat Bentley at law.

13. Sometime after when I got in the hole with apparently no way out I tried McLeod and Bentley again by asking for assignment of articles in order to force them to the performance of their agreement. This led after somewhat lengthy negotiations to McLeod after two interviews with Bentley in finally paying me. It was then too late though and I had to continue speculations to get evened up.

14. I was always kept at clerical work to end of articleship—given practically no holidays, when other students could get away, and to the end of the course given no proper opportunity for practical work.

15. Many incidents of Bentley's animus when in office especially his behaviour towards friends and his resentment towards me if I should give him any valuable legal assistance. He was always afraid I might know more law than himself. He had few friends, a good technical knowledge in some branches of law but only fair ability to get down to first principles as properly work out a new question of law. He was no good at all in the diplomatic or strategic conduct of a suit, therefore the reason why he could not win clients, and one of the secrets of his spleen against me.

16. His vindictive behaviour at time of arrest.

17. No other lawyer but him forced any proceedings against me. Why should he be so vindictive against a student from his office and in order to work out his spleen against me entirely overlook the interests of his own clients and the creditors?

18. The Shaw suit a complete mirror of the whole original case. I lived with the Shaw family for two years, did much work for both Professor Shaw and his brother for which I received no pay. Their home was practically a second home to me and Bentley knew this when he engineered the bringing of that suit for $126.00.

19. His behaviour with Carswell's claim and my means of defence typical of his attitude towards me.

20. Immediately after my arrest I told several parties Bentley was the man I was after, and while I was in the office I told several close friends.
