Addresses, Competitions, Sports, etc. Arrange your group and attend this feature.

UNION LABOR GETS CALL TO STRIKE

Appeal Issued On Behalf of Striking Longshoremen — San Francisco Waterfront Guarded by Machine Guns. (A. P. By Guardian's Special Wire) SAN FRANCISCO, July 6.—Under the muzzle of national guard machine-guns and bayonet-tipped rifles, an appeal was issued today for a general strike of all union labor in San Francisco in protest against the shooting of waterfront pickets by police in yesterday's riot, and the use of state militia. The call was issued by the joint strike committee of 50, representing longshoremen and Maritime unions, after their ranks had paid tribute to the two men shot to death in yesterday's savage fighting between police and strikers. Immediately John O'Connell, President of the Central Labor Council, announced representatives of 120 unions with a membership of 45,000 would meet to discuss the advisability of a complete waterfront strike. A two-thirds majority is required to carry a general strike question. At the same time members of President Roosevelt's labor disputes board announced they were examining the merits of the replies received from the 10 striking Maritime unions as to whether they would submit to arbitration. Thus far the board's appeals have been in vain. The movement of long delayed cargo from the state owned waterfront—a non-union operation which precipitated the clashes and the calling out of 2,000 guardsmen yesterday—continued today with increasing speed under bristling machine-guns with command peace in the industrial district. On a three-mile front along the Embarcadero, the state-owned thoroughfare skirting the dock area, machine-guns poked their noses into the street at intervals of about a block and bayonets glittered in alignment all the way. A possibility the strike might spread sympathetically among ports of the Atlantic coast appeared in the statement of Joseph P. Ryan, President of the International Longshoremen's Association who said in New York: "We cannot be expected to keep our men at work on the Atlantic coast for employers who are calling out troops to shoot down men who simply want a decent system of hiring."

Prince Of Wales Greets Pilgrims

BANDITS ROB JEWELRY STORE

Mobsmen Escape With Gems Worth \$250,000. (A. P. by Guardian's Special Wire) GLOUCESTER, Mass., July 6.—Five modishly attired mobsmen forced their way into the fashionable jewelry store on the fashionable Magnolia north shore summer colony today and fled with gems estimated to be worth \$250,000. It was the biggest jewel robbery in Massachusetts in many years. The bandits surprised five persons, including two women, in the living quarters behind the branch store of Hodgson, Kennard & Company of Boston and left them trusted and taped, unable to move or to speak. A medium sized youth in a fashionable Panama hat and a machine-gun superintended the operations of his four pistol brandishing companions as they herded their five prisoners into a corner. Then, while the machine-gunner fired, the discomfited quintet prone upon the floor, the other bandits made short work of the store's stock, disdaining only the watches and heavy silverware. Had it not been that the five robbers made their way into the store by the unorthodox means of forcing entry into the rear living quarters of the employees, they might easily have passed for members of the summer colony, store employees said afterward. Several wore sports coats, two or three had light trousers and one was disarmingly informal in a brown sweater. The bandits surprised five persons, including two women, in the living quarters behind the branch store of Hodgson, Kennard & Company of Boston and left them trusted and taped, unable to move or to speak.

DENY RUMORS FRANCO-BRIT. ALLIANCE

Exchange of Visits Between High Military and Civil Officers Without Any Political Implications, Baldwin Tells House. (By George Hambleton, Canadian Press Staff Writer) LONDON, July 6.—Emphatic denial was given in the House of Commons today to rumors of an impending defensive alliance between France and the United Kingdom which were stirred to life by an exchange of visits between high military and civil officers of the two countries. Rt. Hon. Stanley Baldwin, acting Prime Minister, told the House: the visits were wholly innocuous and without any political implications when he was questioned by Morgan Jones, a Labor member. Great Britain, he said, had not made and did not contemplate making any arrangement with France without consultation with the League of Nations. The facts which aroused comment were the recent visit of General Maxime Weygand, chief of staff of the French army, to England when General Weygand said his only purpose was to attend the Ascot Races, the visit of Lord Halifax, Minister of War, to the Aisne battlefields, and the forthcoming visit of Louis Barthou, French Foreign Minister, to London. Lord Londonderry, British Air Minister also visited France recently but it was explained he merely attended a celebration of the anniversary of Bleriot's first flight across the channel. Mr. Baldwin said Lord Halifax's visit to the battlefields was in connection with an instructional tour of the battlefields and he hoped in the future to visit the Aisne battlefields, and the forthcoming visit of Louis Barthou, French Foreign Minister, to London. Lord Londonderry, British Air Minister also visited France recently but it was explained he merely attended a celebration of the anniversary of Bleriot's first flight across the channel. Mr. Baldwin said Lord Halifax's visit to the battlefields was in connection with an instructional tour of the battlefields and he hoped in the future to visit the Aisne battlefields, and the forthcoming visit of Louis Barthou, French Foreign Minister, to London. Lord Londonderry, British Air Minister also visited France recently but it was explained he merely attended a celebration of the anniversary of Bleriot's first flight across the channel.

Anderson Govt. To Retire From Office July 19

(C. P. By Guardian's Special Wire) REGINA, July 6.—The government Premier J. T. M. Anderson today definitely set July 19 as the date for their retirement from office. Meanwhile political students awaited a detailed statement from Premier J. T. M. Anderson concerning the future trend of government activities. Premier Anderson and J. G. Gardiner, Premier-elect, held a conference today to discuss dissolution of the Conservative government defeated in the elections of July 16. At the close of the meeting Premier Anderson announced his government would be ready to turn over their departments two weeks hence.

INTERNATIONAL PRES. STRESSES Y'S MEN'S AIMS

Mr. R. Edgar Fisher, Wakefield, Mass., Addressed Club At Dinner Last Evening. The President of the International Association of Y's Men's Clubs Mr. R. Edgar Fisher, Wakefield, Mass., was the guest of honor of the Charlottetown Y's Men's Club last evening at a dinner and dance at the Stanhope Beach Inn. A cheering and encouraging address in which the international aspect of the club's work were stressed was given by Mr. Fisher. A splendid dinner was enjoyed by Y's Men, Y's Menettes and several friends. Much appreciated vocal solos were rendered by Mr. George Johnson, Mrs. N. D. MacLean, and Mr. Peter Creighton, and a violin solo by Miss Thelma Teed, Mr. A. M. Douglas, president of the local club, presided. Mr. Fisher stated in opening his address that for the past week he had been enjoying Maritime hospitality which had been all that any person could ask for. He had started off his work as International President two years ago by getting in contact with Canadian clubs, whose hospitality was the best in the world. The speaker wished to refer to a number of movements in the clubs during the last few years. One of the first things done during the speaker's administration was the bringing about of a reduction in fees, in order that clubs composed of younger men might stick together, and that new clubs might be formed. Reduced revenues had been a great handicap, as the number of visits of international officers had been reduced, and it was not possible to establish the contacts necessary for outreaching work. A layman's financial organization had been formed to study the financial situation and to bring in a report at the next convention. A Y's Man's international paper was advocated by the speaker, in order that each individual member might know what was going on, especially with regard to the work of the international committees. In the past two years the clubs had broadened their horizon with respect to overseas clubs. A world's alliance meeting of the Y. M. C. A. would be held this year at Oxford, England. Doug Smith, who had been appointed to represent the Y's Men's Clubs, would be able to visit.

Four Drowned In St. Claire River

(A. P. By Guardian's Special Wire) PORT HURON, Mich., July 6.—Four men were drowned at seven p. m. today when the tug Monarch which was towing the steamer Bielman overturned in the St. Claire River. Those drowned were Capt. Richard McDougall, commander of the tug; Manuel Laren, second engineer; Duane Precious, fireman, and a fireman identified only as "Bernard". Four other members of the crew were rescued. The Monarch, operated by the Nicholson Transit Company of Detroit, was towing the Bielman upstream enroute to Cheboygan, Mich. when the vessel was bow shifted to the east. The tug tried to pull the vessel back in line by the hawsers tangled the tug's stern, dragging the smaller craft down into the water until it overturned.

SEVERAL KILLED IN AMSTERDAM

Jordamm District Scene of Riots By Unemployed. (A. P. By Guardian's Special Wire) AMSTERDAM, Holland, July 6.—Nine or 10 persons were reliably reported to have been killed tonight as riots spread throughout Amsterdam. Confined for 48 hours to the Jordamm district, new disorders tonight broke simultaneously in 16 other sections. Police and rioters engaged in numerous distinct conflicts, and many were injured. The sanitary service was scarcely able to handle the rush of the wounded. The disorders were started in the Jordamm district by unemployed men protesting a cut in the municipal dole. They were joined by Communists and for many hours the rioters completely dominated the Jordamm area, a section of workingmen's homes. Troops tonight patrolled the streets of the section on horses, on bicycles and afoot, and police armed with cars, equipped with machine guns, sought snipers.

Charges Against Meighen Will Be Investigated

(C. P. By Guardian's Special Wire) OTTAWA, July 6.—Charges against Arthur Meighen, government leader of the Conservative party, will be investigated with respect to his activities as member of the Ontario Hydro-Electric Commission, will be investigated by Rt. Hon. Sir Lyman P. Duff, Chief Justice of Canada, it was announced here today. The investigation will be carried out at the request of Mr. Meighen himself who has declared that if the charges were correct he should not continue as a member of the government of Canada. As government leader in the Senate, Meighen twice Prime Minister of Canada, is a member of the government without portfolio. Prime Minister R. B. Bennett officially announced appointment of the commission tonight. Last winter, during the session of the Ontario Legislature, charges were made that members of the provincial government had profited by the government's action with respect to the Abitibi Canyon power development. Mr. Meighen's name was also mentioned. The charges were revived during the recent provincial election campaign. Mr. Bennett issued the following statement announcing appointment of the commission: "For some months the Right Honourable Arthur Meighen, Governor-General, has been a member of the Senate, has presided over the appointment of a Royal Commission to investigate any charges made against him in his capacity as commissioner of the Hydro-Electric Power Company of Ontario. Mr. Meighen submitted that if he were guilty of the charges made against him he should not continue to be a member of the government of Canada. Recently, in view of the reiteration of the same charges against Mr. Meighen, during the electoral campaign in the province of Ontario, he has again alleged that inasmuch as the charges so publicly made prejudicially affect his honour and integrity as a public man, he is entitled to have these charges investigated by a Royal Commission. The inquiry will be held at the earliest possible date."

Manion Will Have Charge Of Tourist Activities

(C. P. By Guardian's Special Wire) OTTAWA, July 6.—Administration of the Dominion Government's activities toward stimulating tourist travel will be under the jurisdiction of Hon. R. J. Manion, Minister of Railways and Canals, it was learned today. Following the report of a Senate committee headed by Hon. W. H. Dennis, Halifax, parliament voted \$100,000 at the recent session to be devoted to establishing a central federal tourist bureau to co-operate with the provinces in seeking to stimulate travel in Canada. A considerable part of the appropriation will be spent in advertising the advantages of travel in Canada not only by visitors from other countries but by Canadians themselves. It is expected a director will be selected at an early date to take over the work for the government.

Girl Assaulted By Ex-pugilist

(C. P. By Guardian's Special Wire) HALIFAX, July 6.—Her mouth and ears cut and dress badly torn, a young woman sent an emergency call to police today and reported she had been assaulted in broad daylight by a man wielding a knife. She declared he had waylaid her in popular grove and forced her behind a nearby building with a threat that she would be killed if she screamed. Tonight the police looked up William Jones, an ex-pugilist registered at the Citadel Hill unemployment relief camp and charged him with indecent assault.

In Training At Halifax

(Special to The Guardian) HALIFAX, N. S., July 6.—The 6th Brigade Coast Artillery made up of the 87th, 88th and 89th regiments from Quebec, comprising about 120 men and officers arrived over the Canadian National Railway in Halifax tonight. They will undergo a ten day period of training here before returning to Quebec.

English Actor Dies In Hollywood

(A. P. By Guardian's Special Wire) HOLLYWOOD, July 6.—Alec Francis, old time character actor of the motion pictures, died late today at a Hollywood hospital. Francis, whose death came unexpectedly after an illness of only three days, was 66. He had been in motion pictures since 1910. Born in England, he studied law and practiced at the bar. Later he entered the army, and then went on the stage in England.

Rumors Of Trade Treaty Revived

(C. P. By Guardian's Special Wire) OTTAWA, July 6.—The presence in Ottawa of Hon. W. D. Herridge, Canadian Minister to Washington, and two members of his staff, Hume Wrong and M. M. Mahoney, has revived rumors of the opening of negotiations between Canada and the United States leading to a measure of reciprocal trading arrangements particularly in fish, lumber and cattle. For more than a year, since Prime Minister R. B. Bennett visited President Roosevelt in Washington, Ottawa has been the scene of a conference, the matter of a trade agreement between Canada and the United States has lain more or less dormant. It is known however that so far as Canada is concerned, sufficient information and data has been collected and prepared that discussions could be opened at any time it was deemed desirable. The visitors from the Washington legation were not here primarily for the purpose surmised, however. It was learned that they are on holidays and took the occasion to visit Ottawa enroute to the Senate during their vacation period. Herridge joined Mrs. Herridge and their son here and proceeded to St. Andrews, N. B. Under powers recently granted President Roosevelt he could sign a trade agreement with the United States with latitude of 50 percent an existing tariff. Nothing official in Ottawa would indicate, however, that there is any real basis for belief that overtures are about to be made.

The Weather, Etc
