This column is reserved for news of local interest, but advertising of a new nature may be inserted at 4 cents a word strictly payable in advance.

EGG PRICES UP—There has been considerable activity in the egg market recently. Prices in Charlottetown yesterday were: A-large 36c; A-medium 34c; B-grade 25c; and C-grade 20c.

THE PRESBYTERIAN CHURCH IN CANADA—Divine worship will be held on Sabbath next as follows: Brookfield, 11 a.m.; Hunter River, 2 p.m.; Glasgow Road, 4 p.m.; and Hartsville, 7:30 p.m. Rev. Howard A. Doig will preach at all services. All members and adherents are urged to attend. L8172

LOOK FOR STOWAWAY—City police last night were looking for a stowaway who came ashore from the S.S. Colborne. Three stowaways had been discovered after the ship left Porto Rico. Before entering port here the men were locked up on board the ship. They managed to escape last night and one came ashore. He did not go far from the dock, however, and went back on the ship when discovered by one of the ship's crew.

P.L.I. CAR ODDITY IN REGINA—The Regina "Leader" on October 6 contained the following item: "An Ottawa man with Prince Edward Island license plates was an oddity in Regina Tuesday. Owner of the car was L. T. Fyfe registered at the LeSalle Hotel. A filling station proprietor in the city told him that in his 25 years here he had never seen a car from that province in Regina. Mr. Fyfe bought the car while on a two months holiday in Prince Edward Island." (Mr. Fyfe is a Mounted Police constable and a native of Charlottetown. He spent some time in Charlottetown during the past summer visiting his mother. He had just returned from a two year term of service in the Canadian Arctic.)

POLICE COURT—Appearing in police court again yesterday for preliminary hearing, two Charlottetown men charged with robbery were remanded when the session was adjourned again until Monday. Ernest Hennessey took the stand in his own defense but Ivan McInnis had nothing to say. The other witness to give evidence was Watson Higgins, city police officer. Officer Higgins testified that George Armstrong had reported the theft early Sunday morning and he told of the arrest of the two men accused of the theft by Armstrong. Hennessey in his evidence told that he was at the back of the house when the alleged robbery was supposed to have taken place. One drunk in court was fined five dollars or ten days and another was remanded until Saturday.

PERSONALS
 Constable C. F. Deakin, who has been away on a holiday trip to the mainland, returned to Charlottetown Wednesday evening. He is attached to the R.C.M.P. detachment in this city.

Canadian Born U.S. Senator Dies
 (A.P. By Guardian's Special Wire)
 DETROIT, Oct. 22.—(A.P.)—James Couzens, United States Senator who as an office clerk joined Henry Ford at the turn of the century in founding the motor car company that grew to gigantic proportions, died in a hospital here after an operation late today.

The 64-year-old Independent Republican whose Senate career started in 1922, entered Harper Hospital Oct. 14 suffering from uremic poisoning. Members of his immediate family, including his son, Mayor Frank Couzens of Detroit, were at his bedside when death came after the operation.

A week ago today the Canadian-born senator left the hospital to greet President Roosevelt, who's reelection he had termed "the most important matter confronting the nation." Following this statement, Couzens was defeated for renomination.

PROTEST SALE OF INTOXICANT BEVERAGES

Resolution Passed At Closing Session Of Religious Education Council.

SUSSEX, N.E., Oct. 22.—(CP)—Rev. Dr. W. M. Hutchins, Wolfville N.S., was elected president of the Maritime Religious Education Council today.

Before the 17th annual convention concluded this evening the delegates adopted the following resolution against the sale of intoxicants as beverages:

"Whereas we believe that the use of alcoholic liquors for beverage purposes is inconsistent with the scientific knowledge of our day and detrimental to the development of that efficiency of body, mind and character which this age demands.

"Resolved that we urge upon all teaching agencies within the churches of our bounds a systematic, constructive and persevering program of effective temperance education, and further that the Maritime Religious Education Council place itself on record as being absolutely opposed to the sale of alcoholic liquors for beverage purposes whether by individual or by Government."

New officers, in addition to the president, are:

1st vice-president, Rev. W. M. Matthews, Truro, N.S.; 2nd vice-president, Rev. Arthur Organ, Bedeque, P.E.I.; 3rd vice-president, Rev. A.R. Gibon, Chatham, N.B.; secretary, Ralph C. Young, Saint John; treasurer, Robert Reid, Saint John.

Those nominated to the general board were: A.R. Crookshank, Saint John; Mrs. J.A. Noble, Halifax; Rev. I.J. Levy, Sussex; Rev. Dr. J.H.A. Anderson, Musquodoboit, N.S.; Dr. Fletcher Peacock, Saint John; Miss Annie Forbes, Old Barnes, N.S.; Rev. S. Longley, Wolfville, N.S.; Rev. W.C. Machum, Kentville, N.S.; Rev. Dr. G.E. Ross, Fredericton; Rev. D.L. Giddings, Hartland; Mrs. R.A. Jamieson, Saint John; Miss Pearl D. Shipley, Amherst; Olding Murray, New Glasgow; Rev. W.E. Aitken, St. Peters, P.E.I.; L.W. Simms, Saint John; Rev. J.E. Forbes, Loggieville; Rev. J.E. Delong, The Glades, N.B.; Rev. H.J. Wilks, Blackville, N.B.; Rev. E.V. Forbes, Shubenacadie, N.S.; Rev. G.W. Gulou, Fredericton; Ronald Clifford, Saint John.

the speaker said, was the beautification of Victoria Park. The project would include a paved road around the park, public gardens, an athletic field, and a museum. It would involve the expenditure of between fifty and sixty thousand dollars and would provide work for a considerable part of the summer.

The council is preparing a brief asking the Federal Government to provide the money to beautify the park, Mayor Turner said.

In his interesting address His Worship reviewed the system of civic government and told of the different departments and the functions of each.

Mayor Turner was introduced by Chairman Jack McNair, who reminded club members that His Worship was one of the charter members of the Club when it was formed eleven years ago. At the conclusion of the address a hearty vote of thanks was tendered the speaker, moved by Mr. J.M. McFadyen and seconded by Mr. James Haslam.

A new member, Mr. Howard Serimigeour, was introduced by Mr. Faoul LePage.

Invite Island Fishermen To Rejoin Union
 AMHERST, N.S., Oct. 22.—(CP)—The beam trawler was blamed today for the hardships suffered by fishermen along the Atlantic coast, in a resolution of the United Maritime Fishermen.

A convention of men representing co-operative groups in scores of Maritime villages demanded "complete abolition" of beam trawlers operating out of Canadian ports.

In a series of resolutions seeking to improve their economic conditions, the convention, composed of the "rank and file" of the industry, sought compulsory inspection of fish products, Government assistance in finding new markets, and a sterner control of existing markets to prevent lowering of prices.

Compulsory inspection of cured and pickled fish was necessary, the convention held, to prevent representation of low quality fish as high-grade.

Other resolutions requested Government assistance in fostering the adult education movement, and in spreading scientific knowledge among the fishing villages of the Maritimes.

The United Prince Edward Island Fishermen, separated a year ago from the main group when they organized under a separate charter, were invited to rejoin the Maritime body.

Alfred C. Hanlon of Canso, N.S., was re-elected president of the union, along with Burt L. Wilcox, of Louisburg, N.S., and Armand LeGros of Barrachois, N.B., as vice-presidents, and Burke MacInerney of Halifax as secretary-treasurer.

The Board of Directors appointed included Denis A. Cormier, Grand Etang, John Casey, LittleDover, N.C. Sallows, Port Maitland, W. E. Webb, Harbor Bouche all of Nova Scotia and Wm. Morrison, Burnt Church, N.B.

aid to the Spanish government, and raise the collapse of the European "hands off" Spain accord.

Charges Denied
 PARIS, Oct. 22.—(CP)—Premier Blum tonight formally denied reports here and abroad that France was violating its pledge of non-intervention in Spain.

"These entirely erroneous reports are speedily reproduced by certain foreign newspapers and they serve to feed a campaign in international circles hostile to France's interests," Blum said.

"The Government is constrained to put public opinion on guard against such tactics, the anti-national character of which it is needless to stress."

MODERATE STAND
 MOSCOW, Oct. 22.—(AP)—Russia may not bolt the non-intervention pact immediately, as has been predicted, informed sources disclosed tonight on the eve of the committee's London meeting.

British and French pressure has been brought to bear upon the Kremlin, these sources said, and it is entirely possible the Soviet representatives may hold off a little longer.

Reasons cited as indicating continued Russian adherence to the pact were:

Great Britain may take a more determined stand against non-intervention violations.

The Kremlin wants a voice in future meetings to reply to expected Italian, German and Portuguese counter-charges of Non-Intervention violations.

German charges that Russia sent arms to Spain disguised as food shipments were denied.

whatever the opinion of their organizers, if their size puts in doubt the control which public authority should be able to exercise over a mob movement.

He assured the country the government was ready at all times to restrict "Communist dangers" and was "armed sufficiently to rout any attempt to establish a dictatorship of the left."

BRUGES, BELGIUM, Oct. 22 —(CP)—Leon Degrelle, youthful Rexist leader, declared tonight that 100,000 of his followers would be in Brussels Sunday despite the ban on their proposed march on the capital.

"We demand respect for the people's liberty," he declared in a speech here.

eration. Under this Canada extended to Germany the benefits of the intermediate tariff and Germany extended most-favored nation treatment to goods imported from Canada.

This arrangement came into effect at the beginning of 1933 and has been renewed from time to time. In the last few years its advantages, so far as Canada was concerned, have been largely neutralized by drastic exchange restrictions imposed by Germany.

Canada's exports to Germany have been on the decline since 1933 but imports from that country have remained fairly constant.

Next to wheat copper is Canada's principle product in demand in Germany. Other leading commodities shipped from Canada are asbestos, nickel, fish, sausage casings and wood pulp.

German exports to Canada have consisted wholly of manufactured products of a wide variety. Small manufactured articles such as novelties, toys and musical instruments bulk large.

Canada's trade with Germany for the past six fiscal years was as follows:

Pretty Autumn Wedding

(Glace Bay Gazette)

A very pretty and quiet wedding took place on Saturday at 12:30 o'clock when Miss Norma Mackinnon, R.N., daughter of the late Mr. and Mrs. Murdoch Mackinnon, became the bride of Mr. Earle Macdonald, son of Mrs. Millicent Macdonald, of Eldon, P.E.I. The marriage was solemnized at the Mackinnon residence, Cottage street, Rev. C.R.F. MacLennan, pastor of Knox United Church, being the officiating clergyman. The ceremony was performed in the reception room which was beautifully decorated with hickmatack, maple leaves, and pretty fall flowers, the couple standing between two white pillars, the tops of which were decorated with white hoops and inside each hoop a sunburst of roses. Over the two pillars there was an arch of maple leaves. Green velvet strewn with rose petals covered the dias and above all hung a large white wedding bell. The entrance to the reception room was decorated with maple leaves in vivid colors and fall flowers.

To the strains of Lohengrin's bridal chorus the bride entered the reception room on the arm of her cousin, Mr. Neil McLeod. "O Perfect Love" was played during the tying of the nuptial knot and later Mr. Douglas Silver sang "Until," with accompaniment by Mr. Tom Crompton, who also played Mendelssohn's wedding march at the conclusion of the ceremony.

The bride, unattended, was sweetly attired in a gown of ivory velvet with train. Her dress jacket was made in Victorian fashion with pleated bodice and neckline, and puffed sleeves with fingertip cuff. Her close fitting turban matched the gown. She carried a full shower bouquet of tallsman roses and orchids.

Following the ceremony a buffet luncheon was served. The bride was assisted in receiving by the mother of the groom, who was gowned in black triple sheer crepe.

Hunting Season Death Toll Mounts Steadily

(Halifax, Oct. 22.—(CP)—Two hunters were dead and two others seriously injured tonight as the Nova Scotia open season on moose and deer ended its third day.

Timothy Donovan, 48, died in hospital in Glace Bay today of gunshot wounds received Tuesday when a gun carried by a companion accidentally discharged near Ingonish in northern Cape Breton. Amputation of his right leg, in which the shot was embedded, failed to save his life.

Morris Rafuse, 34, the season's first fatality, died in a Windsor hospital early Wednesday morning after a stray bullet tore through his chest nine hours after the season opened. Identity of the person who fired the shot is still unknown.

Lawrence Caume, 18, of Reserve was given blood transfusions tonight as physicians fought complications from a leg amputation and loss of blood. The bullet, allegedly fired by a seven-year old boy, first pierced the hand of Leon Caume brother of Lawrence, and then buried itself in Lawrence's leg. The accident occurred 10 miles from Glace Bay.

SALT LAKE CITY, Oct. 22 —(AP)—The Western United States deer hunting season approached its peak tonight, with 36 hunters known dead and at least four missing.
