AGONY ON OPERATING TABLE

Did Not Remove Stone In Bladder GIN PILLS Passed it.

JOLIETTE, P. Q. CANADA.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone In The Bladder. He decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they could not take it out.

I returned home suffering greatly and did not know what to do but was recommended by a friend to try GIN PILLS. I bought a box and found relief from the pain at once. I took a second and third box of GIN PILLS after which I went back to the specialist. He told me the calculus was reduced in size, still he could not relieve me of it although he tried for two and a half hours.

I returned home again and continued to take GIN PILLS as they reduced the pain very much, but I did not expect that they would relieve me of the stone but to my great joy, I passed the stone on October 3rd., and am now a well man and very happy.

I am sending the stone in to you so that you can see for yourself what a great work GIN PILLS did for me. GIN PILLS are the best medicine in the world and because they did so much for me, I will recommend them all the rest of my life."

J. ALBERT LESSARD.

What glorious news to those who are almost going insane from the pain of Stone In The Bladder! Here is ease and comfort! Here is relief! Here is a certain means of getting rid of the stone without being cut to pieces by the knives of a surgeon. GIN PILLS dissolve Stone or Gravel in Kidneys or Bladder because GIN PILLS are the greatest solvent for uric acid the world has ever known.

If your trouble is like Mr. Lessard's, follow his example and take GIN PILLS. Money refunded if they fail to give relief. At all dealers, 50c a box—6 for $2.50. Sample free if you write us, mentioning this paper.

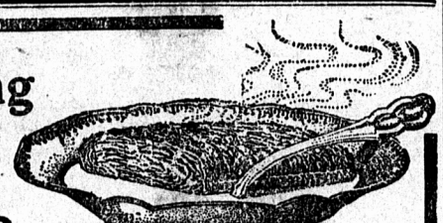
Building An Empire



Every loyal Canadian is an "Empire builder." He is anxious to add to the health and prosperity of the Dominion. But you can't build an Empire out of lands and mines and railroads alone. You have to build an Empire with men—and the way to make men is to give growing youngsters a food that builds strong and sturdy bodies. Such a food is

SHREDDED WHEAT

It contains all the material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It is better than mushy porridges because it induces thorough mastication and thus develops sound teeth and insures perfect digestion. A food to study on, to play on, to work on.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Try Toasted Triscuit, the Shredded Wheat wafer, for luncheon, with butter, cheese or marmalade.

Don't travel without it. Also keep it at home. A lunch in a minute. In Lunch Tablet form, also, ready to eat. Convenient—nutritious.

WOMEN CURED AT HOME

Women's disorders always yield from the very beginning of the treatment to the mild but effective, action of Orange Lily. Within two or three days after commencing its use the improvement becomes noticeable, and this improvement continues until the patient is completely cured. Orange Lily is an applied or local treatment, and acts directly on the womanly organs, removing the congestion, toning and strengthening the nerves, and restoring perfect circulation in the diseased parts. In order to convince all suffering women of the value of this remedy, I will send a 35-cent box, enough for ten days' treatment, absolutely FREE to each lady sending me her address. MRS. FRANCES E. CURRAH, Windsor, Ont. 6

Can you arrange the above sets of jumbled letters into the names of six well known fruits. If so, you can share in the distribution of the above prize. It is no easy task. But by patience and perseverence you can probably make out 4 or 5 of them. To the person who can make out the largest number we will give the sum of One Hundred Dollars. To the person making out the second largest number the sum of Fifty Dollars. To the person making the third largest number the sum of Thirty Dollars. To the person making the fourth largest number the sum of Twenty Dollars. Should two persons send answers equally correct, the first two prizes will be divided between them, (each receiving $75.00). Should three send in equally correct answers, the first three prizes will have to be divided, (each receiving $60.00). Should four persons send equally correct answers, the whole sum of $200.00 will be equally divided (each receiving $50.00), and so on in like proportions, provided they comply with a simple condition about which we will write as soon as answers are received. We do not want a cent of your money when you answer this advertisement. If you can find any of the names, write us today enclosing stamp for our reply. Do not delay. To help you we have put a mark under the first letter of each name. Address, CANADIAN MEDICINE CO., Dept., 73 Montreal, Que.

MONDAY.

COMING ADDRESSES.—Rev. L.L. Young of Korea is to address congregations on Prince Edward Island during the month of November, and the first part of December. After the New Year he is to be in the Miramichi Presbytery

BREEDING BEEF CATTLE.—That the farmers of this province are being awakened to the importance of breeding cattle for beef purposes is evidenced by the interest that is being taken in the association that was formed in Charlottetown a few weeks ago for the promotion of the raising of pure bred cattle for beef purposes. The association's membership is increasing in a manner that causes gratification, showing that the people are alive to the advantages that lie before them in the fostering of this industry. One peculiar advantage that the members of the Association get through their connection advertises and publishes information advertises and publishes information of such pure-bred cattle that any of its members may have for sale.

VERY HIGH TIDES.— On Saturday and yesterday unusually high tides were experienced in the Charlottetown harbor. Indeed so high did the tide rise on Saturday night that it brought the Dominion steam pile-driver to some grief. This craft is moored on the west side of the Marine wharf, and when the tide rose to its highest, the water, flowing in very roughly, lifted her to such an extent that one side of the craft's bottom was put fair and square on the edge of the wharf, the vessel consequently listing over at a daagerous angle. Yesterday, when it served high tide again, Mr. White, the official in charge of the pile-driver, got some help and succeeded with jack screws in getting her righted and back into the water. But the strain of her unusual position during the night has left its mark on the craft, which now has adistinct twist in her hull. Besides doing this to the pile-driver, the tide washed fairly up the flat and across the roadway, depositing thereon a considerable quantity of flotsam and jetsam.

TWO MORE.—In Saturday's Gazette publication is made of the application for the incorporation of two more fox companies in this province, to be named "The West Prince Black and Silver Fox Co., Ltd.," and the "Mount Edward Silver Black Foxes, Limited." The former is to have a capital of $290,000, divided into 2,900 shares of the value of $100 each, and its office or chief place of business is to be situated at O'Leary Station, Prince County. The applicants for the incorporation of this company are: Murdock Kennedy, Merchant, of Bradalbane; George Horne, farmer, of O'Leary Station; Charles Kennedy, attorney-at-law and M.D., of the city of New York; Samuel Kennedy Jr., merchant, of Bradalbane; William Kennedy, merchant, of O'Leary; Peter N. Pate, merchant, of O'Leary; James Kennedy, merchant, of Kensington; Ewen G. McMillan, merchant tailor, of Boston, Mass.; John A. Messervy, merchant, of Charlottetown, all of whom are to be the first or provisional directors of the company. The proposed capital of the Mount Edward Company is $400,000, divided into four thousand shares of $100 each, and the chief place of business will be situated in Charlottetown. The applicants for incorporation in this case are: Alfred W. Sterns, gentleman; John R. Dinnis, farmer; Wallace Leitch, accountant; Howard R. Hilson, merchant; all of Charlottetown; Mrs. Emma J. Ramsay, of Summerside; Ernest W. Coffin, merchant, of Charlottetown; J. Howard Ferguson, merchant of Peterborough, Ontario; Wesley Caldwell banker, New York City; the first five of whom are to be the provisional directors of the company.

TUESDAY.

SNOWSTORM.— On Friday last the central part of the Island was visited by quite a snow storm much to the regret of the farmers as their outdoor work was greatly retarded. —S.

WEDDING ANNOUNCEMENT. — The marriage of Miss Florence Macdonald of Grand Tracadie to Mr. J. J. Trainor, of the P. E. I. R., Charlottetown, takes place at 6.15 a.m. today in Notre Dame Convent, Rev. Mr. McLellan, officiating.

MEETING WEDNESDAY.— The Rev. Mr. Ferguson will speak in Bradalbane under the auspices of Calvim L. O. L., No. 1127, Wednesday evening the 5th inst, at the hour of 7 o'clock. The public and members of Sister Lodges are cordially invited to attend.

THE NORTHUMBERLAND.— The change in the time table of the S.S. Northumberland came into effect yesterday. The steamer now leaves the wharf at Charlottetown at 7.30 a.m. and leaves Pictou on return between two and three in the afternoon. Thus she will arrive here on her return trip between 5.30 and 6.30, p. m. Last evening she arrived at 5.30 o'clock.

ACCIDENT TO SEAMAN.—A patient of the P. E. I. hospital at present is William McDonald, one of the deck hands of the D. G. S. Brant, who met with an accident on board the steamer, necessitating his removal to that institution for medical attendance. The accident occurred while the Brant was on her way out from Charlottetown in order to search for the schooner reported to have been lost off Canoe Cove on Saturday morning. the weather was very rough, and in a lurch which the Brant gave under a heavy sea that struck her, McDonald was thrown heavily against the steamer's rail and suffered a broken collar bone besides, it is feared, internal injuries. On the return of the Brant to port the injured man was taken to the hospital.

FOX PELTS ADVANCE.—The October advance report of C. N. Lamson & Company's sales has just been received in this city. Almost all skins, such as muskrat, racoon, skunk, ermine, beaver, etc., are lower, while cross fox is 150 per cent. higher. The reason for the great advance in price of the latter is attributed to the extreme fashionableness of the fur this year. Broadway fur dealers and the principal fur dealers of London and Paris are this year showing the largest number of made-up cross red, white and black for sets ever displayed. The fur is also used for trimming hats, etc., and some idea of the value of these sets may be learned from the fact that a good fox muff or stole retails for between six hundred and eight hundred dollars. In red it sells from $150 to $200 a set; white, up to $250 a set; and cross fox up to $800 a set. These figures were got by Mr. S. H. Grant during his recent visit to the Broadway fur stores. Many investors in silver black fox companies in Prince Edward Island will be glad to learn that this handsome and extremely rare fur has scored another advance of 40 per cent. since last March. This makes a total advance of 65 per cent. over the figures reached in 1910. It seems quite possible that the publicity and talk which the breeding of black, silver, cross and red foxes in this province has caused may in some measure affect the markets. Almost every magazine of importance has touched on the industry, and recent foreign illustrated papers have cuts of the fox together with a short history of the enterprise. Should the price of red fox pelts increase very materially within the next two or three years it will be a good paying industry on a pelt basis.

Headaches and Heart Trouble

Nervous Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration will appreciate the gratitude felt by the writer of this letter.

Mrs. H. C. Jones, Scotch Lake, C. B., writes: "I suffered from nervous prostration for nearly three years I had frequent headaches, had no appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactary results. I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I want others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and an glad to have the opportunity of recommending Dr. Chase's Nerve Food."

At least some benefit is bound to be derived from each dose of this great food cure, as day by day it forms new blood, and builds up the system. 50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

That Style? Your Figure? Impossible!

Fat women who are contemplating a new gown in the mode will have to contemplate a reduction of their flesh before they visit the dressmaker.

Fortunately this is nothing like the hard labor it was when one had nothing but exercising or dieting to get results with. Nowadays a short course of the Marmola Prescription Tablets should bring any woman, however fat, to the proportions necessary for her to wear a Directoire gown.

Let her take a Marmola Tablet (made in accordance with the famous prescription and, therefore, harmless) after each meal and at bedtime and she should very soon be losing a pound a day. This result, accomplished without disturbing one's table customs, forming wrinkles or distressing the stomach, astonishes everybody.

Even one large case, costing only 75 cents at any druggist's, or the same amount direct by mail from the Marmola Company, Farmer Bldg., Detroit, Mich., gives positive results. This constitutes the acme of economy.
