Men Who Get Up Nights Often Lose Their Pep
If you suffer from Backache, Grinding, Night, Loss of Energy, Bladder Weakness, Headaches, Nervousness, Irritability, Rheumatic Pains, due to Kidney and Bladder troubles, usually starting between 10 and 11 o'clock, and continuing until 2 or 3 o'clock, you are suffering from a condition which may be quickly helped by taking a few drops of **Dr. King's Kidney Pills**. These pills quickly bring you satisfactory relief from the pains and distress of your bladder troubles, simply return the night to you, and you will find that you are able to get up at night and go to bed again without any further trouble.

No Island Names Mentioned As Likely Parliamentary Aids
OTTAWA, Nov. 2.—(CP)—Prime Minister MacKenzie King's announcement that four new parliamentary assistants posts will be created at the next session was met with speculation that the posts will be in fisheries, trade and commerce, mines and resources, and justice departments.

FESTIVAL MUSIC REFRESHER COURSE on 1943 Syllabus. Communities desiring to participate send name of local music instructor and course desired whether in school music, adult choral, piano or vocal solo. To plan course we must know number taking each of all of the four classes. No tuition charge. Date and place to be announced. Apply before November 15th to Mr. M. MacKinnon, Department of Education, Charlottetown.

APPRECIATION
HELLO BOYS AND GIRLS OF CHARLOTTETOWN:
It must be a great feeling today to you in hearing every good thinking citizen say what a splendid job you did this year in making Halloween in your City one of the best nights of the year, and certainly you will be glad also to know that your City Council and Police Department have more faith than ever in your ability to make your City a better place in which we all may live happily.
To the Principals of the Schools and Colleges, to the teaching staffs, to the parents, to the Kinsmen Club and all who have assisted in giving our boys and girls a good time, my sincere thanks.
EARLE MACDONALD.

CHURCH OF SCOTLAND PULPIT
The sublime utterance of Job's triumphant faith was the theme of Rev. Horace F. MacEwen's sermon on Sunday, November 2. In the midst of his trials and afflictions Job could still exclaim, "I know that my Redeemer liveth, and that he shall stand at the latter day upon the earth; and that though I be cut off, yet shall I see God." (Job 19: 25) The Redeemer is the Lord Jesus Christ, who came to this earth from heaven to express purpose "to give life to all who believe in him." We are redeemed "not by corruptible things, but by the precious blood of Christ," Christ came not to destroy the law, but to fulfill it. He is the author and perfecter of our salvation. He is the author of our redemption, and he is the author of our life. He is the author of our hope, and he is the author of our joy. He is the author of our peace, and he is the author of our strength. He is the author of our wisdom, and he is the author of our knowledge. He is the author of our love, and he is the author of our mercy. He is the author of our grace, and he is the author of our glory. He is the author of our life, and he is the author of our hope. He is the author of our peace, and he is the author of our strength. He is the author of our wisdom, and he is the author of our knowledge. He is the author of our love, and he is the author of our mercy. He is the author of our grace, and he is the author of our glory.

G. R. HOLMES, Secretary.

Hallowe'en Party At Dunstaffnage
An enjoyable Hallowe'en party was held at Erzeby Hill Cabins on Friday evening by Mr. and Mrs. Roy Strang for the children and guests of Dunstaffnage.
One large cabin was decorated by the school children and used for their games and fun. Another cabin was used by the older folks for their fun, which included dancing.
Refreshments were served by Mrs. Strang, assisted by Mrs. Scott, Mrs. Williams, Mrs. Dyer, Mrs. MacCallum, and Miss Evelyn Reid to the eighty-five guests present.
The evening's fun closed with a "thank you" by Mrs. Louis Dyer on behalf of the many guests for their pleasant evening.

NO CHANGE IN PROGRAM
Asked if the defeat could be expected to affect the Government's social program or policies, Phillips said:
"Good heavens, no, not at all!"
Labor's performance in a year of increasing austerity had been bittered by a campaign climaxed by what apparently was the heaviest voting in 10 years of local elections.
Phillips said the Labor setbacks were due to a most expensively organized Tory national campaign and shortages of the national difficulties.
There was little doubt that the outcome would strengthen the attacks of Churchill and his followers upon the Government in the Commons.
The only place where Labor gained control of a new council was Llanelli, Welsh coal port. In Bootle, Liverpool suburb, Labor won equal representation with an anti-Labor coalition of Conservatives and Independents.
In Birmingham the Conservatives gained eight seats to wipe out Labor's majority on the municipal council. Their strength is Labor 68, Conservatives 65, Independents three.
Labor also lost control of the Manchester City Council, although in Rochdale the Government Party gained four seats from "Progressive" and strengthened its top-heavy majority.
While the Conservatives failed to win control of many large industrial cities, Labor's vote was cut to such an extent that it lost a seat in Rugby, Lincoln, Reading, Wembley, and the London suburb of Hammersmith.
Since coming to power in Britain, Labor has nationalized a series of key industries but has been hit increasingly by economic difficulties that have brought adoption of more and more austere measures. Only today Britons were deprived of gasoline for pleasure driving.

CONSERVATIVE POLL COMMITTEE
Meeting of North Westshire Poll on Wednesday, November 27, at 8 P. M., at William Coady's.

THREE CALLS FOR FIREMEN
—City firemen were called out three times yesterday to extinguish small fires about the City. The first call was at 9:30 a. m. for a small fire in a cellar at 317 Euston Street, the second was a fire at a home on Grenville Street, at 11:38 a. m., while the third was at 7 p. m. when a pile of leaves caught on fire between the fence and sidewalk at 31 Hillsboro St. There was no damage caused at any of the three fires.

COAST GUARDS TAKE TURN BABY SITTING
BOSTON, Nov. 2.—(AP)—The Coast Guard at Boston tonight completed a mission not in the training manual.
For stormy days, three Coast Guardsmen had sole care of 14-month-old Russell Anderson Jr. at Boston light.
The child's parents, the lightkeepers, were land-bound in the town of Hull, where they had gone shopping.
The storm prevented their return to the lighthouse until tonight.
Coast Guards Leo Gracie, 27, Matthew Barnes, 25, and Joseph Gomes, 25, took over the baby-sitting duties in the absence of the parents.
They said they changed the child's diaper three times daily, fed him and kept him amused during his waking hours.

The service was conducted by Rev. R. E. Vesey, Interment was in Little Sands Cemetery. Pallbearers were, J. W. MacLean, J. Stewart, J. D. MacLean, Norman MacLean, J. McNeil, Leo and N. C. Stewart.

Canada-wide Estimate Of 1947 Fruit Crops
OTTAWA, Nov. 2.—(CP)—Harvest of Canada's 1947 fruit crops is practically completed with estimates of production for the year. The Dominion Bureau of Statistics reported today.
The apple crop again shows a decline, being estimated at 15,222,000 bushels against 15,621,000 a month ago and 19,282,000 in 1946. The Nova Scotia crop now is set at 3,400,000 bushels, 200,000 bushels lower than last year's figure. In New Brunswick, the crop amounted to 385,000 bushels, compared with the estimate of a month ago of 400,000 bushels. The Quebec crop declined 200,000 bushels to bring the October estimate to 1,230,000 bushels and the estimated harvest in Ontario now is set at 4,000,000 bushels, one per cent less than last year's figure. Production in British Columbia remains unchanged at 7,623,000 bushels.
An increase of 19 per cent in the prospective peach harvest in Ontario since September, from 1,029,000 bushels, 78,000 bushels more than was harvested last season. Production in Nova Scotia and British Columbia still stands at 30,000 and 565,000 bushels, respectively.
The estimate of the plum and prune crop also increased; the crop now stands at 760,000 bushels, four per cent above September.
The 1947 peach crop was reduced slightly from 1,286,000 bushels to 1,264,000 bushels.

May Influence American Aid To Europe Plans
WASHINGTON, Nov. 2.—(AP)—United States officials were reported today to be studying results of the British municipal elections closely with an eye to possible effects on Congressional debate over foreign aid.
There has been considerable discussion of Capitol Hill of what the return from Europe and Wales Saturday—and the Labor Party's victory in a temporary set-back—may well have as high spot in Congressional minds.
Most lawmakers declined to comment for the record on the recent elections, one high-ranking authority on foreign affairs telling a reporter he did not want to be interfering with another country's domestic politics.
Eugene Meyer, Chairman of the Board of the Washington Post on his return from Europe last month said that when he first landed in Britain the people "generally were not working with the application, long hours and assiduity which the situation clearly requires."
Then four weeks later, Meyer noted a vast change. He said: "The coal miners had agreed to a six-day work week; imports, particularly an all-out effort, was under way to step up the export program which is vital to England."

CHARGES SLAVE CONDITIONS
MOSCOW, Oct. 30.—(Reuters)—Trud, Russian trade union organ, today published a letter to the Toronto Daily Star accusing Lugger Dionne, Canadian member of Parliament of employing 100 girls from European displaced persons camps under "slave conditions" in his rayon spinning mills in Quebec.

RECORD CHICK PRODUCTION
TRURO, N.S.—(CP)—Nova Scotia hatcherymen produced more than 2,000,000 chicks this year—15 per cent more than last year—and the bulk of that number was hatched one month earlier than usual. The increase was attributed chiefly to greater efforts to meet the British egg contract.

IN MEMORIAM
In loving memory of Mrs. Thomas Laughlin who died November 2nd, 1936.
Heavy are our hearts today
Memory brings you back once more
To the times that you were with us
To the happy days of yore,
If you have a mother
Treasure her with care,
For you never know her value
Till you see her vacant chair,
Sadly missed by the family.

THE BAPTIST CHURCH
Morning worship was conducted by the Rev. James D. Davison, B. A. B. D., with sermon "Rubble and Ruin." In his recent visit to Europe he had noted a group of thirty or forty, mostly Americans, in the areas of destruction in London. Some of them were critical of the wide social and economic distinctions in England; such differences are there, but the speaker's own interest turned to a contrast emphasized by observing in the deep pits of destruction there were flowers blooming, ruble and roses, destruction and restoration, wreck but with the promise expressed of hope and recovery. There is the rose of fellowship, misery loves company, barriers of complacency are broken down, ours to grow love as we grow flowers. The rose of forgiveness, forgiveness grows in ruin, to rebuild broken lives as well as broken buildings, "so shall we build Jerusalem in England's green and pleasant land." In wreck and ruin there is the God of love and life.
The morning anthem was "My Father for Another Night," with the solo taken by Mr. Barry Bugden.
Evening worship was conducted by the Minister. The speaker was Mr. Walter Hall, of Fredericton, N. B., president of the Baptist Laymen's Association. The Communion of the Lord's Supper was observed at this service.
The music of the day was directed by Mrs. G. E. Pull. The flowers on the communion table were provided by Mr. and Mrs. A. E. Baker.

N. B. Farmers Seek Milk Price Increase
RICHIBUCTO, N. B., Nov. 2.—(CP)—Kent County milk producers, meeting here Saturday with the New Brunswick Dairy Products Commission, requested a two-cent increase, which would raise the retail price of milk in this area to 16 cents per quart and nine cents per pint.
The Commission held a series of meetings throughout the week last week. A decision regarding any increase in the various areas is expected to be announced shortly.
MONCTON, N. B., Nov. 2.—(CP)—Milk producers of the Moncton district have applied to the New Brunswick Dairy Products Commission for authority to increase the price of milk by \$1 a hundredweight to \$4.50, which would mean a retail jump of three cents to 18 cents a quart.

VERSATILE LUMBER
There are more than 16,000 different uses for lumber and its by-products.

CHINESE GARDEN
The first zoological garden was established in China about 1100 B. C.
